Summary & Background

GREENE CSD

SUMMARY & BACKGROUND

On March 11, 2021, the President signed into law the American Rescue Plan Act of 2021 (ARP). ARP makes available \$122.8 billion nationally in a third round of Elementary and Secondary School Emergency Relief (ESSER) funds. New York State has been allocated nearly \$9 billion under the ARP Act's Elementary and Secondary School Emergency Relief (ESSER) Fund. The ARP Act requires that a minimum of \$8.09 billion (90 percent) be allocated to LEAs, including charter schools and Special Act School Districts that are LEAs. Pursuant to the terms of the ARP Act, LEA allocations have been calculated using the relative shares of grants awarded under Title I, Part A of the ESEA for the most recent federal fiscal year (2020). Each eligible LEA's ARP-ESSER allocation may be found [HERE](#).

Under section 2001(d)(2) of ARP Act of 2021, each State Educational Agency (SEA) must make ARP-ESSER allocations to LEAs in an expedited and timely manner and, to the extent practicable, not later than 60 days after the SEA receives its ARP-ESSER funds. The first portion of ARP-ESSER Funds was awarded to states on March 24, 2021, and 60 days from that day is May 24, 2021. The U.S. Department of Education (USDE) has taken the position that an SEA makes allocations when it authorizes the LEA to begin to obligate funds in accordance with its needs. To enable New York State's LEAs to begin to obligate ARP-ESSER funds by USDE's May 24, 2021 deadline, the application for LEA 90% base ARP-ESSER allocations is being administered by NYSED as a two-part application process:

ARP-ESSER Application – Part 1: The first step was for each LEA to submit signed assurances to NYSED by May 24, 2021. Upon receipt of signed LEA assurances, NYSED provided an email notice to the LEA of substantially approvable application status. Upon receipt of such notice, LEAs were able to begin obligating their allocation of 90% base ARP-ESSER funds.

ARP-ESSER Application – Part 2: The second step will be the submission of a full application and budget by the LEA. NYSED will issue a Grant Award Notice (GAN) to the LEA after the LEA's application is fully reviewed and approved by NYSED. Part 2 will address several of the plan-related assurances an LEA must provide in Part 1 of the application process.

The ARP Act requires LEAs to reserve at least 20% of their 90% ARP-ESSER allocation to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs, and ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on economically disadvantaged students, children with disabilities, English learners, racial and ethnic minorities, migrant students, students experiencing homelessness, and children and youth in foster care. For your information, the minimum 20% reservation for each LEA may be found [HERE](#).

Project Period

March 13, 2020 to September 30, 2024 to obligate funds. Funds must be fully liquidated by October 31, 2024.

Project Number

The project number stem for the program is:

ESSER: 5880 - 21 - XXXX

This number should be used on the appropriate FS-10 budget form.

Submission Deadline

Completed applications are due by **August 31, 2021** (with extensions by request), and will be reviewed on a rolling basis.

Please note that applications must be submitted and fully approved by no later than March 23, 2022. LEAs that have not been issued a Grant Award Notice by that time will be at risk of having their ARP-ESSER allocation returned to the United States Department of Education.

ARP-ESSER Application: Part 2 - ARP Act

Introduction/Instructions - Summary & Background

APPLICATION PROCESS FOR LEA ALLOCATIONS OF ARP-ESSER SEA RESERVE FUNDS

The federal ARP statute requires SEAs to reserve:

not less than 5 percent of the total amount of grant funds awarded to the State (\$449.4 million) to carry out activities to address the impact of lost instructional time by supporting the implementation of evidence-based interventions;

not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based summer enrichment programs; and

not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based comprehensive afterschool programs.

The 2021-22 enacted state budget directs that these required SEA set-asides be allocated as grants to specified school districts. Each eligible district's allocation of SEA reserve funds may be found [HERE](#). NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the [SED Monitoring and Vendor Reporting System](#). This application is only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.

