G.C.S. Announces Change to February Break

Greene Central School has used all budgeted snow days and the two reserved emergency days which were built into our school calendar for 2016-2017. This winter has been challenging and the tricky weather patterns may continue. Therefore, the district and Board of Education have elected to change the February break scheduled for next week.

While the week of February 20th was originally scheduled to be a week of NO school, there now WILL be school on **Thursday, February 23rd and Friday, February 24th**. By making this change now, the district reinstates two days back into the calendar which will be available if additional weather closings are needed this winter. The district also hopes that making the adjustment in February will allow the April (Spring Break) recess to remain intact as scheduled.

The Board of Education and district officials realize this calendar change may pose a challenge for some students, families, and staff members. We apologize in advance for the inconvenience, but ask for your patience during the challenging winter weather of 2016-2017.

Thank you for your cooperation and understanding.

Mr. Gordon Daniels
Int. Superintendent of Schools
