Volume XXXVII, Number 1

September/October 2016

## Superintendent's Message

Welcome to the start of the 2016-2017 school year. I hope you had an enjoyable summer with family and friends.

I return to the Greene Central School District after an absence of ten years. During that time, I served as the Superintendent of Franklin Central School. It was a wonderful experience and one I will always cherish.

Retirement seemed appropriate after many years in public education, however, after a short vacation, I return to the education profession as Greene Central School's Interim Superintendent for the next six months. I am thrilled to be here and look forward to renewing acquaintances and meeting new members of the school and community.

It is my charge to bring new leadership to the District and foster a positive learning environment filled with trust, respect and honesty. The responsibilities of this challenge require a positive role model, strong communication skills and a commitment to the students we serve. I accept these duties and do so with great enthusiasm.

Teachers and administrators will be busy all summer preparing for the 2016-2017 school year. Teachers have participated in professional development to improve the instructional opportunities for students. Our goal is to improve student learning. So, regardless of where your student begins the year, we want to help them advance their critical thinking, knowledge, skills and ability to problem solve.

Each New Year brings with it the promise of a new beginning, a promise of what is before us. I believe this year will present opportunities for our school to grow closer together and for our school to continue our quest for excellence for every learner.

Best wishes for a successful 2016-2017 school year!

—Gordon Daniels, Interim Superintendent

## 2016 Jump Rope For Heart

At the May 6 student award assembly at the Intermediate building top student fundraisers for the annual Jump Rope For Heart event were recognized. This event raises money for the American Heart Association.

For the 11 years that Mr. Starliper and Mrs. Williams have been running this event here in Greene, **Savannah Nowalk** is the first student ever to raise over a \$1,000 for the American Heart Association. Meg Gibbons, our District's Youth Market Director for Jump Rope for Heart, shared that in her nine years with American Heart Association Savannah is the 5th student in 12 counties and 532 schools who participate to achieve this goal. This was a very big accomplishment for Savannah. Savannah participated in Jump Rope for Heart in honor of her Great-Aunt Doris.

**Jayden Eroshevich** raised \$752. These top two fundraisers got a chance to be PE teachers for a day in the month of May. The Greene Intermediate School raised \$4,755 for the 2016 event. Thank you to all the parents and community members who donate to our students. We truly appreciate your support in this event!

## Welcome to the Primary School

Welcome to the 2016-2017 school year at the Primary School. I hope everyone enjoyed the summer vacation and weather and is ready to return to school ready to learn!

As a reminder, we offer suggestions to help get the school year started on a positive note:

- Students should wear comfortable and safe footwear daily. No flip flops or princess high heels.
- Students should have sneakers with them daily as we have PE every day!
- Clothing and backpacks should be labeled with your child's name. Things not labeled are put in our lost and found in the office.
- Backpacks are helpful to carry things to and from school. They should be standard size in order to fit a folder. No rolling suitcases are allowed.
- When sending breakfast and lunch money to school, please put it in an envelope and label it so we can credit the appropriate account.
- Student information forms are sent home on the first day of school. This information is helpful to us. Should anything change throughout the year like address or phone numbers, please keep us updated so we can reach you in an emergency.
- School hours are from 7:45 a.m.-2:00 p.m. Parents should be aware of drop-off/pick-up procedures. Please refer to your Parent/Student handbook to review.
- Students entering school after 7:55 a.m. are considered tardy and need to check in at the office and be signed in by a parent.
- Students should not be picked up until the 2:00 p.m. dismissal time, unless they have an appointment or an emergency. Instruction occurs until the last minute in all of our classes.

Please read your school handbook when it comes home. If you have any question, you can call the main office of the Primary School at 656-5174.

I'm looking forward to seeing you all on Thursday, September 8! Enjoy the rest of the summer!

—Shelly Richards, Principal

## School Breakfast and Lunch Program 2016-17

In order to comply with the federally mandated price equity requirement we must adjust prices for next year as follows:

- Lunch 6-12 from \$2.15 to \$2.25
- Breakfast prices will remain unchanged

Note—If you believe your is eligible for free and reduced price breakfast and lunch, please complete the enclosed application and return to the school.

### ONLINE PAYMENT SERVICE

Remember—we have an online payment service available.

Greene CSD has a convenient and secure online payment service called mySchoolBucks. This website allows you to deposit money directly into your child's school meal account and view balance/purchase information for the past ninety days. By having money in each child's account prior to entering the cafeteria, we find that the lunch lines move along much faster, which gives your child more time to eat and be with friends.

### TO ACCESS THIS SERVICE

- Go to the District website at [www.greenecsd.org](http://www.greenecsd.org)
- Click the *Departments* tab, then select the *Food Services* link.
- Click the *mySchoolBucks* link.

From this website you can create your account and add money to your child's school meal account. All you need is your child's name, school and Cafeteria Pin number.

## Early Dismissal Drill on Friday, October 21

Dear Parents and Guardians:

As you may be aware, all school districts in New York State must comply with the Commissioner of Education's Regulation 155.13, which requires written annual instructions to parents, students, and staff regarding district emergency management plans. The complete plans are on file and available in the District Office and in each principal's office.

The object of emergency planning is to anticipate problems in dealing with natural and man-made disasters. Depending on the kind and intensity of the disaster, the school may be required to carry out any of the following procedures:

1. School Cancellation
2. Evacuation
3. Early Dismissal
4. Sheltering

Sheltering and early dismissal drills are held at least once a year. The Greene Central School District has scheduled its annual test of the early dismissal plan for Friday, October 21. Students will be released 15 minutes earlier than the normally scheduled time. The students at BOCES programs and other programs off site will be released even earlier so that all students will leave the high school parking lot at approximately 2:15 p.m.

In the event of a real emergency, procedures may be carried out without advanced notice. Children may be coming home to empty homes or locked doors. Parents should make contingency plans with their children in the event of an emergency, especially if the children require supervision.

Please make appropriate arrangements for the early arrival of your children as a result of this drill. If you have any questions, you may contact your child's building principal or the Transportation Department at 656-4161, ext. 223.

The morning course is 4/10 of a mile and the afternoon course is 1/8 of a mile. Walkers are asked to sign in and out on the sheets provided in the foyer of door #5, and to wear rubber soled shoes. There is no charge to adult walkers, as no additional costs are incurred by the District to run this program.

  - Two doses of meningococcal vaccine with the booster dose given on or after age 16
  - One dose if your child's first dose was given on or after age 16

Starting next fall, New York State law will require parents/guardians to give the school an immunization (shot) record that shows their child has received, or has appointment(s) to receive the required vaccine(s) (shots) in order to attend school. This record may be from a health care provider, health department, or an official immunization record from the child's former school. The record must include:

- Name of the vaccine

## Child Find Requirements

Child Find is the process of locating, evaluating, and identifying students with disabilities who are in need of special education services, from birth to 21 years old. According to federal special education law, IDEA 2004, this includes all students, including those who are homeless, wards of the State, or attending private schools, regardless of the severity of their disabilities.

If you have a child with a suspected disability, age birth to 3 years old, we encourage you to contact the Early Intervention Program at the Chenango County Health Department. Call 607-337-1729 at the Chenango County Office Building, 5 Court Street, Norwich, New York 13815. For children ages 3-5, you may contact the Committee on Preschool Special Education, at Greene Central School, 607-656-4161, ext. 685, or the Chenango County Representative on Preschool Special Education, also at the Chenango County Health Department, at 607-337-1731.

If you have a child with a suspected disability between the ages of 5-21, please contact your child's teacher at Greene Central School. We are now required to try a number of academic or behavioral interventions when a student has a suspected disability. If the student is not responding after an appropriate period of time to the interventions, then the student's teacher will refer the student to the Child Study Team, or the Grade Level Team, and additional interventions will be suggested and documented. It is at that time that a student may be referred to the Committee on Special Education.

When a student is referred to the Committee on Special Education for a suspected disability, they are given an individual evaluation to identify the need for special education services. A student is eligible for special education services if it is determined that he/she has a disability that is interfering with the student's learning. If the Committee on Special Education determines that your child is eligible for special education services, the Committee must identify the one disability category that most appropriately describes your child.