Title VIII of Division B of the CARES Act directs the Department to carry out the Education Stabilization Fund, of which the ARP ESSER funds are a part. Section 2001 of the ARP Act provides for the Department to make grants to each SEA from the ARP ESSER funds. An SEA must allocate at least 90 percent of its ARP ESSER grant funds to its LEAs (including charter schools that are LEAs) in the State in the same proportion that the LEAs received under part A of title I of the ESEA in Fiscal Year 2020, as required by section 2001(d)(1) of the ARP Act; and section 2001(e) of the ARP Act prescribes certain mandatory and permissive uses of LEAs' funds. Under 20 U.S.C. 1221e-3, the Secretary has the authority to promulgate rules governing the programs administered by the Department. Under this requirement, each LEA that receives ARP ESSER funds must develop, submit to the SEA on a reasonable timeline determined by the SEA, and make publicly available on the LEA's website, a plan for the LEA's use of ARP ESSER funds. The plan - known as the LEA ARP ESSER Plan - and any revisions to the plan submitted consistent with procedures established by the SEA, must include a description of key activities which are required below.

NYSED will consider each LEA's application for its base 90% ARP-ESSER allocation as meeting the USDE LEA ARP-ESSER use of funds plan requirement, provided the required elements of the plan are fully addressed in the LEA's application, combined with a budget, and then publicly posted after being developed with public input.

An LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.

Each LEA's ARP ESSER plan must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

1. In the space provided below, please describe how the LEA meaningfully engaged a diverse and representative set of the applicable stakeholders in developing a plan to use these funds and implementing that plan.

The district has presented information at its BOE meetings and then sought feedback using the ThoughtExchange platform. The ThoughtExchange platform was made available through our website and social media outlets as well as emailed out for all stakeholders to participate. Stakeholders included staff members of all departments and collective bargaining units, parents, students and community members. The breakdown of who responded to the survey were as follows: 45% parent/guardian, 45% staff/faculty, 5% student, 5% community member. The district posed the question "How would you like to see the district use the additional federal funds to strengthen our school over the coming years (what is most important to you)? For example, social emotional/mental health supports, programs to target learning loss, enrichment opportunities, extracurriculars, etc. The ThoughtExchange platform allowed all stakeholders to confidentially express their thoughts and ideas, see other stakeholder's ideas and react to these thoughts and ideas. The results of the exchange was reviewed thoroughly by administration. Themes and perspectives were analyzed. Stakeholder input greatly aided in the development of how to most effectively utilize the funding. Federal fund planning occurred at various administrator lead team meetings, building level meetings and Board of Education meetings.

As the plan is implemented, district stakeholders will participate on data teams and in meetings that evaluate the success of the planned interventions and determine what adjustments are needed for ongoing improvement and alignment to students' needs. Public stakeholders engagement will continue utilizing ThoughtExchange (anonymous participation for students, community, staff all can participate). as the plan is implemented and through updates provided at Board meetings and district newsletters. Throughout the project period, there will be formal (e.g., Board meetings, Open Houses, staff meetings) and informal opportunities for all stakeholders to provide feedback on the plan's effectiveness to the Superintendent and other district administrators.

3. **In the space provided below, please describe the extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.**

Greene CSD will utilize funds to maintain HVAC systems through preventative maintenance service contracts to ensure HVAC systems in all district facilities are functioning properly and being maintained to ensure proper air flow and air filter replacement. This will ensure compliance with CDC guidance and increase the safety of staff and students while in district facilities. Additionally, a portion of the funds will be directed to expanding the HVAC system to classrooms and other district spaces that did not receive updated HVAC units in the recent capital project.. This will ensure all facilitates and classrooms will have will increased air flow, filtration, and efficiency to improve ventilation and reduce airborne contaminants.

4. **In the space provided below, please describe the data that the LEA will use to identify student needs and monitor student progress as a result of planned interventions and supports.**

A Student support team is located at each school. Each team includes teachers, service providers, administrators, and specialists, trained in data analysis and intervention strategies. The teams meet regularly to monitor student progress and adjust interventions, dosage, and intensity as needed. The teams will analyze aggregated and disaggregated data as well as individual student performance to discern patterns of need and evaluate effectiveness of the interventions implemented. They will analyze and review the following sources of data at K-5: ELA & Math AIMS web assessment scores as administered in the fall and spring yearly; formative and summative assessments aligned with curriculum; 3-8 NYS assessments; teacher observations; and other evidence-based standardized evaluation instruments as identified. At grades 6-12, the Student Support Team will review student performance data (formative and summative assessments, criterion-referenced tests, including 3-8 assessments and Regents); attendance; teacher observations; and other sources of data.

5. **In the space provided below, please describe how the LEA will use the funds it reserves under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year.**

The Greene CSD is committing 33.8% of the ARP allocation to address student learning loss through the implementation of expanded evidence-based programming, including embedded teacher coaching to increase teacher effectiveness, as well as leadership coaching.

