## Superintendent's Message

It is with great pleasure that I write to welcome you back to another great school year. I hope your summer has been filled with family activities while enjoying the great outdoors. How quickly summer concludes and our thoughts turn to preparing for the start of school.

I love the excitement of beginning each new year and eagerly await welcoming our students and hearing their great summer stories. Our faculty, staff, parents and students, who want to achieve great things, are part of a team positively impacting our students.

Your partnership and support are key elements to ensuring that we are able to maximize each student's educational and personal development. To that end, we encourage a positive home-school relationship based on the mutual goal of providing the best learning experience possible for all students.

The successes we see in the classroom are a direct result of the hours and dedication of all staff members in our district. The achievement of our students represents the individual success stories of teachers, administrators, custodians, bus drivers, cafeteria workers, facility and support staff who take the time, every day, to positively impact our students.

Throughout the community there is an incredible level of excitement as everyone makes final preparations for the arrival of our students. It is with the same care, enthusiasm, and commitment that we approach the art of teaching. As the people you have enlisted with the education of your children, we have developed a strong educational program that addresses each student's social, emotional and academic needs. We foster an environment that engages students in meaningful work so they develop the critical skills necessary to become independent, responsible and productive citizens.

As we embark on a new year, with new challenges and new success stories, it is my privilege to welcome students to another wonderful school year. I look forward to seeing families and students very soon!

If you have any questions call me at 607-656-4161 extension 214. We wish you the best for a successful and rewarding school year.

—Gordon Daniels, Interim Superintendent

## *Feeding The Future Of America®*

*Blessings in a Backpack* is a unique program that is designed to feed our school children who qualify and who are at risk of having little or no food on the weekends. As a result of little or no food on the weekend, the school notices low test scores, poor reading skills, poor behavior and increased illness. Better test scores, improved reading skills, positive behavior, improved health and increased attendance have all been attributed to the success of this program.

Most people don't realize that over 51% of Greene Central School's children receive the Federal Free and Reduced Price Meal Program. We believe the only way to help these children rise out of poverty is to ensure they have the proper nutrition they need during the school year so they can have every chance to learn and succeed.

The goal of the *Blessings in a Backpack* Program is to provide UPK-8th grade students with nutritious meals to take home and eat over the weekend. The hope is that this will better prepare them for Monday as well as the remainder of the week for overall academic success.

Greene Central School works in collaboration with the Zion Episcopal Church to support this program. Every student in the district UPK-8 will receive a letter at the beginning of the school year. If you feel this program would be a help to your family, each child UPK-8 would receive a bag of non-perishable food every Friday to eat over the weekend. Food is dispensed in a discreet and caring manner and runs for the entire school year. There is no cost to the families for this program.

## Important Newsletter Information

Please be advised that this issue will be the ONLY printed issue of our newsletter this year. In an effort to reduce costs, we have changed our Newsletter to an electronic format. You may access the current and past newsletters on our webpage at [www.greenebsd.org](http://www.greenebsd.org).

This change provides a significant cost savings in printing and postage. We will continue to print and mail all district budget materials as required by law. We urge everyone to visit our web page frequently to keep apprised of important events at Greene Central School.

## Welcome to the Primary School

Welcome to the 2017-2018 school year. I hope everyone had a great summer enjoying the sunny weather and time with friends and family. Hopefully you all read some great books too!

### HERE ARE SOME SUGGESTIONS TO GET THE SCHOOL YEAR OFF TO A SUPER START:

- Students have PE every day. Please make sure your child has sneakers for this class. If a student is not wearing sneakers to school make sure the footwear is appropriate for children. We strongly discourage flip flops and high heels in the Primary Building.
- Label your child's belongings. Any lost item without a label will be taken to the lost and found.
- Having a backpack will help your child bring their items to and from school. A standard size bag which holds a folder will be best. Please do not send rolling backpacks.
- If you send breakfast/lunch money please make sure it is in a labeled envelope so it goes to the correct account.
- Student information forms will be sent home on the first day of school. Please fill them out and return them as soon as possible. We rely on accurate addresses, phone numbers and contacts to reach you at in case of an emergency. If any of those items change during the school year, please let the office know.
- The Primary School hours are from 7:45 a.m.-2:00 p.m. Please be prompt to school. Any students checking in after 7:55 a.m. are considered tardy. We need every minute of each day to educate your child.
- Parents should be aware of the drop-off/pick-up procedures. Please refer to your Parent/Student Handbook to review.

Please read and become familiar with the school handbook. If you have any questions, please call the Primary School Main Office at 656-5174.

I can't wait to see all of your smiling, ready for school faces!

—Mrs. January Pratt, Principal

## Sneak Peek/Start Date

### FOR UPK AND KINDERGARTEN STUDENTS

Since UPK and Kindergarten students are often times being exposed to school and riding the school bus for the first time, we have created an easy start process for them. Instead of coming for a full day on Wednesday, September 6, parents with children assigned to UPK and Kindergarten are invited to bring their child for a visit to their classroom. This sneak peek will allow our newest students to get acquainted with the area, meet their new teacher, gain insight into daily routines and help them develop a feeling of security and comfort. **Kindergarten/UPK children are NOT to ride the buses to school on September 6.** Below is the scheduled visitation times for Kindergarten and UPK.

UPK (a.m.)—7:45-10:15 a.m.

UPK (p.m.)—11:15 a.m.-2:00 p.m.

Kindergarten—between 7:45-11:00 a.m. or 12:00-2:00 p.m.

**The first full day of school for children in UPK or Kindergarten is Thursday, September 7.** On this day UPK students (already age 4) and Kindergarten students may travel to and from school on the bus.

## School Breakfast and Lunch Program 2017-18

School cafeteria programs are governed and regulated by Federal and NYS guidelines. This is a very good thing ensuring our students are receiving healthy and nutritious meals at a reasonable cost.

Note—If you believe your is eligible for free and reduced price breakfast and lunch, please complete the enclosed application and return to the school.

### ONLINE PAYMENT SERVICE

Remember—we have an online payment service available.

Greene CSD has a convenient and secure online payment service called MySchoolBucks. This website allows you to deposit money directly into your child's school meal account and view balance/purchase information for the past 90 days. By having money in each child's account prior to entering the cafeteria, we find that the lunch lines move along much faster, which gives your child more time to eat and be with friends.

### TO ACCESS THIS SERVICE

- Go to the District website at [www.greenecsd.org](http://www.greenecsd.org)
- Click the *Departments* tab, then select the *Food Services* link.
- Click the *MySchoolBucks* link.

From this website you can create your account and add money to your child's school meal account. All you need is your child's name, school and Cafeteria pin number.

## How to Succeed in MS

The middle school years are exciting and full of change! As a learner, students are moving from being dependent upon teachers and parents to help them manage their academics to becoming independent learners as they enter high school. Our goal at the middle school is to give students the tools and resources that they need in order to successfully navigate these years. Parents, work with your child to ensure that he or she is using these tried and true tips to succeed in middle school.