A school-aged student will qualify for special education services when they have one or more of the following disabilities, which adversely affects educational performance: Autism, Deafness, Deaf-Blindness, Emotional Disturbance, Hearing Impairment, Learning Disability, Mental Retardation, Multiple Disabilities, Orthopedic Impairment, Other Health-Impairment, Speech or Language Impairment, Traumatic Brain Injury, or Visual Impairment.

The Committee on Special Education will develop and implement an individualized education program (IEP) to address your child's individual needs. Services, such as integrated co-teaching, consultant teacher, or resource room may be provided. Related services, such as speech/language therapy, occupational therapy, physical therapy, or counseling may also be provided. Your child may need classroom or testing accommodations to help him or her successfully access the general education curriculum.

If you would like further information, please contact the CSE Office at Greene Central School, at 656-4161, ext. 685.

# The Dignity for All Students Act

## WHAT YOU, AS A PARENT/GUARDIAN, AND YOUR CHILD, AS A STUDENT, NEED TO KNOW NOW

On September 8, 2010, Governor Patterson signed the Dignity for All Students Act. This Act prohibits harassment and/or discrimination of students by employees or other students on school property or at school functions based upon a student's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender or sex. The law went into effect July 1, 2012.

### WHAT CONSTITUTES HARASSMENT?

This Act defines harassment (which includes bullying) as the creation of a hostile environment by conduct or verbal threats, intimidation or abuse that has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities, or benefits, or mental, emotional or physical well-being; or conduct, verbal threats, intimidation, or abuse that reasonably causes or would reasonably be expected to cause a student to fear for his/her physical safety.

### WHAT ARE SCHOOL DISTRICTS REQUIRED TO DO?

- Adopt a policy intended to create a school environment free from harassment and discrimination.
- Adopt guidelines to be used in school training programs to raise awareness and sensitivity of school employees to these issues and enable them to respond appropriately.
- Designate one staff member in each school to be trained in non-discriminatory instructional and counseling methods and handling human relations.

### WHAT PARENTS CAN EXPECT

As a parent of a student at Greene Central School and as a student at Greene Central School you can expect:

- All matters of harassment to be taken very seriously
- Reports of harassment to be dealt with in a timely manner
- Consistent and severe punishment for any type of harassment

# Greene Central School District Code of Conduct #7410

REVISED JUNE 19, 2013

## I. INTRODUCTION

The Board of Education ("board") is committed to providing a safe and orderly school environment where students may receive and district personnel may deliver quality educational services without disruption or interference. Responsible behavior by students, teachers, other district personnel, parents and other visitors is essential to achieving this goal.

The district has a long-standing set of expectations for conduct on school property and at school functions. These expectations are based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty and integrity.

The board recognizes the need to clearly define these expectations for acceptable conduct on school property, to identify the possible consequences of unacceptable conduct, and to ensure that discipline when necessary is administered promptly and fairly. To this end, the board adopts this code of conduct ("code").

Unless otherwise indicated, this code applies to all students, school personnel, parents and other visitors when on school property or attending a school function.

The board of education expects all students to conduct themselves in an appropriate and civil manner, with proper regard for the rights and welfare of other students, district personnel and other members of the school community, and for the care of school facilities and equipment.

The best discipline is self-imposed, and students must learn to assume and accept responsibility for their own behavior, as well as the consequences of their misbehavior. District personnel who interact with

---

students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

The board recognizes the need to make its expectations for student conduct while on school property or engaged in a school function specific and clear. The rules of conduct listed below are intended to do that and focus on safety and respect for the rights and property of others. Students who will not accept responsibility for their own behavior and who violate these school rules will be required to accept the penalties for their conduct.

### **IX. DISCIPLINARY PENALTIES, PROCEDURES AND REFERRALS**

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

Disciplinary action, when necessary, will be firm, fair and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

1. The student's age.
2. The nature of the offense and the circumstances which led to the offense.
3. The student's prior disciplinary record.
4. The effectiveness of other forms of discipline.
5. Information from parents, teachers and/or others, as appropriate
6. Other extenuating circumstances.

As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lighter penalty than subsequent violations.

If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the Committee on Special Education and discipline, if warranted, shall be administered consistent with the separate requirements of this code of conduct for disciplining students with a disability or presumed to have a disability. A student identified as having a disability shall not be disciplined for behavior related to his/her disability.

If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the Committee on Special Education and discipline, if warranted, shall be administered consistent with the separate requirements of this code of conduct for disciplining students with a disability or presumed to have a disability. 2. Supportive intervention;
3. Behavioral assessment or evaluation;
4. Behavioral management plans, with benchmarks that are closely monitored;
5. Student counseling and parent conferences.

Beyond these individual-focused remedial responses, school-wide or environmental remediation also be an important tool to address behavioral concerns. Environmental remediation strategies may include:

1. Supervisory systems which empower school staff with prevention and intervention tools to address behavioral concerns;
2. School and community surveys or other strategies for determining the conditions contributing to the relevant behavior;
3. Adoption of research-based, systemic programs;
4. Modification of schedules;
5. Adjustment in hallway traffic and other student routes of travel;
6. Targeted use of monitors;
7. Staff professional development;
8. Parent conferences;
9. Involvement of parent-teacher organizations; and
10. Peer support groups.

#### **C. Procedures**

The amount of due process a student is entitled to receive before a penalty is imposed depends on the penalty being imposed. In all cases, regardless of the penalty imposed, the school personnel authorized to impose the penalty must inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the alleged misconduct. All students will have an opportunity to present their version of the facts to the school personnel imposing the disciplinary penalty in connection with the imposition of the penalty.

Students who are to be given penalties other than an oral warning, written warning or written notification to their parents are entitled to additional rights before the penalty is imposed. These additional rights are explained below.

##### **1. Detention**

Teachers, principals and the superintendent may use after school detention as a penalty for student misconduct in situations where removal from the classroom or suspension would be inappropriate. Detention will be imposed as a penalty only after the student's parent has been notified to confirm that there is no parental objection to the penalty.

---

## 2. Suspension from transportation

If a student does not conduct himself/herself properly on a bus, the bus driver is expected to bring such misconduct to the building principal's attention. Students who become a serious disciplinary problem may have their riding privileges suspended by the building principal or the superintendent or their designees. In such cases, the student's parent will become responsible for seeing that his or her child gets to and from school safely. Should the suspension from transportation amount to a suspension from attendance, the district will make appropriate arrangements to provide for the student's education.

A student subjected to a suspension from transportation is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the building principal or the principal's designee to discuss the conduct and the penalty involved.

## 3. Suspension from athletic participation, extra curricular activities and other privileges

A student subjected to a suspension from athletic participation, extra-curricular activities or other privileges is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official imposing the suspension to discuss the conduct and the penalty involved.

## 4. In-school supervision

The board recognizes the school must balance the need of students to attend school and the need for order in the classroom to establish an environment conducive to learning. As such, the board authorizes building principals and the superintendent to place students who would otherwise be suspended from school as the result of a code of conduct violation in "in-school supervision." The in-school supervision staff member will be a certified or licensed employee.

A student subjected to an in-school supervision is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official imposing the in-school supervision to discuss the conduct and the penalty involved.

## 5. Teacher disciplinary removal of disruptive students

A student's behavior can affect a teacher's ability to teach and can make it difficult for other students in the classroom to learn. In most instances the classroom teacher can control a student's behavior and maintain or restore control over the classroom by using good classroom management techniques. These techniques may include practices that involve the teacher directing a student to briefly leave the classroom to give the student an opportunity to regain his or her composure and self-control in an alternative setting. Such practices may include, but are not limited to: (1) short-term "time out" in an elementary classroom or in an administrator's office; (2) sending a student into the hallway briefly; (3) sending a student to the principal's office for the remainder of the class time only; or (4) sending a student to a guidance counselor or other district staff member for counseling. Time-honored classroom management techniques such as these do not constitute disciplinary removals for purposes of this code.

On occasion, a student's behavior may become disruptive. For purposes of this code of conduct, a disruptive student is a student who is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom. A substantial disruption of the educational process or substantial interference with a teacher's authority occurs when a student demonstrates a persistent unwilling-

ness to comply with the teacher's instructions or repeatedly violates the teacher's classroom behavior rules.

A classroom teacher may remove a disruptive student from class for up to two days. The removal from class applies to the class of the removing teacher only.

If the disruptive student does not pose a danger or ongoing threat of disruption to the academic process, the teacher must provide the student with an explanation for why he or she is being removed and an opportunity to explain his or her version of the relevant events before the student is removed. Only after the informal discussion may a teacher remove a student from class.

