Last day of school set for June

School districts in the DCMO BOCES region have set tentative dates in June for the last day of the 2019-2020 school year for students and staff.

County closures related to the COVID-19 pandemic, remaining snow/emergency days and independent school calendars helped determine specific "last day of school" dates for each of DCMO's 16 component districts.

All dates listed below are subject to change pending further guidance from the Governor and/or the New York State Education Department.
