

Classroom Expectations/Grading Policy

Earth Science

Mr. Karl

- **Be on time for science class. This includes the 4 minute break between class and lab. If you are late between class and lab, the 4 minute break time will be taken away from the entire class for a period of time**
- **Sit in your assigned seats**
- **Be prepared for class. Come with your notebook, textbook, and pen/pencil.**
- **Watch your language! Otherwise, be prepared to write what you said over and over during 9th period – and have your parent/guardian sign the paper**
- **No eating during science class or lab. You may have a plastic bottle of water, but absolutely no soda, energy drink, etc...**
- **Stay in your seat until the bell rings – no line at the door**
- **All homework/Labs will be either checked or collected at the beginning of the class period**
- **Do not bring work from another class to science class. If you are working on an assignment from any other class during science, it will be taken away – NO QUESTIONS ASKED!**
- **Do not bring books to read during science class. The book will be taken and I cannot guarantee when you will get it back**
- **Any cell phones, MP3 players, cameras, or other electronics will be taken if I see them. If you have one in your pocket, you may hand it to me at the beginning of class so that you're not caught with it during class**
- **If you are failing tests or quizzes, not handing in completed labs, or not doing your homework, you may be required to stay 9th periods until your grade improves or your work is made up**
- **Throughout the school year, we will watch one or more of the following videos: Dante's Peak, Apollo 13, Twister. If your parent/guardian objects to any of these videos, please indicate/call me**