If the student poses a danger or ongoing threat of disruption, the teacher may order the student to be removed immediately. The teacher must, however, explain to the student why he or she was removed from the classroom and give the student a chance to present his or her version of the relevant events within 24-hours.

The teacher must complete a district-established disciplinary removal form and meet with the principal or his or her designee as soon as possible, but no later than the end of the school day, to explain the circumstances of the removal and to present the removal form. If the principal or designee is not available by the end of the same school day, the teacher must leave the form with the secretary and meet with the principal or designee prior to the beginning of classes on the next school day.

Within 24-hours after the student's removal, the principal or another district administrator designated by the principal must notify the student's parents, in writing, that the student has been removed from class and why. The notice must also inform the parent that he or she has the right, upon request, to meet informally with the principal or the principal's designee to discuss the reasons for the removal.

The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the student's removal at the last known address for the parents. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents.

The principal may require the teacher who ordered the removal to attend the informal conference.

If at the informal meeting the student denies the charges, the principal or the principal's designee must explain why the student was removed and give the student and the student's parents a chance to present the student's version of the relevant events. The informal meeting must be held within 48 hours of the student's removal. The timing of the informal meeting may be extended by mutual agreement of the parent and principal.

The principal or the principal's designee may overturn the removal of the student from class if the principal finds any one of the following:

1. The charges against the student are not supported by substantial evidence.
2. The student's removal is otherwise in violation of law, including the district's code of conduct.
3. The conduct warrants suspension from school pursuant to Education Law §3214 and a suspension will be imposed.

The principal or his or her designee may overturn a removal at any point between receiving the referral form issued by the teacher and the close of business on the day following the 48-hour period for the informal conference, if a conference is requested. No student removed from the classroom by the

---

classroom teacher will be permitted to return to the classroom until the principal makes a final determination, or the period of removal expires, whichever is less.

Any disruptive student removed from the classroom by the classroom teacher shall be offered continued educational programming and activities until he or she is permitted to return to the classroom.

Each teacher must keep a complete log (on a district provided form) for all cases of removal of students from his or her class. The principal must keep a log of all removals of students from class.

Removal of a student with a disability, under certain circumstances, may constitute a change in the student's placement. Accordingly, no teacher may remove a student with a disability from his or her class until he or she has verified with the principal or the chairperson of the Committee on Special Education that the removal will not violate the student's rights under state or federal law or regulation.

#### **6. Suspension from school**

Suspension from school is a severe penalty, which may be imposed only upon students who are insubordinate, disorderly, violent or disruptive, or whose conduct otherwise endangers the safety, morals, health or welfare of others.

The board retains its authority to suspend students, but places primary responsibility for the suspension of students with the superintendent and the building principals.

Any staff member may recommend to the superintendent or the principal that a student be suspended. All staff members must immediately report and refer a violent student to the principal or the superintendent for a violation of the code of conduct. All recommendations and referrals shall be made in writing unless the conditions underlying the recommendation or referral warrant immediate attention. In such cases a written report is to be prepared as soon as possible by the staff member recommending the suspension.

The superintendent or principal, upon receiving a recommendation or referral for suspension or when processing a case for suspension, shall gather the facts relevant to the matter and record them for subsequent presentation, if necessary.

##### **a. Short-term (5 days or less) suspension from school**

When the superintendent or principal (referred to as the "suspending authority") proposes to suspend a student charged with misconduct for five days or less pursuant to Education Law §3214(3), the suspending authority must immediately notify the student orally. If the student denies the misconduct, the suspending authority must provide an explanation of the basis for the proposed suspension. The suspending authority must also notify the student's parents in writing that the student may be suspended from school. The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the decision to propose suspension at the last known address for the parents. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting the parents.

The notice shall provide a description of the charges against the student and the incident for which suspension is proposed and shall inform the parents of the right to request an immediate informal conference with the principal. Both the notice and informal conference shall be in the dominant language or mode of communication used by the parents. At the conference, the parents shall be permitted to ask questions of complaining witnesses

under such procedures as the principal may establish.

The notice and opportunity for an informal conference shall take place before the student is suspended unless the student's presence in school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process. If the student's presence does pose such a danger or threat of disruption, the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practicable.

After the conference, the principal shall promptly advise the parents in writing of his or her decision. The principal shall advise the parents that if they are not satisfied with the decision and wish to pursue the matter, they must file a written appeal to the superintendent within five business days, unless they can show extraordinary circumstances precluding them from doing so. The superintendent shall issue a written decision regarding the appeal within 10 business days of receiving the appeal. If the parents are not satisfied with the superintendent's decision, they must file a written appeal to the board of education with the district clerk within 10 business days of the date of the superintendent's decision, unless they can show extraordinary circumstances precluding them from doing so. Only final decisions of the Board may be appealed to the Commissioner within 30 days of the decision.

##### **b. Long-term (more than 5 days) suspension from school**

When the superintendent or building principal determines that a suspension for more than five days may be warranted, he or she shall give reasonable notice to the student and the student's parents of their right to a fair hearing. At the hearing the student shall have the right to be represented by counsel, the right to question witnesses against him or her and the right to present witnesses and other evidence on his or her behalf.

The superintendent shall personally hear and determine the proceeding or may, in his or her discretion, designate a hearing officer to conduct the hearing. The hearing officer shall be authorized to administer oaths and to issue subpoenas in conjunction with the proceeding before him or her. A record of the hearing shall be maintained, but no stenographic transcript shall be required. A tape recording shall be deemed a satisfactory record. The hearing officer shall make findings of fact and recommendations as to the appropriate measure of discipline to the superintendent. The report of the hearing officer shall be advisory only, and the superintendent may accept all or any part thereof.

An appeal of the decision of the superintendent may be made to the board that will make its decision based solely upon the record before it. All appeals to the board must be in writing and submitted to the district clerk within 10 business days of the date of the superintendent's decision, unless the parents can show that extraordinary circumstances precluded them from doing so. The board may adopt in whole or in part the decision of the superintendent. Final decisions of the board may be appealed to the Commissioner within 30 days of the decision.

##### **c. Permanent suspension**

Permanent suspension is reserved for extraordinary circumstances such as where a student's conduct poses a life-threatening danger to the safety and well-being of other students, school personnel or any other person lawfully on school property or attending a school function.

#### **D. Minimum Periods of Suspension**

##### **1. Students who bring a weapon to school**

Any student, other than a student with a disability, found guilty of bringing a weapon onto school property will be subject to

suspension from school for at least one calendar year. Before being suspended, the student will have an opportunity for a hearing pursuant to Education Law §3214. The superintendent has the authority to modify the one-year suspension on a case-by-case basis. In deciding whether to modify the penalty, the superintendent may consider the following:

1. The student's age.
2. The student's grade in school.
3. The student's prior disciplinary record.
4. The superintendent's belief that other forms of discipline may be more effective.
5. Input from parents, teachers and/or others.
6. Other extenuating circumstances.

A student with a disability may be suspended only in accordance with the requirements of state and federal law.

2. Students who commit violent acts other than bringing a weapon to school

Any student, other than a student with a disability, who is found to have committed a violent act, other than bringing a weapon onto school property, shall be subject to suspension from school for at least five days. If the proposed penalty is the minimum five-day suspension, the student and the student's parents will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parents will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

3. Students who are repeatedly substantially disruptive of the educational process or repeatedly substantially interferes with the teacher's authority over the classroom

Any student, other than a student with a disability, who repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom will be suspended from school for at least five days. For purposes of this code of conduct, "repeatedly is substantially disruptive" means engaging in conduct that results in the student being removed from the classroom by teacher(s) pursuant to Education Law §3214(3-a) and this code on four or more occasions during a semester, or three or more occasions during a trimester. If the proposed penalty is the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

#### E. Referrals

1. Counseling  
The Guidance Office shall handle all referrals of students to counseling.
2. PINS Petitions  
The district may file a PINS (person in need of supervision) petition in Family Court on any student under the age of 18 who demonstrates that he or she requires supervision and treatment by:

- a. Being habitually truant and not attending school as required by part one of Article 65 of the Education Law.
  - b. Engaging in an ongoing or continual course of conduct which makes the student ungovernable, or habitually disobedient and beyond the lawful control of the school.
  - c. Knowingly and unlawfully possesses marijuana in violation of Penal Law § 221.05. A single violation of § 221.05 will be a sufficient basis for filing a PINS petition.
3. Juvenile Delinquents and Juvenile Offenders

The superintendent is required to refer the following students to the County Attorney for a juvenile delinquency proceeding before the Family Court:

- a. Any student under the age of 16 who is found to have brought a weapon to school, or
- b. Any student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedure Law § 1.20 (42).