Teacher Effectiveness the district will contract with Better Lessons to provide provide one-on-one embedded coaching and scaffolded practice for classroom teachers in all building. This will increase their capacity to effectively teach reading and build students' foundational skills. One sub will be hired for each school for the year--each sub will be immersed in the routines of the building and familiar with both students and teachers, resulting in decreased interruptions to class time as teachers participate in training, travel to conferences, or support each other's implementation of new instructional practices.

Teacher Effectiveness ARP funds will support the creation of new positions of an art teacher, music teacher, and STEM teacher. These positions will allow students to have more contact in these areas as well as allowing all the buildings in the district to update master schedules to allow additional students to receive intervention services in the areas of ELA and Math.

Intervention ARP funds will be used to create the positision of director of school improvement and data as well as a literacy instructional coach. These positions will work directly with teachers to support them in utilizing student data to create tiered literacy interventions, as well as to align individualized teacher professional development with the needs of the students.

Afterschool Support Arp funds will support afterschool tutoring by certified teachers. Students will receive one-on-on and small group supplemental instruction to increase their academic achievement.

6. In the space provided below, please describe how the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) - the allowable uses of funds - of the ARP Act.

In accordance with allowable uses of the 80% of the ARP funds, Greene³/₄ CSD will utilize the remaining ARP funds to retain critical staff and support infrastructure upgrades that have been delayed due to fiscal constraints. The HVAC system upgrades in the primary school and transportation office/garage will be upgraded to ensure improved air quality. HVAC repairs, and preventive maintenance contracts. The district is having ALL school buildings ventilation systems thoroughly reviewed, evaluated and repaired. Preventive maintenance items (belts, filters, etc.) are being purchased and installed. The district is entering into service contracts with two different with companies that specialize in HVAC work Furniture - The district is seeking rooms with flexible furniture across with the district. These rooms will assist in fostering an environment focused on high learning. This furniture provides classroom layout flexibility to allow our district to adapt the ever changing COVID environment. Classrooms will be readily able to be reorganize to comply with social distancing, learning styles, etc. Furniture will also play a key role in positively impacting teacher/student morale and productivity as well as health and wellness. The purchase and installation of interactive panels in all learning spaces will allow staff to engage students in different ways to meet the needs of individual students. The district will also use these funds to retain a school counselor. This is an extremely important position to allow the district to meet the SEL needs of our students.

7. In the space provided below, please describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

Recognizing that a number of its students were disproportionately affected by hybrid/remote learning models in 2020-2021, the district has committed to expand intervention to deliver additional small group scaffolded and differentiated instruction and high dosage tutoring to those students most in need, including those from traditionally under-resourced populations, such as students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, and children in foster care. (The district does not currently serve migratory students.) The³/₄ addition of staff and ability to maintain current staff³/₄ will enable the district to serve all of its high need students with personalized and consistent supplemental instruction that will advance them to grade-level benchmarks, target the impact of lost instructional time, and provide the tools that will increase favorable outcomes.

Section 2001(i)(1) of the ARP Act requires each LEA that receives ARP ESSER funds to develop and make publicly available on the LEA's website, not later than 30 days after receiving ARP ESSER funds, a plan for the safe return to in-person instruction and continuity of services for all schools, including those that have already returned to in-person instruction. Section 2001(i)(2) of the ARP Act further requires that the LEA seek public comment on the plan and take those comments into account in the development of the plan. Finally, section 2001(i)(3) of the ARP Act states that an LEA that developed a plan for the safe return to in-person instruction and continuity of services prior to the date of enactment of the ARP Act will be deemed to have met the requirement to develop a plan under section 2001(i)(1) as long as the plan meets the statutory requirements (i.e., is publicly available on the LEA's website and was developed after the LEA sought and took into account public comment).

The LEA's plan must include how it will maintain the health and safety of students, educators, and other school and LEA staff and a description of any policies it has adopted regarding each of the CDC's safety recommendations, including universal and correct wearing of masks; modifying facilities to allow for physical distancing (e.g., use of cohorts/podding); handwashing and respiratory etiquette; cleaning and maintaining healthy facilities, including improving ventilation; contact tracing in combination with isolation and quarantine in collaboration with the State, local, territorial, or the health departments of Native American Nations; diagnostic and screening testing; efforts to provide vaccinations to school communities; appropriate accommodations for children with disabilities with respect to health and safety policies; and coordination with State and local health officials.