### **Tip 1: Set up a system to remember and organize assignments**

- Use your academic planner daily in class to write down assignments when they are given.
- For long term assignments, write the assignment down on the day that it was assigned as well as on the day that it is due. Then set mini goals for yourself and record those in your agenda to help keep you on track.
- Use your agenda to keep track of even/odd days. Write down any other important information (for example, reminders to bring PE clothes or other materials to school, important events such as dances, school events, or holidays).
- Place a white board in your locker. Use this for important reminders. Keep one at home, too!
- Call the Homework Hotline (656-4161) any day after 4:00 p.m. to listen to the assignments for that night. You can do this to double check that you wrote your assignments down correctly, or as a “back up” if something is not written down.
- Use Home Access to check your grades at least once a week. This will help you double check to make sure that you are staying on track and that you are meeting your academic goals.
- If you are absent from school, talk to your teachers right away to find out what you missed. Stay with teachers 9th period to learn missed material so you do not fall behind.

### **Tip 2: Create an organized, quiet and calm space to learn (in school and at home)**

- Clean out your locker weekly. Bring home extra “stuff” that may have accumulated throughout the week. Place any loose papers in the appropriate folders and throw away anything that is not needed.
- Look through materials in your folders and binders once or twice a month, or at the end of each class unit. Have a place at home to store important assignments (for example, past exams) that you will need to keep in order to study for final exams.
- Have a quiet spot at home to complete your work, and avoid watching TV while you are doing your homework. Create a routine for yourself and make sure to schedule time to study and do your homework.

### **Tip 3: Communicate, Communicate!**

- Kids: If you are struggling in school—if you do not understand your assignment, are having a difficult time working

with classmates, or think that you missed important information, ask your teachers! They are here to help.

- **Parents:** If your child is struggling, do not wait to reach out to his or her teacher/teachers. Email teachers directly, or set up a parent conference to meet with the entire team so that we can work together to find a solution.
- **Kids and Parents:** Keep communicating with each other in general about what is going on in your life. Talk about the good and the bad! Kids, if you are having a difficult time with other people at school, let your parents know, and talk to your teachers, principal or school counselors about it. Parents, if your child expresses concerns to you, make sure to communicate those concerns with us so that we can help.
- If you have not already done so, visit the Greene Middle School website. Search the main page, counselor page, and teacher pages and refer back to them throughout the year for important dates and information on what your child is learning in school.

### **Tip 4: Have fun, and take care of yourself!**

- Middle schoolers experience significant physical and emotional changes over a very short period of time. They learn a lot about themselves—they develop new interests, discover new strengths, and explore future possibilities. Emotional ups and downs happen. Friends change, and hearts get broken. This is the time to start learning how to manage all of those changes.
- **Parents:** Help your child find healthy ways to express their emotions. Discover positive outlets for anger, sadness, and frustration so that it does not become overwhelming. Teach your children to use problem solving skills to work through difficult academic and social situations.
- **Kids:** Pay attention to how you are feeling, and to how your body, mind, and interests are changing. Try out new activities in and outside of school to discover new interests. Be aware of the social struggles that might come up, and remember to treat friends the same way you would want to be treated, even if you are upset. Work to solve conflicts in healthy, positive ways by talking calmly directly to the person who is upsetting you. If you need help reach out to your parents, the school counselor, or a trusted teacher.

Middle school can sometimes feel like a roller coaster (or an ice cream sundae, as Mrs. Worsnopp says). It’s a fun ride, but there might be ups and downs along the way. Everyone’s experience is different, but in the end, our hope is that you leave us in the 8th grade ready and confident for high school.

## In Case of Bad Weather

### GCS CLOSING POLICY

Adverse weather and/or road conditions may cause school closings or delays. Often, a one or two hour delay for our buses will allow road crews enough time to sand or clear roads, and provide a much safer transportation situation.

Parents should be advised that our bus drivers are instructed to not travel any road that appears to be in a hazardous condition. Therefore, even when school is in session, isolated groups of students may not receive bus transportation. Parents are asked to please be extremely cautious when having young students exposed to the cold or wind for lengthy periods of time.

In addition to our automated call system, announcements of delays, school closings or early dismissals are placed on our web page at [www.greenecsd.org](http://www.greenecsd.org). Please check there first, as some media outlets no longer accept closings and delays because most districts utilize the call system and web page. We will continue to provide snow closing information to area radio and television stations.

### IN THE EVENT OF A DELAY

- A. BOCES Occupation School Students:** In the event of a one-hour delay in opening, morning BOCES occupational school students will be sent to the area center in Norwich, arriving for class one hour later than usual. In the event of a two-hour delay in opening, morning BOCES students will not be sent to the area center.
- B.** Students attending any special class or parochial school will be transported to their respective schools, but with a one or two hour delay in arrival time.

PLEASE KEEP IN MIND that if our school day begins with a delay, depending on the weather the District may open, or may need to close. It is important to continue to watch and listen for updates!

### EARLY DISMISSALS

In the event of a forecast that indicates approaching weather that may cause hazardous driving conditions, we may have an early dismissal. In this event, radio and television stations are notified. We urge parents to alert caregivers of this possibility to ensure that younger children are not left at home unsupervised. Parents of elementary children, please contact the school at your earliest convenience with babysitter information, so that the students are loaded properly on their bus.

## Early Dismissal Drill on Friday, October 20

Dear Parents and Guardians:

As you may be aware, all school districts in New York State must comply with the Commissioner of Education's Regulation 155.13, which requires written annual instructions to parents, students, and staff regarding district emergency management plans. The complete plans are on file and available in the District Office and in each principal's office.

The object of emergency planning is to anticipate problems in dealing with natural and man-made disasters. Depending on the kind and intensity of the disaster, the school may be required to carry out any of the following procedures:

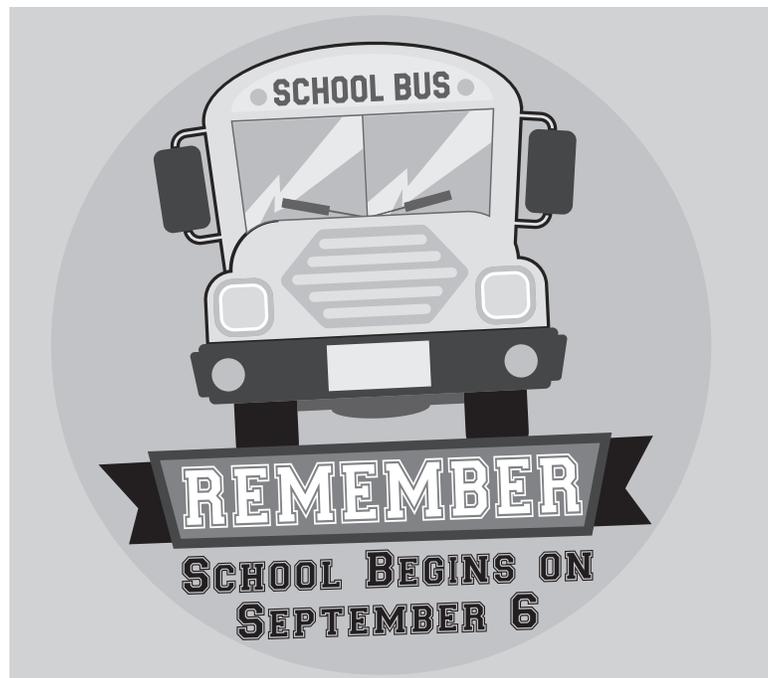

1. School Cancellation
2. Evacuation
3. Early Dismissal
4. Sheltering

Sheltering and early dismissal drills are held at least once a year. The Greene Central School District has scheduled its annual test of the early dismissal plan for Friday, October 20. Students will be released 15-minutes earlier than the normally scheduled time. The students at BOCES programs and other programs off-site will be released even earlier so that all students will leave the high school parking lot at approximately 2:15 p.m.

