

Greene Central School NEWSLETTER

Volume XXXV, Number 1

September/October 2014

Superintendent's Message

By the time this newsletter reaches you, the start of school will be just around the corner. I look forward, anxiously, to the arrival of students on September 3. I trust that everyone had an enjoyable summer and that you too are looking forward to the opportunities and adventures that lie ahead.

As are all schools across New York State, Greene continues to work through changes associated with the transition to the Common Core. While there have been challenges with access to information and resources to support the changes required by this shift, our teachers and administrators have met every challenge head on. Staff has been actively searching out information, pursuing professional development and working collaboratively to ensure that our children are receiving the instruction they need and deserve.

One of the most visible issues surrounding the Common Core has been the impact this will have on assessments. Initial feedback from staff indicates that our students were well prepared for New York State testing. This past June we had our first experience with Common Core based Regents exams and we saw passing rates as high if not higher than we have enjoyed on previous traditional Regents Exams.

Despite considerable challenges and the confusion surrounding the shift to the Common Core, we are seeing more and more positives. I frequently hear from our teachers that they are impressed with what our children are capable of as they tackle these new standards. Challenges will most likely continue but we are confident that by working together, we will successfully make this adjustment. Congratulations to our students for your successes and thank you to our

faculty and staff for your efforts in meeting these changing expectations.

I am pleased to welcome our new Director of Special Programs, Ramona Luettgger. Miss Luettgger comes to us with extensive experience having served as Director of Special Education at both Bainbridge-Guilford and Johnstown Central Schools for 12 years. We are confident that her leadership will ensure the best possible service to our students and their families.

The Greene Central Schools Mission Statement charges us with providing quality programs and facilities while at the same time ensuring long-term fiscal stability. Just as our homes require regular attention and maintenance, our school facilities too, require this attention. After careful study and discussion we have begun the process of planning a 6.4 million dollar capital project. We have defined a scope of work that we feel is necessary for the continued

Important Newsletter Information

Please be advised that this issue will be the ONLY printed issue of our newsletter this year. In an effort to reduce costs, we have changed our newsletter to an electronic format. You may access the current and past newsletters on our webpage at www.greenecsd.org. This change should provide a significant cost savings in printing and postage. We will continue to print and mail all district budget materials as required by law. We urge everyone to visit our webpage frequently to keep apprised of important events at GCS.

viability of our facilities and programs. You will find a more detailed overview of our proposed project later in this newsletter.

Working closely with our fiscal advisors, this proposed project addresses our needs and does not add any additional burden on our taxpayers. Funding will come from monies set aside in our Capital Reserve Fund and through budgeted funds that will be available with the satisfaction of bonding from our 1996 capital project.

To learn more about this proposed project, its scope of work and how it will be financed, please join us at the Community Forum in the Auditorium on September 4, at 7:00 p.m. You may also view a short informational video and the presentation through links on our website.

“The foundation of every state is the education of its youth.” This quote is attributed to Diogenes Laertius who wrote extensively about many of the Greek philosophers. As a parent and as an educator I believe this is true. Greene Central School is staffed by qualified and caring people who also take this responsibility to our youth very seriously. As summer comes to an end, school opens and Autumn is just around the corner, I want to welcome everyone back and wish you a fun-filled and enjoyable year full of challenges and opportunities.

—Jonathan R. Retz, Superintendent of Schools

In Case of Bad Weather

GCS CLOSING POLICY

Adverse weather and/or road conditions may cause school closings or delays. Often, a one- or two-hour delay for our buses will allow road crews enough time to sand or clear roads, and provide a much safer transportation situation.

Parents should be advised that our bus drivers are instructed to not travel any road that appears to be in a hazardous condition. Therefore, even when school is in session, isolated groups of students may not receive bus transportation. Parents are asked to please be extremely cautious when having young students exposed to the cold or wind for lengthy periods of time.

In addition to our automated call system, announcements of delays, school closings or early dismissals are placed on our web page at www.greenecsd.org. Additionally, information is given to all area radio and television stations. You may also access school delay or cancellation information by calling our automated voice system at 656-4161 and following the prompts.

IN THE EVENT OF A DELAY:

- A. BOCES Occupation School Students—In the event of a one-hour delay in opening, morning BOCES occupational school students will be sent to the area center in Norwich, arriving for class one-hour later than usual. In the event of a two-hour delay in opening, morning BOCES students will not be sent to the area center.
- B. Students attending any special class or parochial school will be transported to their respective schools, but with a one- or two-hour delay in arrival time.

PLEASE KEEP IN MIND that if our school day begins with a one-hour delay, depending on the weather one of four things could happen:

- We may open;
- We could go to a two-hour delay, then open,
- We could go to a two-hour delay, then close; or
- We could close.

It is important to continue to watch and listen for updates!

EARLY DISMISSALS

In the event of a forecast that indicates approaching weather that may cause hazardous driving conditions, we may have an early dismissal. In this event, radio and television stations are notified. We urge parents to alert caregivers of this possibility to ensure that younger children are not left at home unsupervised. Parents of elementary children, please contact the school at your earliest convenience with babysitter information, so that the students are loaded properly on their bus.

Great News—Coming this Fall in the Cafeteria!

Greene CSD's Food Service Department is excited to provide you with a convenient and secure online payment service called MySchoolBucks. This website allows you to deposit money directly into your child's school meal account and view balance/purchase information for the past 90 days. By having money in each child's account prior to entering the cafeteria, we find that the lunch lines move along much faster, which gives your child more time to eat and be with friends.