The plan must describe how the LEA will ensure continuity of services, including but not limited to services to address students' academic needs and the social, emotional, mental health and other needs of students and staff, which may include student health and food services.

LEA plans must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

NYSED will permit previously developed LEA re-opening plans to satisfy the ARP statutory requirement for the safe return to in-person instruction and continuity of services. LEAs must make any necessary updates to existing plans to conform with the USDE requirements within 30 days of receipt of ARP-ESSER funds and to review (and revise if appropriate) plans every six months thereafter (until September 30, 2023).

- 1. In the space provided below, please provide the URL for the website(s) where the district's most current re-opening/return to in-person learning plan is/will be located. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

<https://www.greenecsd.org/ReopeningGCSD.aspx>

When plan is requested the district will refer requester to website, where the plan can be downloaded or viewed. If the requester cannot access the district website, the district will provide an electronic copy and/or hard copy of the plan.

2. **An LEA must periodically, but no less frequently than every six months (through September 30, 2023), review and, as appropriate, revise its plan. Consistent with section 2001(i)(2) of the ARP Act, which requires an LEA to seek public comment on the development of its plan, an LEA must seek public input and take such input into account in determining whether to revise its plan and, if it determines revisions are necessary, on the revisions it makes to its plan, i.e., the LEA must seek public input on whether to revise its plan and on any revisions to its plan no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools). If the LEA revises its plan, the revised plan must address each of the aspects of safety currently recommended by the CDC or, if the CDC has updated its safety recommendations at the time the LEA is revising its plan, each of the updated safety recommendations.**

In the space provided below, please describe how the LEA will review and regularly update (at least every six months through September 30, 2023) it's plan for in-person instruction, including a description of how public comment will be collected.

The Greene CSD will update its re-opening plan a minimum of twice per year with more reviews scheduled in response to new CDC guidance. The public will have a chance to weigh in on proposed updates to the re-opening plan at discussion sessions scheduled for designated board meetings and/or by emailing the Superintendent. The platform Thought Exchange is utilized to solicit input of ALL stakeholders (students, staff, and community). Input, feedback, ideas and thoughts from various stakeholders will continue to be collected and reviewed through open-ended confidential exchanges. Stakeholders will continue to confidentially express their thoughts and ideas, see other stakeholder's ideas and react to these thoughts and ideas.

Local Educational Agencies (LEAs) which intend to do federally funded work using ARP-ESSER funds must first file FS-10s and other documents as required by the Office of ESSA-Funded Programs. If a project would normally require a building permit if supported by state/local funds, it must also have a building permit if supported by federal funds (or a combination of funding streams). Facilities Planning forms are under development at this time.

1. What is the amount of funds that the LEA plans to use for construction related projects?

237,712

2. In the space provided below, please described the planned construction activities and costs.

The Greene CSD will upgrade the HVAC systems in 3 classrooms and the gymnasium in the primary school, the gymnasium in the intermediate school, and one unit in the transportation office/garage to improve the indoor air quality and ventilation as part of the district's efforts to increase the safety and health of its staff and students. HVAC upgrades in these spaces have a combined mechanical and plumbing cost of \$237,712. The contract will be awarded in accordance with required district procurement policies.

3. Will the planned construction impact and/or effect any district, site, building, structure, or object that is: Included in the National Register of Historic Places; or Eligible under criteria established by the Secretary of Interior for inclusion in the National Register of Historic Places?

No, the planned construction will not impact and/or effect any district, site, building, structure, or object that is: Included in the National Register of Historic Places; or Eligible under criteria established by the Secretary of Interior for inclusion in the National Register of Historic Places.

LEA ARP-ESSER Plan - ARP-ESSER Allocation - Budget

ARP-ESSER LEA Base 90% Allocation - Budget

PLEASE NOTE - the FS-10 and Budget Narrative are used to provide NYSED with a specific itemization of proposed project expenditures and to provide NYSED and the Office of the State Comptroller with the necessary documentation upon which payments can be based. FS-10s with missing quantities or unit costs, or with terms such "TBD" or "Varies" cannot be accepted on the FS-10 or Budget Narrative forms.

Please note: LEAs that have been allocated funds from the mandated SEA-Level Reserves in the 2021-22 enacted state budget will apply for those funds via a separate application process. NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the SED Monitoring and Vendor Reporting System. The sections below are only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.