In the event of a real emergency, procedures may be carried out without advanced notice. Children may be coming home to empty homes or locked doors. Parents should make contingency plans with their children in the event of an emergency, especially if the children require supervision.

Please make appropriate arrangements for the early arrival of your children as a result of this drill. If you have any questions, you may contact your child's building principal or the Transportation Department at 656-4161, ext. 223.

## Pesticide Notification

Dear Parent, Guardian, and School Staff

New York State Education Law Section 409-H, effective July 1, 2001, requires all public and non public elementary and secondary schools to provide written notification to all persons in parental relation, faculty, and staff regarding the potential use of pesticides periodically throughout the school year.

As a reminder, the Greene CSD is required to maintain a list of persons in parental relation, faculty, and staff who wish to receive 48-hour prior notification of certain pesticide applications. The following applications are not subject to prior notification requirements:

- a school remains unoccupied for a continuous 72-hours following application;
- anti-microbial products;
- non-volatile rodenticides in tamper resistant bait stations in areas inaccessible to children;
- silica gels and other non-volatile ready-to-use pastes, foams, or gels in areas inaccessible to children;
- boric acid and disodium octaborate tetrahydrate;
- the application of EPA designated biopesticides;
- the application of EPA designated exempt materials under 40CFR152.25;
- the use of aerosol products with a directed spray in containers of 18 fluid ounces or less when used to protect individuals from an imminent threat from stinging and biting insects including venomous spiders, bees, wasps, and hornets.

In the event of an emergency application necessary to protect against an imminent threat to human health, a good faith effort will be made to supply written notification to those on the 48-hour prior notification list.

## Child Find Requirements

Child Find is the process of locating, evaluating, and identifying students with disabilities who are in need of special education services, from birth to 21-years-old. According to federal special education law, IDEA 2004, this includes all students, including those who are homeless, wards of the State, or attending private schools, regardless of the severity of their disabilities.

If you have a child with a suspected disability, age birth to 3-years-old, we encourage you to contact the Early Intervention Program at the Chenango County Health Department. Call 607-337-1729 at the Chenango County Office Building, 5 Court Street, Norwich, New York 13815. For children ages 3 to 5, you may contact the Committee on Preschool Special Education, at Greene Central School, 607-656-4161, ext. 685, or the Chenango County Representative on Preschool Special Education, also at the Chenango County Health Department, at 607-337-1731.

If you have a child with a suspected disability between the ages of 5 through 21, please contact your child's teacher at Greene Central School. We are now required to try a number of academic or behavioral interventions when a student has a suspected disability. If the student is not responding after an appropriate period of time to the interventions, then the student's teacher will refer the student to the Child Study Team, or the Grade Level Team, and additional interventions will be suggested and documented. It is at that time that a student may be referred to the Committee on Special Education.

When a student is referred to the Committee on Special Education for a suspected disability, they are given an individual evaluation to identify the need for special education services. A student is eligible for special education services if it is determined that he/she has a disability that is interfering with the student's learning. If the Committee on Special Education determines that your child is eligible for special education services, the Committee must identify the one disability category that most appropriately describes your child.

A school-aged student will qualify for special education services when they have one or more of the following disabilities, which adversely affects educational performance: Autism, Deafness, Deaf-Blindness, Emotional Disturbance, Hearing Impairment, Learning Disability, Mental Retardation, Multiple Disabilities, Orthopedic Impairment, Other Health-Impairment, Speech or Language Impairment, Traumatic Brain Injury, or Visual Impairment.

The Committee on Special Education will develop and implement an individualized education program (IEP) to address your child's individual needs. Services, such as integrated co-teaching, consultant teacher, or resource room may be provided. Related services, such as speech/language therapy, occupational therapy, physical therapy, or counseling may also be provided. Your child may need classroom or testing accommodations to help him or her successfully access the general education curriculum.

If you would like further information, please contact the CSE Office at Greene Central School, at 656-4161, ext. 684.

## Response to Intervention

Response to Intervention (RTI) is a process that matches instruction and intervention to student learning needs. RTI is designed as an early intervention process to support struggling learners. It requires general education teachers, AIS teachers, special education teachers and other school staff (guidance, psychologist, principal) to work together to determine which students have skill deficits, ensure that students receive interventions that match their needs, and check to see if progress is being made.

All students are screened through the RTI process. This is done to ensure that we are catching all students who are not meeting benchmarks and may be at risk of having a weakness in a particular skill. It is also important to provide a baseline of data and demonstrate that our curriculum (reading program, classroom activities, software programs, etc.) is effectively educating our children. Through this process, we can also determine if there are areas of our curriculum where a number of students are struggling. This process also allows us to provide valuable information to teachers and parents about the levels at which students are performing.

Screenings are completed throughout the school year. The screenings tell teachers how their students are performing on grade level skills. Teachers assess their students' progress through various skills that are essential to reading achievement. There are benchmarks set for each area that students should meet. For those students that do not meet these goals, intervention activities are put into place through a three-tiered model.

**Tier I** (General support)—the provision of general screening and group interventions that usually represent the core instructional program. If this instruction is adequately differentiated, the majority of the students will respond and achieve set benchmarks.

**Tier II** (Strategic support)—if students do not make adequate progress in Tier I, more intensive services and targeted interventions, usually in small group settings, are provided in addition to the instruction in the general curriculum. At Greene Central Schools, these supports are called Academic Intervention Services (AIS). Progress is monitored closely, and researched based interventions are put in place for at least six to ten weeks.

**Tier III** (Intensive support)—for students who do not respond to the targeted interventions in Tier II, eligibility for special education services may be considered. Additional testing could be suggested, and students would receive individualized, intensive interventions targeted to their specific skill deficits.

RTI has been promoted by NCLB and NYS Legislation and states that the RTI process should ensure that underachievement in a child suspected as having a specific learning disability is not due to lack of appropriate instruction and/or attempted interventions.

Please feel free to contact us with any questions you may have about the RTI process.

## Greene Central School District Code of Conduct #7410

REVISED JUNE 19, 2013

### I. INTRODUCTION

The Board of Education ("board") is committed to providing a safe and orderly school environment where students may receive and district personnel may deliver quality educational services without disruption or interference. Responsible behavior by students, teachers, other district personnel, parents and other visitors is essential to achieving this goal.

The district has a long-standing set of expectations for conduct on school property and at school functions. These expectations are based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty and integrity.

The board recognizes the need to clearly define these expectations for acceptable conduct on school property, to identify the possible consequences of unacceptable conduct, and to ensure that discipline when necessary is administered promptly and fairly. To this end, the board adopts this code of conduct ("code").

The board of education expects all students to conduct themselves in an appropriate and civil manner, with proper regard for the rights and welfare of other students, district personnel and other members of the school community, and for the care of school facilities and equipment.

The best discipline is self-imposed, and students must learn to assume and accept responsibility for their own behavior, as well as the consequences of their misbehavior. District personnel who interact with

---

students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

The board recognizes the need to make its expectations for student conduct while on school property or engaged in a school function specific and clear. The rules of conduct listed below are intended to do that and focus on safety and respect for the rights and property of others. Students who will not accept responsibility for their own behavior and who violate these school rules will be required to accept the penalties for their conduct.

3. Copying.
4. Altering records.
5. Assisting another student in any of the above actions.

**H. Off campus and non-school day misconduct**—Students may be disciplined for violations of school district policies and the Code of Conduct when there is a connection to or impact, effect on school students, personnel, activities, functions or property.