The superintendent is required to refer students age 16 and older or any student 14 or 15 years old who qualifies for juvenile offender status to the appropriate law enforcement authorities.

#### X. ALTERNATIVE INSTRUCTION

When a student of any age is removed from class by a teacher or a student of compulsory attendance age is suspended from school pursuant to Education Law §3214, the district will take immediate steps to provide alternative means of instruction for the student.

#### XI. CORPORAL PUNISHMENT

Corporal punishment is any act of physical force upon a student for the purpose of punishing that student. Corporal punishment of any student by any district employee is strictly forbidden.

However, in situations where alternative procedures and methods that do not involve the use of physical force cannot reasonably be used, reasonable physical force may be used to:

1. Protect oneself, another student, teacher or any person from physical injury.
2. Protect the property of the school or others.
3. Restrain or remove a student whose behavior interferes with the orderly exercise and performance of school district functions, powers and duties, if that student has refused to refrain from further disruptive acts.

The district will file all complaints about the use of corporal punishment with the Commissioner of Education in accordance with Commissioner's regulations.

#### XII. STUDENT SEARCHES AND INTERROGATIONS

The board of education is committed to ensuring an atmosphere on school property and at school functions that is safe and orderly. To achieve this kind of environment, any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or the district code of conduct. Students are not entitled to any sort of "Miranda"-type warning before being questioned by school officials, nor are school officials required to contact a student's parent before questioning the student. However, school officials will tell all students why they are being questioned.

In addition, the board authorizes the superintendent, building principals, the school nurse and district security officials to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will result in evidence that the student violated the law or the district code of conduct.

An authorized school official may conduct a search of a student's belongings that is minimally intrusive, such as touching the outside of a book bag, without reasonable suspicion, so long as the school official has a legitimate reason for the very limited search.

An authorized school official may search a student or the student's belongings based upon information received from a reliable informant. Individuals, other than the district employees, will be considered reliable informants if they have previously supplied information that was accurate

---

and verified, or they make an admission against their own interest, or they provide the same information that is received independently from other sources, or they appear to be credible and the information they are communicating relates to an immediate threat to safety. District employees will be considered reliable informants unless they are known to have previously supplied information that they knew was not accurate.

Before searching a student or the student's belongings, the authorized school official should attempt to get the student to admit that he or she possesses physical evidence that they violated the law or the district code, or get the student to voluntarily consent to the search. Searches will be limited to the extent necessary to locate the evidence sought.

Whenever practicable, searches will be conducted in the privacy of administrative offices and students will be present when their possessions are being searched.

**A. Student Lockers, Desks and other School Storage Places**

The District retains the right to conduct random locker searches to further the special needs of school security, to ensure the safety of students, faculty and staff and to prevent disruptions to the learning environment. Additionally, the district recognizes the deterrent effect that these searches have. This means that student lockers, desks and other school storage places may be subject to search at any time by school officials, without prior notice to students and without their consent.

**B. Police Involvement in Searches and Interrogations of Students**

District officials are committed to cooperating with police officials and other law enforcement authorities to maintain a safe school environment. Police officials, however, have limited authority to interview or search students in schools or at school functions, or to use school facilities in connection with police work. Police officials may enter school property or a school function to question or search a student or to conduct a formal investigation involving students only if they have:

1. A search or an arrest warrant; or
2. Probable cause to believe a crime has been committed on school property or at a school function; or
3. Been invited by school officials.

Before police officials are permitted to question or search any student, the building principal or his or her designee shall first try to notify the student's parent to give the parent the opportunity to be present during the police questioning or search. If the student's parent cannot be contacted prior to the police questioning or search, the questioning or search shall not be conducted. The principal or designee will also be present during any police questioning or search of a student on school property or at a school function.

Students who are questioned by police officials on school property or at a school function will be afforded the same rights they have outside the school. This means:

1. They must be informed of their legal rights.
2. They may remain silent if they so desire.
3. They may request the presence of an attorney.

**C. Child Protective Services Investigations**

Consistent with the district's commitment to keep students safe from harm and the obligation of school officials to report to child protective services when they have reasonable cause to suspect that a student has been abused or maltreated, the district will cooperate with local child protective services workers who wish to conduct interviews of students on school property relating to allegations of suspected child abuse, and/or neglect, or custody investigations.

All requests by child protective services to interview a student on school property shall be made directly to building principal or his or her designee. The principal or his or her designee shall set the time and place of the interview. The principal or designee shall decide if it is necessary and appropriate for a school official to be present during the interview, depending on the age of the student being interviewed and the nature of the allegations. If the nature

of the allegations is such that it may be necessary for the student to remove any of his or her clothing in order for the child protective services worker to verify the allegations, the school nurse or other district medical personnel must be present during that portion of the interview. No student may be required to remove his or her clothing in front of a child protective services worker or school district official of the opposite sex.

A child protective services worker may not remove a student from school property without a court order, unless the worker reasonably believes that the student would be subject to danger of abuse if not he or she were not removed from school before a court order can reasonably be obtained. If the worker believes the student would be subject to danger of abuse, the worker may remove the student without a court order and without the parent's consent.

**XIII. VISITORS TO THE SCHOOLS**

The board encourages parents and other district citizens to visit the district's schools and classrooms to observe the work of students, teachers and other staff. Since schools are a place of work and learning, however, certain limits must be set for such visits. The building principal or his or her designee is responsible for all persons in the building and on the grounds. For these reasons, the following rules apply to visitors to the schools:

1. Anyone who is not a regular staff member or student of the school will be considered a visitor.
2. All visitors must sign the visitors book at the front entrance. If no one is there, the visitor must report to the Main Office to sign in. Anyone visiting a secondary student must first secure permission from the Building Principal. All visitors must be issued and must wear a visitor's identification badge. All visitors must sign out and return the badge upon leaving the premises.
3. Visitors attending school functions that are open to the public, such as parent-teacher organization meetings or public gatherings, are not required to register.
4. Parents or citizens who wish to visit a classroom while school is in session are required to arrange such visits in advance with the principal and classroom teacher(s), so that class disruption is kept to a minimum. Visitation requests are subject to the discretion of the building administrator.
5. Teachers are expected not to take class time to discuss individual matters with visitors.
6. Any unauthorized person on school property will be reported to the principal or his or her designee. Unauthorized persons will be asked to leave. The police may be called if the situation warrants.
7. All visitors are expected to abide by the rules for public conduct on school property contained in this code of conduct.

**XIV. PUBLIC CONDUCT ON SCHOOL PROPERTY**

The district is committed to providing an orderly, respectful environment that is conducive to learning. To create and maintain this kind of an environment, it is necessary to regulate public conduct on school property and at school functions. For purposes of this section of the code, "public" shall mean all persons when on school property or attending a school function including students, teachers and district personnel.

The restrictions on public conduct on school property and at school functions contained in this code are not intended to limit freedom of speech or peaceful assembly. The district recognizes that free inquiry and free expression are indispensable to the objectives of the district. The purpose of this code is to maintain public order and prevent abuse of the rights of others.

All persons on school property or attending a school function shall conduct themselves in a respectful and orderly manner. In addition, all persons on school property or attending a school function are expected to be properly attired for the purpose they are on school property.

**A. Prohibited Conduct**

No person, either alone or with others, shall:

1. Intentionally injure any person or threaten to do so.
2. Intentionally damage or destroy school district property or

the personal property of a teacher, administrator, other district employee or any person lawfully on school property, including graffiti or arson.