Examples of misconduct include but are not limited to: cyber-bullying, sexting, threatening or harassing students or school personnel through the use of electronic devices.

## VIII. REPORTING VIOLATIONS

All students are expected to promptly report violations of the code of conduct to a teacher, guidance counselor, the building principal or his or her designee. Any student observing a student possessing a weapon, alcohol or illegal substance on school property or at a school function shall report this information immediately to a teacher, the building principal, the principal's designee or the superintendent.

All district staff who are authorized to impose disciplinary sanctions are expected to do so in a prompt, fair and lawful manner. District staff who are not authorized to impose disciplinary sanctions are expected to promptly report violations of the code of conduct to their supervisor,

who shall in turn impose an appropriate disciplinary sanction, if so authorized, or refer the matter to a staff member who is authorized to impose an appropriate sanction.

Any weapon, alcohol or illegal substance found shall be confiscated immediately, if possible, followed by notification to the parent of the student involved and the appropriate disciplinary sanction if warranted, which may include permanent suspension and referral for prosecution.

All students are expected to promptly report instances of bullying (verbal, physical, cyber-bullying), harassment, discrimination or hazing on school property or at a school function immediately to proper school personnel.

The building principal or his or her designee must notify the appropriate local law enforcement agency of those code violations that constitute a crime and substantially affect the order or security of a school as soon as practical, but in no event later than the close of business the day the principal or his or her designee learns of the violation. The notification may be made by telephone, followed by a letter mailed on same day as the telephone call is made. The notification must identify the student and explain the conduct that violated the code of conduct and constituted a crime.

### **IX. DISCIPLINARY PENALTIES, PROCEDURES AND REFERRALS**

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

Disciplinary action, when necessary, will be firm, fair and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

1. The student's age.
2. The nature of the offense and the circumstances which led to the offense.
3. The student's prior disciplinary record.
4. The effectiveness of other forms of discipline.
5. Information from parents, teachers and/or others, as appropriate
6. Other extenuating circumstances.

As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lighter penalty than subsequent violations.

If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the Committee on Special Education and discipline, if warranted, shall be administered consistent with the separate requirements of this code of conduct for disciplining students with a disability or presumed to have a disability. A student identified as having a disability shall not be disciplined for behavior related to his/her disability.

If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the Committee on Special Education and discipline, if warranted, shall be administered consistent with the separate requirements of this code of conduct for disciplining students with a disability or presumed to have a disability. A student identified as having a disability shall not be disciplined for behavior caused by or had a direct and substantial relationship to the disability or if the conduct was a direct result of the district's failure to implement the IEP.

#### **A. Penalties**

Students who are found to have violated the district's code of conduct may be subject to the following penalties, either alone or in combination. The school personnel identified after each penalty are authorized to impose that penalty, consistent with the student's right to due process.

1. Oral warning—any member of the district staff
2. Written warning—bus drivers, hall and lunch monitors, coaches, guidance counselors, teachers, principal, superintendent
3. Written notification to parent—bus driver, hall and lunch monitors, coaches, guidance counselors, teachers, principal, superintendent

4. Detention—teachers, principal, superintendent
5. Suspension from transportation—director of transportation, principal, superintendent
6. Suspension from athletic participation—coaches, principal, superintendent
7. Suspension from social or extracurricular activities—activity director, principal, superintendent
8. Suspension of other privileges—principal, superintendent
9. In-school supervision—principal, superintendent
10. Removal from classroom by teacher—teachers, principal
11. Short-term (five days or less) suspension from school—principal, superintendent, board of education
12. Long-term (more than five days) suspension from school—principal, superintendent, board of education
13. Permanent suspension from school—superintendent, board of education.

#### **B. Disciplinary and Remedial Options**

The district emphasizes the creation and maintenance of a positive learning environment for all students. Measured, balanced, and age-appropriate responses, remedies and procedures focusing on intervention and education are needed to maintain the desired learning climate. Remedial responses which may be utilized include:

1. Peer support groups; corrective instruction or other relevant learning or service experience;
2. Supportive intervention;
3. Behavioral assessment or evaluation;
4. Behavioral management plans, with benchmarks that are closely monitored;
5. Student counseling and parent conferences.

Beyond these individual-focused remedial responses, school-wide or environmental remediation also be an important tool to address behavioral concerns. Environmental remediation strategies may include:

1. Supervisory systems which empower school staff with prevention and intervention tools to address behavioral concerns;
2. School and community surveys or other strategies for determining the conditions contributing to the relevant behavior;
3. Adoption of research-based, systemic programs;
4. Modification of schedules;
5. Adjustment in hallway traffic and other student routes of travel;
6. Targeted use of monitors;
7. Staff professional development;
8. Parent conferences;
9. Involvement of parent-teacher organizations; and
10. Peer support groups.

#### **C. Procedures**

The amount of due process a student is entitled to receive before a penalty is imposed depends on the penalty being imposed. In all cases, regardless of the penalty imposed, the school personnel authorized to impose the penalty must inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the alleged misconduct. All students will have an opportunity to present their version of the facts to the school personnel imposing the disciplinary penalty in connection with the imposition of the penalty.

Students who are to be given penalties other than an oral warning, written warning or written notification to their parents are entitled to additional rights before the penalty is imposed. These additional rights are explained below.

##### **1. Detention**

Teachers, principals and the superintendent may use after school detention as a penalty for student misconduct in situations where removal from the classroom or suspension would be inappropriate. Detention will be imposed as a penalty only after the student's parent has been notified to confirm that there is no parental objection to the penalty.

---

## 2. Suspension from transportation

If a student does not conduct himself/herself properly on a bus, the bus driver is expected to bring such misconduct to the building principal's attention. Students who become a serious disciplinary problem may have their riding privileges suspended by the building principal or the superintendent or their designees. In such cases, the student's parent will become responsible for seeing that his or her child gets to and from school safely. Should the suspension from transportation amount to a suspension from attendance, the district will make appropriate arrangements to provide for the student's education.

A student subjected to a suspension from transportation is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the building principal or the principal's designee to discuss the conduct and the penalty involved.

## 3. Suspension from athletic participation, extra curricular activities and other privileges

A student subjected to a suspension from athletic participation, extra-curricular activities or other privileges is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official imposing the suspension to discuss the conduct and the penalty involved.

## 4. In-school supervision

The board recognizes the school must balance the need of students to attend school and the need for order in the classroom to establish an environment conducive to learning. As such, the board authorizes building principals and the superintendent to place students who would otherwise be suspended from school as the result of a code of conduct violation in "in-school supervision." The in-school supervision staff member will be a certified or licensed employee.

A student subjected to an in-school supervision is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official imposing the in-school supervision to discuss the conduct and the penalty involved.

## 5. Teacher disciplinary removal of disruptive students

A student's behavior can affect a teacher's ability to teach and can make it difficult for other students in the classroom to learn. In most instances the classroom teacher can control a student's behavior and maintain or restore control over the classroom by using good classroom management techniques. These techniques may include practices that involve the teacher directing a student to briefly leave the classroom to give the student an opportunity to regain his or her composure and self-control in an alternative setting. Such practices may include, but are not limited to: (1) short-term "time out" in an elementary classroom or in an administrator's office; (2) sending a student into the hallway briefly; (3) sending a student to the principal's office for the remainder of the class time only; or (4) sending a student to a guidance counselor or other district staff member for counseling. Time-honored classroom management techniques such as these do not constitute disciplinary removals for purposes of this code.

On occasion, a student's behavior may become disruptive. For purposes of this code of conduct, a disruptive student is a student who is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom. A substantial disruption of the educational process or substantial interference with a teacher's authority occurs when a student demonstrates a persistent unwilling-

ness to comply with the teacher's instructions or repeatedly violates the teacher's classroom behavior rules.

A classroom teacher may remove a disruptive student from class for up to two days. The removal from class applies to the class of the removing teacher only.

If the disruptive student does not pose a danger or ongoing threat of disruption to the academic process, the teacher must provide the student with an explanation for why he or she is being removed and an opportunity to explain his or her version of the relevant events before the student is removed. Only after the informal discussion may a teacher remove a student from class.

If the student poses a danger or ongoing threat of disruption, the teacher may order the student to be removed immediately. The teacher must, however, explain to the student why he or she was removed from the classroom and give the student a chance to present his or her version of the relevant events within 24-hours.

The teacher must complete a district-established disciplinary removal form and meet with the principal or his or her designee as soon as possible, but no later than the end of the school day, to explain the circumstances of the removal and to present the removal form. If the principal or designee is not available by the end of the same school day, the teacher must leave the form with the secretary and meet with the principal or designee prior to the beginning of classes on the next school day.

Within 24-hours after the student's removal, the principal or another district administrator designated by the principal must notify the student's parents, in writing, that the student has been removed from class and why. The notice must also inform the parent that he or she has the right, upon request, to meet informally with the principal or the principal's designee to discuss the reasons for the removal.

The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the student's removal at the last known address for the parents. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents.

The principal may require the teacher who ordered the removal to attend the informal conference.

If at the informal meeting the student denies the charges, the principal or the principal's designee must explain why the student was removed and give the student and the student's parents a chance to present the student's version of the relevant events. The informal meeting must be held within 48 hours of the student's removal. The timing of the informal meeting may be extended by mutual agreement of the parent and principal.

The principal or the principal's designee may overturn the removal of the student from class if the principal finds any one of the following:

1. The charges against the student are not supported by substantial evidence.
2. The student's removal is otherwise in violation of law, including the district's code of conduct.
3. The conduct warrants suspension from school pursuant to Education Law §3214 and a suspension will be imposed.

The principal or his or her designee may overturn a removal at any point between receiving the referral form issued by the teacher and the close of business on the day following the 48-hour period for the informal conference, if a conference is requested. No student removed from the classroom by the

---

classroom teacher will be permitted to return to the classroom until the principal makes a final determination, or the period of removal expires, whichever is less.

Any disruptive student removed from the classroom by the classroom teacher shall be offered continued educational programming and activities until he or she is permitted to return to the classroom.

Each teacher must keep a complete log (on a district provided form) for all cases of removal of students from his or her class. The principal must keep a log of all removals of students from class.

Removal of a student with a disability, under certain circumstances, may constitute a change in the student's placement. Accordingly, no teacher may remove a student with a disability from his or her class until he or she has verified with the principal or the chairperson of the Committee on Special Education that the removal will not violate the student's rights under state or federal law or regulation.

#### **6. Suspension from school**

Suspension from school is a severe penalty, which may be imposed only upon students who are insubordinate, disorderly, violent or disruptive, or whose conduct otherwise endangers the safety, morals, health or welfare of others.

The board retains its authority to suspend students, but places primary responsibility for the suspension of students with the superintendent and the building principals.

Any staff member may recommend to the superintendent or the principal that a student be suspended. All staff members must immediately report and refer a violent student to the principal or the superintendent for a violation of the code of conduct. All recommendations and referrals shall be made in writing unless the conditions underlying the recommendation or referral warrant immediate attention. In such cases a written report is to be prepared as soon as possible by the staff member recommending the suspension.

The superintendent or principal, upon receiving a recommendation or referral for suspension or when processing a case for suspension, shall gather the facts relevant to the matter and record them for subsequent presentation, if necessary.

##### **a. Short-term (5 days or less) suspension from school**

When the superintendent or principal (referred to as the "suspending authority") proposes to suspend a student charged with misconduct for five days or less pursuant to Education Law §3214(3), the suspending authority must immediately notify the student orally. If the student denies the misconduct, the suspending authority must provide an explanation of the basis for the proposed suspension. The suspending authority must also notify the student's parents in writing that the student may be suspended from school. The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the decision to propose suspension at the last known address for the parents. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting the parents.

The notice shall provide a description of the charges against the student and the incident for which suspension is proposed and shall inform the parents of the right to request an immediate informal conference with the principal. Both the notice and informal conference shall be in the dominant language or mode of communication used by the parents. At the conference, the parents shall be permitted to ask questions of complaining witnesses

under such procedures as the principal may establish.

The notice and opportunity for an informal conference shall take place before the student is suspended unless the student's presence in school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process. If the student's presence does pose such a danger or threat of disruption, the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practicable.

After the conference, the principal shall promptly advise the parents in writing of his or her decision. The principal shall advise the parents that if they are not satisfied with the decision and wish to pursue the matter, they must file a written appeal to the superintendent within five business days, unless they can show extraordinary circumstances precluding them from doing so. The superintendent shall issue a written decision regarding the appeal within 10 business days of receiving the appeal. If the parents are not satisfied with the superintendent's decision, they must file a written appeal to the board of education with the district clerk within 10 business days of the date of the superintendent's decision, unless they can show extraordinary circumstances precluding them from doing so. Only final decisions of the Board may be appealed to the Commissioner within 30 days of the decision.

##### **b. Long-term (more than 5 days) suspension from school**

When the superintendent or building principal determines that a suspension for more than five days may be warranted, he or she shall give reasonable notice to the student and the student's parents of their right to a fair hearing. At the hearing the student shall have the right to be represented by counsel, the right to question witnesses against him or her and the right to present witnesses and other evidence on his or her behalf.

The superintendent shall personally hear and determine the proceeding or may, in his or her discretion, designate a hearing officer to conduct the hearing. The hearing officer shall be authorized to administer oaths and to issue subpoenas in conjunction with the proceeding before him or her. A record of the hearing shall be maintained, but no stenographic transcript shall be required. A tape recording shall be deemed a satisfactory record. The hearing officer shall make findings of fact and recommendations as to the appropriate measure of discipline to the superintendent. The report of the hearing officer shall be advisory only, and the superintendent may accept all or any part thereof.

An appeal of the decision of the superintendent may be made to the board that will make its decision based solely upon the record before it. All appeals to the board must be in writing and submitted to the district clerk within 10 business days of the date of the superintendent's decision, unless the parents can show that extraordinary circumstances precluded them from doing so. The board may adopt in whole or in part the decision of the superintendent. Final decisions of the board may be appealed to the Commissioner within 30 days of the decision.

##### **c. Permanent suspension**

Permanent suspension is reserved for extraordinary circumstances such as where a student's conduct poses a life-threatening danger to the safety and well-being of other students, school personnel or any other person lawfully on school property or attending a school function.