3. Disrupt the orderly conduct of classes, school programs or other school activities.
4. Distribute or wear materials on school grounds or at school functions that are obscene, advocate illegal action, appear libelous, obstruct the rights of others, or are disruptive to the school program.
5. Intimidate, harass or discriminate against any person on the basis of race, color, ethnic group, national origin, religion, age, gender, sexual orientation, disability or weight.
6. Enter any portion of the school premises without authorization or remain in any building or facility after it is normally closed.
7. Obstruct the free movement of any person in any place to which this code applies.
8. Violate the traffic laws, parking regulations or other restrictions on vehicles.
9. Possess, consume, sell, distribute or exchange alcoholic beverages, controlled substances, or be under the influence of either on school property or at a school function.
10. Possess or use weapons in or on school property or at a school function, except in the case of law enforcement officers or except as specifically authorized by the school district.
11. Loiter on or about school property.
12. Use profane or lewd language.
13. Refuse to comply with any reasonable order of identifiable school district officials performing their duties.
14. Willfully incite others to commit any of the acts prohibited by this code.
15. Violate any federal or state statute, local ordinance or board policy while on school property or while at a school function.
16. Bring any animal onto the property except as part of the educational process, for safety/security or a guide animal and with approval of an administrator.

**B. Penalties**

Persons who violate this code shall be subject to the following penalties:

1. Visitors. Their authorization, if any, to remain on school grounds or at the school function shall be withdrawn and they shall be directed to leave the premises. If they refuse to leave, they shall be subject to ejection.
2. Students. They shall be subject to disciplinary action as the facts may warrant, in accordance with the due process requirements.
3. Tenured faculty members. They shall be subject to disciplinary action as the facts may warrant in accordance with Education Law §3020-a or any other legal rights that they may have.
4. In the case of a faculty member not having tenure, the superintendent will attend to the violation as agreed upon within the terms of the collective bargaining agreement.
5. Staff members in the classified service of the civil service entitled to the protection of Civil Service Law §75. They shall be subject to immediate ejection and to disciplinary action as the facts may warrant in accordance with Civil Service Law §75 or any other legal rights that they may have.
6. Staff members other than those described in subdivisions 4 and 5. They shall be subject to warning, reprimand, suspension or dismissal as the facts may warrant in accordance with any legal rights they may have.

**C. Enforcement**

The building principal or his or her designee shall be responsible for enforcing the conduct required by this code.

When the building principal or his or her designee sees an individual engaged in prohibited conduct, which in his or her judgment does not pose any immediate threat of injury to persons or property,

the principal or his or her designee shall tell the individual that the conduct is prohibited and attempt to persuade the individual to stop. The principal or his or her designee shall also warn the individual of the consequences for failing to stop. If the person refuses to stop engaging in the prohibited conduct, or if the person's conduct poses an immediate threat of injury to persons or property, the principal or his or her designee shall have the individual removed immediately from school property or the school function. If necessary, local law enforcement authorities will be contacted to assist in removing the person.

The district shall initiate disciplinary action against any student or staff member, as appropriate, with the "Penalties" section above. In addition, the district reserves its right to pursue a civil or criminal legal action against any person violating the code.

**XV. DISSEMINATION AND REVIEW**

**A. Dissemination of Code of Conduct**

The board will work to ensure that the community is aware of this code of conduct by:

1. Providing copies of a summary of the code to all students at a general assembly held at the beginning of each school year.
2. Making copies of the code available to all parents at the beginning of the school year.
3. Mailing a summary of the code of conduct written in plain language to all parents of district students before the beginning of the school year and making this summary available later upon request.
4. Providing all current teachers and other staff members with a copy of the code and a copy of any amendments to the code as soon as practicable after adoption.
5. Providing all new employees with a copy of the current code of conduct when they are first hired
6. Making copies of the code available for review by students, parents and other community members.

The board will sponsor an in-service education program for all district staff members to ensure the effective implementation of the code of conduct. The superintendent may solicit the recommendations of the district staff, particularly teachers and administrators, regarding in-service programs pertaining to the management and discipline of students.

The board of education will review this code of conduct every year and update it as necessary. In conducting the review, the board will consider how effective the code's provisions have been and whether the code has been applied fairly and consistently.

The board may appoint an advisory committee to assist in reviewing the code and the district's response to code of conduct violations. The committee will be made up of representatives of student, teacher, administrator, and parent organizations, school safety personnel and other school personnel.

Before adopting any revisions to the code, the board will hold at least one public hearing at which school personnel, parents, students and any other interested party may participate.

The code of conduct and any amendments to it will be filed with the Commissioner no later than 30 days after adoption.

**DASA Policy (Cyberbullying)**

The Board is committed to providing a school environment that is free from harassment, bullying and discrimination. Harassment, discrimination, intimidation or bullying and acts of cyberbullying, as defined by New York Education Law Article Two and the Regulations of the Commissioner § 100.2 by students, staff or visitors toward students are strictly prohibited. Therefore, in accordance with such laws and regulations, conduct of this nature is subject to discipline in accordance with the District’s Code of Conduct and the Internet Safety and Acceptable Use Policies.

Reports of harassment, bullying and discrimination shall be made to the Building Principal\*\*\*, Superintendent or the Principal’s or Superintendent’s designee. Students and parents/guardians may make an oral or written report of harassment, bullying or discrimination to District teachers or administrators.

District employees who witness harassment, bullying or discrimination, or who receive an oral or written report of harassment, bullying or discrimination, shall promptly orally notify the Building Principal, Superintendent or the Principal’s or Superintendent’s designee not later than one school day after such employee witnesses or receives a report of harassment, bullying or discrimination. After oral notification, the District employee shall file a written report with the Building Principal, Superintendent or the Principal’s or Superintendent’s designee not later than two school days after making the oral report.

The Building Principal, Superintendent or the Principal’s or Superintendent’s designee shall lead or supervise a thorough investigation of all reports of harassment, bullying or discrimination, and ensure that said investigation is completed promptly after receipt of any written reports made.

In the event an investigation verifies harassment, bullying or discrimination, the District shall take prompt actions reasonably calculated to end the harassment, bullying or discrimination, eliminate any hostile environment, create a more positive school culture and climate, prevent recurrence of the behavior, and ensure the safety of the student or students against whom such harassment, bullying or discrimination was directed. Retaliation against any individual who, in good faith, reports or assists in the investigation of harassment, bullying or discrimination, is strictly prohibited.

Individuals whose behavior is found to be in violation of this policy will be subject to discipline or removal from the premises in accordance with school policy, including the Code of Conduct. If appropriate, individuals may also be referred to law enforcement officials.

The Building Principal shall make a regular report on data and trends related to harassment, bullying and discrimination to the Superintendent.

The Superintendent shall establish procedures and guidelines that will include, but not be limited to, staff training and professional development, the method of reporting an incident believed to be in violation of this policy, the procedure for investigation and the prohibition of retaliation for reporting an incident. The District shall also provide required instruction supporting development of a school environment free of harassment, bullying and discrimination having an emphasis on discouraging acts of harassment, bullying (including cyberbullying) and discrimination and including instruction in the safe, responsible use of the Internet and electronic communications.

The Board will review this policy from time to time, but no less than annually, and will make any necessary modifications as required by the applicable laws and regulations.

This policy and any amendments or addendums shall be published in the student handbook and on the District website. At least once each school year, the District shall provide all school employees, students and parents or persons in parental relation with a written or electronic copy of this policy and any other policy created by the District in compliance with the Dignity for All Students Act.

If the Superintendent or Principal designates a staff member to receive oral or written reports of harassment, bullying, or discrimination, then the Superintendent or Principal shall publish the name and title of the designee to the school community as an addendum to this policy.

## In Case of Bad Weather

### GCS CLOSING POLICY

Adverse weather and/or road conditions may cause school closings or delays. Often, a one- or two-hour delay for our buses will allow road crews enough time to sand or clear roads, and provide a much safer transportation situation.

Parents should be advised that our bus drivers are instructed to not travel any road that appears to be in a hazardous condition. Therefore, even when school is in session, isolated groups of students may not receive bus transportation. Parents are asked to please be extremely cautious when having young students exposed to the cold or wind for lengthy periods of time.

In addition to our automated call system, announcements of delays, school closings or early dismissals are placed on our web page at [www.greenecsd.org](http://www.greenecsd.org). Additionally, information is given to all area radio and television stations.

### IN THE EVENT OF A DELAY:

- A. BOCES Occupation School Students—In the event of a one-hour delay in opening, morning BOCES occupational school students will be sent to the area center in Norwich, arriving for class one-hour later than usual. In the event of a two-hour delay in opening, morning BOCES students will not be sent to the area center.
- B. Students attending any special class or parochial school will be transported to their respective schools, but with a one- or two-hour delay in arrival time.