#### **D. Minimum Periods of Suspension**

##### **1. Students who bring a weapon to school**

Any student, other than a student with a disability, found guilty of bringing a weapon onto school property will be subject to

suspension from school for at least one calendar year. Before being suspended, the student will have an opportunity for a hearing pursuant to Education Law §3214. The superintendent has the authority to modify the one-year suspension on a case-by-case basis. In deciding whether to modify the penalty, the superintendent may consider the following:

1. The student's age.
2. The student's grade in school.
3. The student's prior disciplinary record.
4. The superintendent's belief that other forms of discipline may be more effective.
5. Input from parents, teachers and/or others.
6. Other extenuating circumstances.

A student with a disability may be suspended only in accordance with the requirements of state and federal law.

2. Students who commit violent acts other than bringing a weapon to school

Any student, other than a student with a disability, who is found to have committed a violent act, other than bringing a weapon onto school property, shall be subject to suspension from school for at least five days. If the proposed penalty is the minimum five-day suspension, the student and the student's parents will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parents will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

3. Students who are repeatedly substantially disruptive of the educational process or repeatedly substantially interferes with the teacher's authority over the classroom

Any student, other than a student with a disability, who repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom will be suspended from school for at least five days. For purposes of this code of conduct, "repeatedly is substantially disruptive" means engaging in conduct that results in the student being removed from the classroom by teacher(s) pursuant to Education Law §3214(3-a) and this code on four or more occasions during a semester, or three or more occasions during a trimester. If the proposed penalty is the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

#### E. Referrals

1. Counseling  
The Guidance Office shall handle all referrals of students to counseling.
2. PINS Petitions  
The district may file a PINS (person in need of supervision) petition in Family Court on any student under the age of 18 who demonstrates that he or she requires supervision and treatment by:

- a. Being habitually truant and not attending school as required by part one of Article 65 of the Education Law.
  - b. Engaging in an ongoing or continual course of conduct which makes the student ungovernable, or habitually disobedient and beyond the lawful control of the school.
  - c. Knowingly and unlawfully possesses marijuana in violation of Penal Law § 221.05. A single violation of § 221.05 will be a sufficient basis for filing a PINS petition.
3. Juvenile Delinquents and Juvenile Offenders

The superintendent is required to refer the following students to the County Attorney for a juvenile delinquency proceeding before the Family Court:

- a. Any student under the age of 16 who is found to have brought a weapon to school, or
- b. Any student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedure Law § 1.20 (42).

The superintendent is required to refer students age 16 and older or any student 14 or 15 years old who qualifies for juvenile offender status to the appropriate law enforcement authorities.

#### X. ALTERNATIVE INSTRUCTION

When a student of any age is removed from class by a teacher or a student of compulsory attendance age is suspended from school pursuant to Education Law §3214, the district will take immediate steps to provide alternative means of instruction for the student.

#### XI. CORPORAL PUNISHMENT

Corporal punishment is any act of physical force upon a student for the purpose of punishing that student. Corporal punishment of any student by any district employee is strictly forbidden.

However, in situations where alternative procedures and methods that do not involve the use of physical force cannot reasonably be used, reasonable physical force may be used to:

1. Protect oneself, another student, teacher or any person from physical injury.
2. Protect the property of the school or others.
3. Restrain or remove a student whose behavior interferes with the orderly exercise and performance of school district functions, powers and duties, if that student has refused to refrain from further disruptive acts.

The district will file all complaints about the use of corporal punishment with the Commissioner of Education in accordance with Commissioner's regulations.

#### XII. STUDENT SEARCHES AND INTERROGATIONS

The board of education is committed to ensuring an atmosphere on school property and at school functions that is safe and orderly. To achieve this kind of environment, any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or the district code of conduct. Students are not entitled to any sort of "Miranda"-type warning before being questioned by school officials, nor are school officials required to contact a student's parent before questioning the student. However, school officials will tell all students why they are being questioned.

In addition, the board authorizes the superintendent, building principals, the school nurse and district security officials to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will result in evidence that the student violated the law or the district code of conduct.

An authorized school official may conduct a search of a student's belongings that is minimally intrusive, such as touching the outside of a book bag, without reasonable suspicion, so long as the school official has a legitimate reason for the very limited search.

An authorized school official may search a student or the student's belongings based upon information received from a reliable informant. Individuals, other than the district employees, will be considered reliable informants if they have previously supplied information that was accurate

and verified, or they make an admission against their own interest, or they provide the same information that is received independently from other sources, or they appear to be credible and the information they are communicating relates to an immediate threat to safety. District employees will be considered reliable informants unless they are known to have previously supplied information that they knew was not accurate.

Before searching a student or the student's belongings, the authorized school official should attempt to get the student to admit that he or she possesses physical evidence that they violated the law or the district code, or get the student to voluntarily consent to the search. Searches will be limited to the extent necessary to locate the evidence sought.

Whenever practicable, searches will be conducted in the privacy of administrative offices and students will be present when their possessions are being searched.

**A. Student Lockers, Desks and other School Storage Places**

The District retains the right to conduct random locker searches to further the special needs of school security, to ensure the safety of students, faculty and staff and to prevent disruptions to the learning environment. Additionally, the district recognizes the deterrent effect that these searches have. This means that student lockers, desks and other school storage places may be subject to search at any time by school officials, without prior notice to students and without their consent.

**B. Police Involvement in Searches and Interrogations of Students**

District officials are committed to cooperating with police officials and other law enforcement authorities to maintain a safe school environment. Police officials, however, have limited authority to interview or search students in schools or at school functions, or to use school facilities in connection with police work. Police officials may enter school property or a school function to question or search a student or to conduct a formal investigation involving students only if they have:

1. A search or an arrest warrant; or
2. Probable cause to believe a crime has been committed on school property or at a school function; or
3. Been invited by school officials.

Before police officials are permitted to question or search any student, the building principal or his or her designee shall first try to notify the student's parent to give the parent the opportunity to be present during the police questioning or search. If the student's parent cannot be contacted prior to the police questioning or search, the questioning or search shall not be conducted. The principal or designee will also be present during any police questioning or search of a student on school property or at a school function.

Students who are questioned by police officials on school property or at a school function will be afforded the same rights they have outside the school. This means:

1. They must be informed of their legal rights.
2. They may remain silent if they so desire.
3. They may request the presence of an attorney.

**C. Child Protective Services Investigations**

Consistent with the district's commitment to keep students safe from harm and the obligation of school officials to report to child protective services when they have reasonable cause to suspect that a student has been abused or maltreated, the district will cooperate with local child protective services workers who wish to conduct interviews of students on school property relating to allegations of suspected child abuse, and/or neglect, or custody investigations.

All requests by child protective services to interview a student on school property shall be made directly to building principal or his or her designee. The principal or his or her designee shall set the time and place of the interview. The principal or designee shall decide if it is necessary and appropriate for a school official to be present during the interview, depending on the age of the student being interviewed and the nature of the allegations. If the nature

of the allegations is such that it may be necessary for the student to remove any of his or her clothing in order for the child protective services worker to verify the allegations, the school nurse or other district medical personnel must be present during that portion of the interview. No student may be required to remove his or her clothing in front of a child protective services worker or school district official of the opposite sex.

A child protective services worker may not remove a student from school property without a court order, unless the worker reasonably believes that the student would be subject to danger of abuse if not he or she were not removed from school before a court order can reasonably be obtained. If the worker believes the student would be subject to danger of abuse, the worker may remove the student without a court order and without the parent's consent.

**XIII. VISITORS TO THE SCHOOLS**

The board encourages parents and other district citizens to visit the district's schools and classrooms to observe the work of students, teachers and other staff. Since schools are a place of work and learning, however, certain limits must be set for such visits. The building principal or his or her designee is responsible for all persons in the building and on the grounds. For these reasons, the following rules apply to visitors to the schools:

1. Anyone who is not a regular staff member or student of the school will be considered a visitor.
2. All visitors must sign the visitors book at the front entrance. If no one is there, the visitor must report to the Main Office to sign in. Anyone visiting a secondary student must first secure permission from the Building Principal. All visitors must be issued and must wear a visitor's identification badge. All visitors must sign out and return the badge upon leaving the premises.
3. Visitors attending school functions that are open to the public, such as parent-teacher organization meetings or public gatherings, are not required to register.
4. Parents or citizens who wish to visit a classroom while school is in session are required to arrange such visits in advance with the principal and classroom teacher(s), so that class disruption is kept to a minimum. Visitation requests are subject to the discretion of the building administrator.
5. Teachers are expected not to take class time to discuss individual matters with visitors.
6. Any unauthorized person on school property will be reported to the principal or his or her designee. Unauthorized persons will be asked to leave. The police may be called if the situation warrants.
7. All visitors are expected to abide by the rules for public conduct on school property contained in this code of conduct.

**XIV. PUBLIC CONDUCT ON SCHOOL PROPERTY**

The district is committed to providing an orderly, respectful environment that is conducive to learning. To create and maintain this kind of an environment, it is necessary to regulate public conduct on school property and at school functions. For purposes of this section of the code, "public" shall mean all persons when on school property or attending a school function including students, teachers and district personnel.

The restrictions on public conduct on school property and at school functions contained in this code are not intended to limit freedom of speech or peaceful assembly. The district recognizes that free inquiry and free expression are indispensable to the objectives of the district. The purpose of this code is to maintain public order and prevent abuse of the rights of others.

All persons on school property or attending a school function shall conduct themselves in a respectful and orderly manner. In addition, all persons on school property or attending a school function are expected to be properly attired for the purpose they are on school property.

**A. Prohibited Conduct**

No person, either alone or with others, shall:

1. Intentionally injure any person or threaten to do so.
2. Intentionally damage or destroy school district property or

the personal property of a teacher, administrator, other district employee or any person lawfully on school property, including graffiti or arson.

3. Disrupt the orderly conduct of classes, school programs or other school activities.
4. Distribute or wear materials on school grounds or at school functions that are obscene, advocate illegal action, appear libelous, obstruct the rights of others, or are disruptive to the school program.
5. Intimidate, harass or discriminate against any person on the basis of race, color, ethnic group, national origin, religion, age, gender, sexual orientation, disability or weight.
6. Enter any portion of the school premises without authorization or remain in any building or facility after it is normally closed.
7. Obstruct the free movement of any person in any place to which this code applies.
8. Violate the traffic laws, parking regulations or other restrictions on vehicles.
9. Possess, consume, sell, distribute or exchange alcoholic beverages, controlled substances, or be under the influence of either on school property or at a school function.
10. Possess or use weapons in or on school property or at a school function, except in the case of law enforcement officers or except as specifically authorized by the school district.
11. Loiter on or about school property.
12. Use profane or lewd language.
13. Refuse to comply with any reasonable order of identifiable school district officials performing their duties.
14. Willfully incite others to commit any of the acts prohibited by this code.

**POLICY # 53**

**DASA Policy (Cyberbullying)**

The Board is committed to providing a school environment that is free from harassment, bullying and discrimination. Harassment, discrimination, intimidation or bullying and acts of cyberbullying, as defined by New York Education Law Article Two and the Regulations of the Commissioner § 100.2 by students, staff or visitors toward students are strictly prohibited. Therefore, in accordance with such laws and regulations, conduct of this nature is subject to discipline in accordance with the District's Code of Conduct and the Internet Safety and Acceptable Use Policies.

Reports of harassment, bullying and discrimination shall be made to the Building Principal\*\*\*, Superintendent or the Principal's or Superintendent's designee. Students and parents/guardians may make an oral or written report of harassment, bullying or discrimination to District teachers or administrators.

District employees who witness harassment, bullying or discrimination, or who receive an oral or written report of harassment, bullying or discrimination, shall promptly orally notify the Building Principal, Superintendent or the Principal's or Superintendent's designee not later than one school day after such employee witnesses or receives a report of harassment, bullying or discrimination. After oral notification, the District employee shall file a written report with the Building Principal, Superintendent or the Principal's or Superintendent's designee not later than two school days after making the oral report.

The Building Principal, Superintendent or the Principal's or Superintendent's designee shall lead or supervise a thorough investigation of all reports of harassment, bullying or discrimination, and ensure that said investigation is completed promptly after receipt of any written reports made.

In the event an investigation verifies harassment, bullying or discrimination, the District shall take prompt actions reasonably calculated to end the harassment, bullying or discrimination, eliminate any hostile environment, create a more positive school culture and climate, prevent recurrence of the behavior, and ensure the safety of the student or students against whom such harassment, bullying or discrimination was directed. Retaliation against any individual who, in good faith, reports or assists in the investigation of harassment, bullying or discrimination, is strictly prohibited.

Individuals whose behavior is found to be in violation of this policy will be subject to discipline or removal from the premises in accordance with school policy, including the Code of Conduct. If appropriate, individuals may also be referred to law enforcement officials.

The Building Principal shall make a regular report on data and trends related to harassment, bullying and discrimination to the Superintendent.

The Superintendent shall establish procedures and guidelines that will include, but not be limited to, staff training

and professional development, the method of reporting an incident believed to be in violation of this policy, the procedure for investigation and the prohibition of retaliation for reporting an incident. The District shall also provide required instruction supporting development of a school environment free of harassment, bullying and discrimination having an emphasis on discouraging acts of harassment, bullying (including cyberbullying) and discrimination and including instruction in the safe, responsible use of the Internet and electronic communications.

The Board will review this policy from time to time, but no less than annually, and will make any necessary modifications as required by the applicable laws and regulations.

This policy and any amendments or addendums shall be published in the student handbook and on the District website. At least once each school year, the District shall provide all school employees, students and parents or persons in parental relation with a written or electronic copy of this policy and any other policy created by the District in compliance with the Dignity for All Students Act.

If the Superintendent or Principal designates a staff member to receive oral or written reports of harassment, bullying, or discrimination, then the Superintendent or Principal shall publish the name and title of the designee to the school community as an addendum to this policy.

## Health News

### HEAD LICE

As you begin to prepare your child for the new school year, take time to check for head lice. Head lice are tiny, wingless, grayish-tan insects. They live and breed in human hair. Their eggs, called nits, are small whitish specks which are deposited on the hair shafts close to the scalp. They are most commonly seen at the base of the neck and around the ears. These nits can sometimes be mistaken for dandruff, but they cannot be brushed away easily.

The condition is not something to be ashamed of because it has nothing to do with cleanliness, who you are, or where you live. Head lice can be transmitted by direct contact with an individual who is already infested or through contact with lice-exposed personal articles (e.g. hats, scarves, combs, brushes). They do not jump or fly. If you suspect that your child has head lice, the following is recommended.