PLEASE KEEP IN MIND that if our school day begins with a one-hour delay, depending on the weather one of four things could happen:

- We may open;
- We could go to a two-hour delay, then open,
- We could go to a two-hour delay, then close; or
- We could close.

It is important to continue to watch and listen for updates!

### EARLY DISMISSALS

In the event of a forecast that indicates approaching weather that may cause hazardous driving conditions, we may have an early dismissal. In this event, radio and television stations are notified. We urge parents to alert caregivers of this possibility to ensure that younger children are not left at home unsupervised. Parents of elementary children, please contact the school at your earliest convenience with babysitter information, so that the students are loaded properly on their bus.

## Response to Intervention

Response to Intervention (RTI) is a process that matches instruction and intervention to student learning needs. RTI is designed as an early intervention process to support struggling learners. It requires general education teachers, AIS teachers, special education teachers and other school staff (guidance, psychologist, principal) to work together to determine which students have skill deficits, ensure that students receive interventions that match their needs, and check to see if progress is being made.

All students are screened through the RTI process. This is done to ensure that we are catching all students who are not meeting benchmarks and may be at risk of having a weakness in a particular skill. It is also important to provide a baseline of data and demonstrate that our curriculum (reading program, classroom activities, software programs, etc.) is effectively educating our children. Through this process, we can also determine if there are areas of our curriculum where a number of students are struggling. This process also allows us to provide valuable information to teachers and parents about the levels at which students are performing.

Screenings are completed throughout the school year. The screenings tell teachers how their students are performing on grade level skills. Teachers assess their students' progress through various skills that are essential to reading achievement. There are benchmarks set for each area that students should meet. For those students that do not meet these goals, intervention activities are put into place through a three-tiered model.

**Tier I** (General support)—the provision of general screening and group interventions that usually represent the core instructional program. If this instruction is adequately differentiated, the majority of the students will respond and achieve set benchmarks.

**Tier II** (Strategic support)—if students do not make adequate progress in Tier I, more intensive services and targeted interventions, usually in small group settings, are provided in addition to the instruction in the general curriculum. At Greene Central Schools, these supports are called Academic Intervention Services (AIS). Progress is monitored closely, and researched based interventions are put in place for at least six to ten weeks.

**Tier III** (Intensive support)—for students who do not respond to the targeted interventions in Tier II, eligibility for special education services may be considered. Additional testing could be suggested, and students would receive individualized, intensive interventions targeted to their specific skill deficits.

RTI has been promoted by NCLB and NYS Legislation and states that the RTI process should ensure that underachievement in a child suspected as having a specific learning disability is not due to lack of appropriate instruction and/or attempted interventions.

Please feel free to contact us with any questions you may have about the RTI process.

## Health News

As you begin to prepare your child for the new school year, take time to check for head lice. Head lice are tiny, wingless, grayish-tan insects. They live and breed in human hair. Their eggs, called nits, are small whitish specks which are deposited on the hair shafts close to the scalp. They are most commonly seen at the base of the neck and around the ears. These nits can sometimes be mistaken for dandruff, but they cannot be brushed away easily.

The condition is not something to be ashamed of because it has nothing to do with cleanliness, who you are, or where you live. Head lice can be transmitted by direct contact with an individual who is already infested or through contact with lice-exposed personal articles (e.g. hats, scarves, combs, brushes). They do not jump or fly. If you suspect that your child has head lice, the following is recommended.

1. Inspect all family members and treat everyone at the same time.
2. Purchase an approved medicated lice-killing shampoo and follow the directions carefully.
3. After shampooing, comb child's hair with a fine tooth comb to remove dead eggs. Child must be nit free to return to school.
  - a. While hair is damp, comb out tangles with a regular comb.
  - b. Part hair and work on one section at a time, combing with a fine tooth nit comb from top of the strand down to the end. Pin each strand up after you have combed out all the nits.
  - c. Wipe nits from comb often with a tissue. Dispose of tissue in sealed plastic bag.
4. Machine wash in hot water and dry all clothing, towels and bed linens that have come in contact with the infested person. Non-washable items can be placed in a hot dryer for 20 minutes. Vacuum furniture and carpets. Brushes and combs should be soaked in the special medicated shampoo or in very hot water for at least 10 minutes. For personal items that cannot be washed, isolate them in a plastic bag for 2 weeks. When ready, open the bag outdoors and shake each item vigorously.
5. Instruct children not to share combs, hats or other personal articles.
6. Continue to examine your child for nits and remove them. A second treatment can be given in 7 to 10 days.

We will monitor head lice throughout the year. If your child should come in contact with head lice, please notify the school.

### ADMINISTRATION OF MEDICATION

If a student must take medication during school hours, the school requires the following: **(This includes all prescription medication and non-prescription medication, such as cough drops, Tylenol, etc.)**

1. A signed, written request from the parent or guardian.

2. The written order of prescribing physician, indicating the medication, purpose, dosage requirements and any possible side effects. The label on the original pharmacy bottle is not considered the prescribing physician's written order; and
3. All medication, in the original bottle, be dropped off and picked up by the parents at the beginning and end of the prescription period.

The form with the above information may be obtained by contacting the School Nurse.

### HEALTH EXAMINATIONS

Students are required to have a health examination (physical) upon entering pre-kindergarten, kindergarten and in the 2nd, 4th, 7th and 10th grades. A licensed physician, physician assistant or a nurse practitioner must sign physical.

**Vision Screening:** Grades Kindergarten, 1, 2, 3, 5, 7 and 10 and at any other time deemed necessary.

**Hearing Screening:** Grades Kindergarten, 1, 3, 5, 7 and 10 and at any other time deemed necessary.

**Scoliosis Screening:** At least once each school year for all students in grades 5 through grade 9.

## Notification to Parents— Right to Know

Dear Parents/Guardians:

Per Title I legislation labeled, No Child Left Behind; you may request information regarding the professional qualifications of your child's classroom teacher(s) and paraprofessional staff.

### YOU MAY REQUEST THE FOLLOWING INFORMATION:

- A. Whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- B. Whether the teacher is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived;
- C. The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree; and
- D. Whether the child is provided services by paraprofessionals and, if so, their qualification.

If you would like further information, please do not hesitate to contact my office at 656-4161, ext. 214.

Sincerely,

*Gordon Daniels*

Interim Superintendent of Schools

## Greene Capital Project Update

This summer we will be undertaking Phase II of our capital program. When students and staff return this September there will be some very recognizable changes throughout the District, other items not so much. The major areas of work will be: a newly renovated kindergarten wing; complete renovation of the auditorium, including light and sound systems; new air handling and heating system for the community pool; a tennis court upgrade; new windows and store fronts at the Middle School; and specific areas will see flooring, ceiling, and lighting upgrades to LEDs.

This is all very exciting and will certainly address areas in need repair and upkeep in an effort to maintain a safe and secure facility for our students, staff and community. Thank you for all your support!

Blessings In a Backpack is a unique program that is designed to feed our school children who qualify and who are at risk of having little or no food on the weekends. As a result of little or no food on the weekend, the school notices low test scores, poor reading skills, poor behavior and increased illness. Better test scores, improved reading skills, positive behavior, improved health and increased attendance have all been attributed to the success of this program.

Most people don't realize that over 51% of Greene Central School's children receive the Federal Free and Reduced Price Meal Program. We believe the only way to help these children rise out of poverty is to ensure they have the proper nutrition they need during the school year so they can have every chance to learn and succeed.

The goal of the Blessings in a Backpack Program is to provide UPK-8th grade students with nutritious meals to take home and eat over the weekend. The hope is that this will better prepare them for Monday as well as the remainder of the week for overall academic success.

Greene Central Schools works in collaboration with the Zion Episcopal Church to support this program. Every student in the District UPK-8 will receive a letter at the beginning of the school year. If you feel this program would be a help to your family, each child UPK-8 would receive a bag of non-perishable food every Friday to eat over the weekend. Food is dispensed in a discreet and caring manner and runs for the entire school year. There is no cost to the families for this program.

*Feelin' Frazzled?  
Totally Tense?  
Under Pressure?*

*10 Tips to Keep  
You Cool, Calm  
and Collected*

### 1 Put your body in motion

Physical activity is one of the most important ways to keep stress away by clearing your head and lifting your spirits. Physical activity also increases endorphin levels—the natural “feel-good” chemicals in the body which leave you with a happy feeling. It's important to get up, get out, and get moving!