1. Inspect all family members and treat everyone at the same time.
2. Purchase an approved medicated lice-killing shampoo and follow the directions carefully.
3. After shampooing, comb child's hair with a fine tooth comb to remove dead eggs. Child must be nit free to return to school.
  - a. While hair is damp, comb out tangles with a regular comb.
  - b. Part hair and work on one section at a time, combing with a fine tooth nit comb from top of the strand down to the end. Pin each strand up after you have combed out all the nits.
  - c. Wipe nits from comb often with a tissue. Dispose of tissue in sealed plastic bag.
4. Machine wash in hot water and dry all clothing, towels and bed linens that have come in contact with the infested person. Non-washable items can be place in a hot dryer for 20 minutes. Vacuum furniture and carpets. Brushes and combs should be soaked in the special medicated shampoo or in very hot water for at least 10 minutes. For personal items that cannot be washed, isolate them in a plastic bag for two weeks. When ready, open the bag outdoors and shake each item vigorously.
5. Instruct children not to share combs, hats or other personal articles.
6. Continue to examine your child for nits and remove them. A second treatment can be given in 7 to 10 days.

We will monitor head lice throughout the year. If your child should come in contact with head lice, please notify the school.

### ADMINISTRATION OF MEDICATION

If a student must take medication during school hours, the school requires the following: **(This includes all prescription medication and non-prescription medication, such as cough drops, Tylenol, etc.)**

1. A signed, written request from the parent or guardian.
2. The written order of prescribing physician, indicating the medication, purpose, dosage requirements and any possible side effects. The label on the original pharmacy bottle is not considered the prescribing physician's written order; and
3. All medication, in the original bottle, be dropped off and picked up by the parents at the beginning and end of the prescription period.

### HEALTH EXAMINATIONS

**Physicals:** Students are required to have a health examination (physical) when entering the following grades pre-kindergarten, kindergarten, 2nd, 4th, 7th and 10th. A licensed physician, physician assistant or a nurse practitioner must sign physical.

- **Vision Screening:** Grades Kindergarten, 1, 2, 3, 5, 7 and 10 and at any other time deemed necessary.
- **Hearing Screening:** Grades Kindergarten, 1, 3, 5, 7 and 10 and at any other time deemed necessary.
- **Scoliosis Screening:** At least once each school year for all students in grades 5 through grade 9.

All physical and medication forms can be found on the school website or can be obtained from the school nurse.

## Immunization Requirement for 6th Graders

### (1) T-DAP (TETANUS, DIPHTHERIA AND ACCELLULAR PERTUSSIS)

### (2) VARICELLA VACCINES

Please check with your doctor and make sure that your child has these immunizations. The school needs proof that your child/children had the immunization before the start of school in September. All students have had at least one varicella or proof of varicella disease in order to start kindergarten. Please make sure your child has had a second dose and their T-dap before the start of school or a note from your physician stating when their appointment date is to receive the vaccines. If you have questions or concerns about immunizations, please contact Lisa Dutcher, LPN, at (607) 656-4161, ext. 411.

# 2017-18 School Year New York State Immunization Requirements for School Entrance/Attendance<sup>1</sup>

**NOTES:**

Children in a prekindergarten setting should be age-appropriately immunized. The number of doses depends on the schedule recommended by the Advisory Committee on Immunization Practices (ACIP). For grades Pre-k through 9, intervals between doses of vaccine should be in accordance with the ACIP-recommended immunization schedule for persons 0 through 18 years of age. (Exception: intervals between doses of polio vaccine DO NOT need to be reviewed for grades 4, 5, 10, 11 and 12.) Doses received before the minimum age or intervals are not valid and do not count toward the number of doses listed below. Intervals between doses of vaccine DO NOT need to be reviewed for grades 10 through 12. See footnotes for specific information for each vaccine. Children who are enrolling in grade-less classes should meet the immunization requirements of the grades for which they are age equivalent.

**Dose requirements MUST be read with the footnotes of this schedule.**

Measles, Mumps and Rubella vaccine (MMR) <sup>5</sup>	1 dose	2 doses			
Hepatitis B vaccine <sup>6</sup>	3 doses	3 doses or 2 doses of adult hepatitis B vaccine (Recombivax) for children who received the doses at least 4 months apart between the ages of 11 through 15 years			
Varicella (Chickenpox) vaccine <sup>7</sup>	1 dose	2 doses	1 dose	2 doses	1 dose
Meningococcal conjugate vaccine (MenACWY) <sup>8</sup>	Not applicable			Grades 7 and 8: 1 dose	Grade 12: 2 doses or 1 dose if the dose was received at 16 years or older
Haemophilus influenzae type b conjugate vaccine (Hib) <sup>9</sup>	1 to 4 doses	Not applicable			
Pneumococcal Conjugate vaccine (PCV) <sup>10</sup>	1 to 4 doses	Not applicable			

1. Demonstrated serologic evidence of measles, mumps, rubella, hepatitis B, varicella or polio (for all three serotypes) antibodies is acceptable proof of immunity to these diseases. Diagnosis by a physician, physician assistant or nurse practitioner that a child has had varicella disease is acceptable proof of immunity to varicella.
2. Diphtheria and tetanus toxoids and acellular pertussis (DTaP) vaccine. (Minimum age: 6 weeks)
  - a. Children starting the series on time should receive a 5-dose series of DTaP vaccine at 2 months, 4 months, 6 months and at 15 through 18 months and at 4 years or older. The fourth dose may be received as early as age 12 months, provided at least 6 months have elapsed since the third dose. However, the fourth dose of DTaP need not be repeated if it was administered at least 4 months after the third dose of DTaP. The final dose in the series must be received on or after the fourth birthday.
  - b. If the fourth dose of DTaP was administered at 4 years or older, the fifth (booster) dose of DTaP vaccine is not required.
  - c. For children born before 1/1/2005, only immunity to diphtheria is required and doses of DT and Td can meet this requirement.
  - d. Children 7 years and older who are not fully immunized with the childhood DTaP vaccine series should receive Tdap vaccine as the first dose in the catch-up series; if additional doses are needed, use Td vaccine. If the first dose was received before their first birthday, then 4 doses are required. If the first dose was received on or after the first birthday, then 3 doses are required. A Tdap vaccine (or incorrectly administered DTaP vaccine) received at 7 years or older will meet the 6th grade Tdap requirement.
3. Tetanus and diphtheria toxoids and acellular pertussis (Tdap) vaccine. (Minimum age: 7 years)
  - a. Students 11 years or older entering grades 6 through 12 are required to have one dose of Tdap. A dose received at 7 years or older will meet this requirement.
  - b. Students who are 10 years old in grade 6 and who have not yet received a Tdap vaccine are in compliance until they turn 11 years old.
4. Inactivated polio vaccine (IPV) or oral polio vaccine (OPV). (Minimum age: 6 weeks)
  - a. Children starting the series on time should receive a series of IPV at 2 months, 4 months and at 6 through 18 months, and at 4 years or older. The final dose in the series must be received on or after the fourth birthday and at least 6 months after the previous dose.

We are VERY EXCITED to present this new part of our school year, and hope it becomes a tradition!

**BAND CORNER**

The GCS Band Booster Organization is seeking new members. You don't have to be a band parent to be a member, although parents are encouraged to join and be a part of your child's band experience. Alumni and community members are also welcome!

Anyone interested is invited to attend our meeting on September 12 at 6:00 p.m. in the Middle/High School Band room. The meeting will focus first on the basic requirements and expectations of band students grades 5-12, and then we will introduce the Booster organization and current members. Please join us! For more information, email [hkriesel@greenecsd.org](mailto:hkriesel@greenecsd.org). Thank you and we hope to see you at the meeting.