### 2 Fuel up

Eating breakfast will give you the energy you need to tackle the day. Eating regular meals and taking time to enjoy them will make you feel better too. Don't be fooled by the jolt of energy you get from sodas and sugary snacks—this only lasts a short time and once it wears off, you may feel sluggish and more tired than usual.

### 3 Laugh

Everyone has those days when they do something really silly or stupid—instead of getting upset with yourself, laugh out loud! No one's perfect! Life should be about having fun, so, lighten up!

### 4 Have fun with friends

Being with people you like is always a good way to ditch your stress. Friends can help you work through your problems and let you see the brighter side of things.

### 5 Spill to someone you trust

Talk to someone you trust or respect about what's bothering you. Talking out your problems and seeing them from a different view might help you figure out ways to deal with them. Just remember, you don't have to go it alone!

### 6 Take time to chill

Stress can sometimes make you feel like a tight rubber band—stretched to the limit! If this happens, take a few deep breaths to help yourself unwind.

### 7 Catch some zzzzz...

When you're overtired, a problem may seem much bigger than it actually is. Sleep is a big deal! Getting the right amount of sleep is important. Because your body (and mind) is changing and developing, it requires more sleep to re-charge for the next day. So don't resist, hit the hay!

### 8 Keep a journal

If you're having one of those crazy days when nothing goes right, it's a good idea to write things down in a journal to get it off your chest—like how you feel, what's going on in your life and things you'd like to accomplish.

### 9 Get it together

Too much to do but not enough time? Forgot your homework? Feeling overwhelmed or discombobulated? Getting everything done can be a challenge, but all you have to do is plan a little and get organized.

### 10 Lend a hand

Get involved in an activity that helps others. It's almost impossible to feel stressed out when you're helping someone else. Signing up for a public service project is a good idea, but helping others is as easy as saying hello, holding a door or volunteering to keep a neighbor's pet. The feeling you will get from helping others is greater than you can imagine!

## Third and Fourth Grade Barn Project is a Success

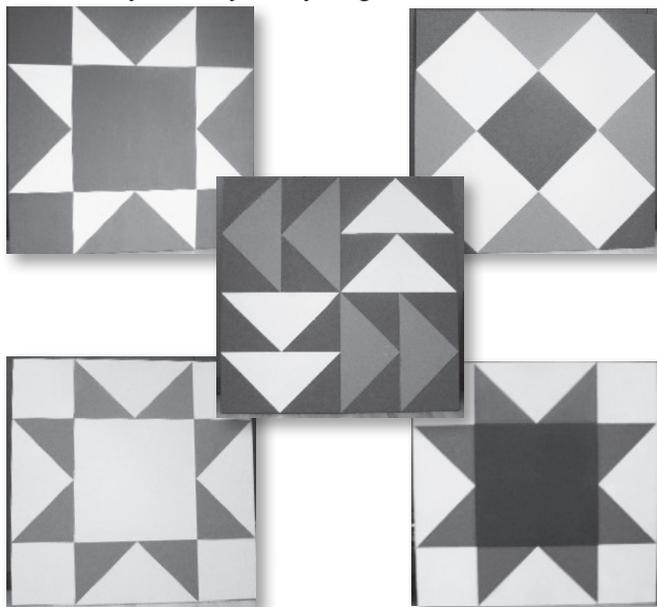

On June 10, 2015 the Greene Intermediate third and fourth grades came together in for one last look at each of the 34 barn quilts created within the past month. These barn quilts have now been taken to their new homes around our community to be displayed on homes, at the Ball Flats and businesses. A small sampling will stay at our school to be displayed.

The project was a success due to the following sponsors who each had the opportunity to meet the artists (students). So, thank you to the following sponsors who will be displaying a barn quilt within our community and have supported the arts in our school: Nancy Amell, the Becker Family, Ron Borgna, Robert and Lynn Brooks, Kay Borne and Shawn French, Teri and Pat Fedele, Linda Garbarino, Shirley and John Girton, the Hendershott Family, Carolyn Hunter, Marge Kennedy, Kris McDermott, Gail McMahon, Michelle Merwarth, Holly Mohr, Molly and Kevin Nolan, Joan Paino, The Rapp Family, the Sherwood Inn, the Turner Family, Sandra Utter and Glendna and Paul Washburn.

Many thanks to our teaching artist Cheryl Sergi and her guidance throughout this project. She spent countless hours doing touch ups and making sure each quilt was completed and looked fabulous. She had wonderful assistants, Sandee Utter and Mary Lake, working with her and we cannot thank them enough. Many thanks to Peter Browning and Chip Howell for sanding and priming each of the boards to prepare them for our students.

As you drive down our village streets and country roads be sure to look for one of these beautiful barn quilts made with love by our very own young residents.

## Student Council

It certainly was a busy year for the high school Student Council. A quick recap of this past year's events:

- Homecoming parade during the football game half-time the theme was GCS throughout the seasons
  - Pep assembly earlier in day—display of banners, new GCS spirit wear for all HS students, new games, skits played out by each grade level
  - Grand Marshall—**Sue Carlin**
  - Crowned King and Queen—**Luke Day** and **Lydia Howard**
  - Homecoming Dance—Fall theme

- GCS Food Drive for Rotary Christmas Baskets—Approximately 5,800 food items collected from the Middle School and High School students. Great job GCS!

- High School and Middle School Student Council adopted 12 families from our School District for Christmas gift giving
- Seven students attended a Student Leadership Day at the Binghamton Senators
- Spring spirit week-Broom Ball competition over three days-Winners: Seniors!
- Approximately 15 students attended a Leadership conference hosted by Bainbridge Guilford

- Black Light Dance—students are always very creative
- Election of new officers

Though we had a lot of fun times as shown above, our Student Council was continuously busy keeping spirits high and introducing new ideas. What a great year!

Ending our year, again we provide our utmost gratitude to our outgoing officers, who are also seniors: **Matt Carlin**, President; **Jessica Kehoe**, Vice President; **Maria Brown**, Secretary; **Kileen McLeary**, Treasurer. All of the officers this year were awarded with the Student Council Service Award. Their dedication and hard work has been most admirable and their efforts will continue to be seen in years to come.

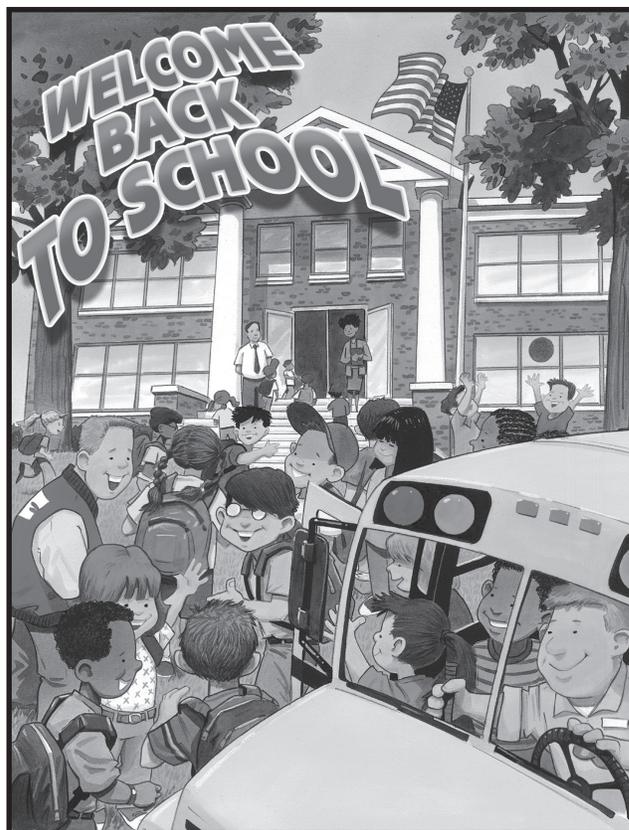

In preparation for our Student Councils officers' departure, the high school GCS student body elected

a new President and Vice President—**Keirsten Frair** and **Marissa Pavlovich**. Also appointed was **Amanda Walker**, secretary and **Nicole Hatfield**, Treasurer. These incoming seniors are already doing a lot of work in the background preparing for a successful 2016-2017 school year. The officers have met several times and have conducted their first meeting. Student Council was very excited to see so many incoming freshmen in attendance and is especially excited to hear their new ideas. Our first meeting (non-mandatory) will be later in the summer—informal and designed for team bonding. Keep up the good work!

### SAVE THE DATE!

Homecoming will be October 14 during the Trojans vs Harpursville football game. There will be a parade during half-time with our Grand Marshall leading the way. In the parade you will see a display of banners, many of our sports teams marching, and of course you cannot forget our princes, princesses and Homecoming Court. We do not know who these individuals are yet, but be sure to come out to support our Trojans and see this great parade.

Student Council looks forward to a great 2016-2017 school year! Go Trojans!

## New York State Immunization Requirements for School Entrance/Attendance <sup>1</sup>

**NOTES:**

Children in a prekindergarten setting should be age-appropriately immunized. The number of doses depends on the schedule recommended by the Advisory Committee on Immunization Practices (ACIP). For grades Pre-k through 8, intervals between doses of vaccine should be in accordance with the ACIP-recommended immunization schedule for persons 0 through 18 years of age. (Exception: intervals between doses of polio vaccine need to be reviewed only for grades prekindergarten, kindergarten, 1, 2, 6, 7 and 8.) Doses received before the minimum age or intervals are not valid and do not count toward the number of doses listed below. Intervals between doses of vaccine DO NOT need to be reviewed for grades 9 through 12. See footnotes for specific information for each vaccine. Children who are enrolling in grade-less classes should meet the immunization requirements of the grades for which they are age equivalent.

Dose requirements MUST be read with the footnotes of this schedule.

Vaccines	Prekindergarten (Day Care, Head Start, Nursery or Pre-k)	Kindergarten and Grades 1 and 2	Grades 3, 4 and 5	Grades 6, 7 and 8	Grades 9, 10, 11 and 12

1. Demonstrated serologic evidence of measles, mumps, rubella, hepatitis B, varicella or polio (for all three serotypes) antibodies is acceptable proof of immunity to these diseases. Diagnosis by a physician, physician assistant or nurse practitioner that a child has had varicella disease is acceptable proof of immunity to varicella.
2. Diphtheria and tetanus toxoids and acellular pertussis (DTaP) vaccine. (Minimum age: 6 weeks)
  - a. Children starting the series on time should receive a 5-dose series of DTaP vaccine at ages 2 months, 4 months, 6 months and at 15 through 18 months and at 4 years of age or older. The fourth dose may be received as early as age 12 months, provided at least 6 months have elapsed since the third dose. However, the fourth dose of DTaP need not be repeated if it was administered at least 4 months after the third dose of DTaP. The final dose in the series must be received on or after the fourth birthday.
  - b. If the fourth dose of DTaP was administered at age 4 years or older, the fifth (booster) dose of DTaP vaccine is not required.
  - c. For children born before 1/1/2005, only immunity to diphtheria is required and doses of DT and Td can meet this requirement.
  - d. Children ages 7 through 10 years who are not fully immunized with the childhood DTaP vaccine series should receive Tdap vaccine as the first dose in the catch-up series; if additional doses are needed, use Td vaccine. A Tdap vaccine (or incorrectly administered DTaP vaccine) received at 7 years or age or older will meet the 6th grade Tdap requirement.
  - e. For children 7 years of age or older who received the first dose on or after their first birthday, the immunization requirement is 3 doses. If the first dose was received before their first birthday, then 4 doses are required.
3. Tetanus and diphtheria toxoids and acellular pertussis (Tdap) vaccine. (Minimum age: 7 years)
  - a. Students 11 years of age or older entering grades 6 through 12 are required to have one dose of Tdap. A dose received at 7 years of age or older will meet this requirement.
  - b. Students who are 10 years old in grade 6 and who have not yet received a Tdap vaccine are in compliance until they turn 11 years of age.
4. Poliovirus vaccine (IPV/OPV). (Minimum age: 6 weeks)
  - a. Children starting the series on time should receive a series of IPV at ages 2 months, 4 months and at 6 through 18 months, and 4 years of age or older. The final dose in the series must be received on or after the fourth birthday and at least 6 months after the previous dose.
  - b. For students who received their fourth dose before age 4 and prior to August 7, 2010, 4 doses separated by at least 4 weeks is sufficient.
  - c. If the third dose of polio vaccine was received at age 4 years or older and at least 6 months after the previous dose, the fourth dose of polio vaccine is not required.
5. Measles, mumps, and rubella (MMR) vaccine. (Minimum age: 12 months)
  - a. The first dose of MMR vaccine must have been received on or after the first birthday. The second dose must have been received at least 28 days (4 weeks) after the first dose to be considered valid.
  - b. Students in grades kindergarten through 12 must have received 2 doses of measles-containing vaccine, 2 doses of mumps-containing vaccine and at least 1 dose of rubella-containing vaccine.
  - c. One dose of MMR is required for prekindergarten.
6. Hepatitis B vaccine
  - a. Dose 1 may be given at birth or anytime thereafter. Dose 2 must be given at least 4 weeks (28 days) after dose 1. Dose 3 must be at least 8 weeks after dose 2 AND at least 16 weeks after dose 1 AND no earlier than 24 weeks of age.
  - b. Two doses of adult hepatitis B vaccine (Recombivax) received at least 4 months apart at age 11 through 15 years will meet the requirement.
7. Varicella (chickenpox) vaccine. (Minimum age: 12 months)
  - a. The first dose of varicella vaccine must have been received on or after the first birthday. The second dose must have been received at least 28 days (4 weeks) after the first dose to be considered valid.
  - b. For children aged less than 13 years, the recommended minimum interval between doses is 3 months (if the second dose was administered at least 4 weeks after the first dose, it can be accepted as valid); for persons aged 13 years and older, the minimum interval between doses is 4 weeks.
8. Meningococcal conjugate vaccine (MenACWY). (Minimum age: 6 weeks)
  - a. One dose of meningococcal conjugate vaccine (Menactra or Menevo) is required for students entering grade 7.
  - b. For students in grade 12, if the first dose of meningococcal conjugate vaccine was received at age 16 years or older, the second (booster) dose is not required.
9. Haemophilus influenzae type b (Hib) conjugate vaccine. (Minimum age: 6 weeks)
  - a. Children starting the series on time should receive Hib vaccine at 2 months, 4 months, 6 months and at 12 through 15 months. Children older than 15 months must get caught up according to the ACIP catch-up schedule. The final dose must be received on or after 12 months of age.
  - b. If 2 doses of vaccine were received before 12 months of age, only 3 doses are required with dose 3 at 12 through 15 months of age and at least 8 weeks after dose 2.
  - c. If dose 1 was received at ages 12 through 14 months of age, only 2 doses are required with dose 2 at least 8 weeks after dose 1.
  - d. If dose 1 was received at 15 months of age or older, only 1 dose is required.
  - e. Hib vaccine is not required for children 5 years of age or older.
10. Pneumococcal conjugate vaccine (PCV). (Minimum age: 6 weeks)

  - b. Unvaccinated children 7 through 11 months of age are required to receive 2 doses, at least 4 weeks apart, followed by a third dose at age 12 through 15 months.
  - c. Unvaccinated children 12 through 23 months of age are required to receive 2 doses of vaccine at least 8 weeks apart.

## Youth Apprenticeship Program

Congratulations to **Kurt Hendershott** for receiving the Outstanding School-to-Careers Student Award provided by Broome-Tioga BOCES School-to-Careers Partnership. Kurt has been an apprentice at the Raymond Corporation for the past two years. He has rotated

through different departments and has immersed himself with several responsibilities. Kurt has taken many risks and worked outside of his comfort zone. His efforts and dedication to his apprenticeship has been admirable.

As a senior apprentice, these students know what it is like to take on so much responsibility between managing work, school, sports and their social life. We would like to congratulate (from left to right) **Taylor Wahlers,**

**Kurt Hendershott** and **Tyler VanOrden** on a job well done these past two years at the Raymond Corporation.

Lastly, for the past 25 years, the Raymond Corporation has been involved with the School-to-Careers Program through Broome-Tioga BOCES.

We would like to congratulate them on their School-to-Careers Outstanding Business Award and thank them for their continuous dedication and support of the Youth Apprenticeship Program.