THINGS TO KNOW:

- If you have more than one child in the District you can handle all prepayments from the same online account.
- Payments may be made with a Visa, MasterCard, and Discover cards, both credit or debit card. You may also make a payment using an e-check.
- In order to use the online prepayment service, a small convenience fee for each transaction will be assessed to cover the bank fees. The convenience fee is \$1.95 per deposit transaction. Parents placing money into multiple meal accounts will only be assessed the \$1.95 fee once per deposit transaction. Greene CSD will not profit from the use of this site. Please Note: You may fund up to \$120 per child, but a family may pay for all of their children on a single transaction.

We are very excited to offer this new service and are confident that MySchoolBucks will benefit you, your child and our District. If you choose not to take advantage of the online payment service you may continue to make advance payments via check, which should be made payable to Greene School Lunch Fund. ***Please remember to write your child's full name on the check.***

Additional details will be shared shortly through the Greene website and via a letter. For now, if you have any questions about this new service, please feel free to contact my office a 607-656-8679.

Thank You,
Kim Corcoran

Response to Intervention

Response to Intervention (RTI) is a process that matches instruction and intervention to student learning needs. RTI is designed as an early intervention process to support struggling learners. It requires general education teachers, AIS teachers, special education teachers and other school staff (guidance, psychologist, principal) to work together to determine which students have skill deficits, ensure that students receive interventions that match their needs, and check to see if progress is being made.

All students are screened through the RTI process. This is done to ensure that we are catching all students who are not meeting benchmarks and may be at risk of having a weakness in a particular skill. It is also important to provide a baseline of data and demonstrate that our curriculum (reading program, classroom activities, software programs, etc.) is effectively educating our children. Through this process, we can also determine if there are areas of our curriculum where a number of students are struggling. This process also allows us to provide valuable information to teachers and parents about the levels at which students are performing.

Screenings are completed throughout the school year. The screenings tell teachers how their students are performing on grade level skills. Teachers assess their students' progress through various skills that are essential to reading achievement. There are benchmarks set for each area that students should meet. For those students that do not meet these goals, intervention activities are put into place through a three-tiered model.

Tier I (General support)—the provision of general screening and group interventions that usually represent the core instructional program. If this instruction is adequately differentiated, the majority of the students will respond and achieve set benchmarks.

Tier II (Strategic support)—if students do not make adequate progress in Tier I, more intensive services and targeted interventions, usually in small group settings, are provided in addition to the instruction in the general curriculum. At Greene Central Schools, these supports are called Academic Intervention Services (AIS). Progress is monitored closely, and researched based interventions are put in place for at least six to ten weeks.

Tier III (Intensive support)—for students who do not respond to the targeted interventions in Tier II, eligibility for special education services may be considered. Additional testing could be suggested, and students would receive individualized, intensive interventions targeted to their specific skill deficits.

RTI has been promoted by NCLB and NYS Legislation and states that the RTI process should ensure that underachievement in a child suspected as having a specific learning disability is not due to lack of appropriate instruction and/or attempted interventions.

Please feel free to contact us with any questions you may have about the RTI process.

Transportation Department

The Greene Central School District takes great pride in providing the safest and most reliable transportation for our students. In order to do this, we must have the cooperation of all parents.

Students who are picked up or dropped off at locations other than their homes must fill out a Transportation Change Form. It is very important that you fill out this form even if your child went to the same sitter the previous school year. This information must be on file with the Transportation Department two weeks prior to the change. Forms may be picked up at the Primary Office on East River Road, the Business Office on South Canal Street, the High School Office or the Bus Garage, or you may access the school webpage at greenecsd.org and print one out.

The bus routes and time schedules will be similar to last year. Please have your children ready at their bus stop before the bus arrives. If your children are carrying books or school supplies, please provide them with a bag to prevent objects from being dropped while loading and unloading. Again this year, we expect your cooperation with students' bus riding procedures and discipline. Please make sure you cut drawstrings off your child's clothing and/or bags so they do NOT get caught in the handrail of the bus.

A reminder to all motorists—please be aware of school bus traffic and do not interfere with loading or unloading of busses in the school parking lots. It is illegal at all times to pass a stopped school bus, with red lights flashing.

Bus safety is a team effort. If you have any concerns or questions, please call the Transportation Department at 656-4161, ext. 223.

Bus Garage Open House on August 21, 2014

Greene Central School has scheduled an open house at the Bus Garage on August 21, from 5:00-7:00 p.m. This will give members of the community an opportunity to stop by and look over the facility. More importantly, incoming elementary students will have an opportunity to take a short bus ride prior to the start of school.

There will also be a station for students to practice safe crossing. If you have some free time on August 21, please plan to stop by the GCS Bus Garage on East River Road. Refreshments will be served.

Early Dismissal Drill on September 26, 2014

Dear Parents and Guardians:

As you may be aware, all school districts in New York State must comply with the Commissioner of Education's Regulation 155.13, which requires written annual instructions to parents, students, and staff regarding district emergency management plans. The complete plans are on file and available in the District Office and in each principal's office.

The object of emergency planning is to anticipate problems in dealing with natural and man-made disasters. Depending on the kind and intensity of the disaster, the school may be required to carry out any of the following procedures:

- | | |
|------------------------|---------------|
| 1. School Cancellation | 2. Evacuation |
| 3. Early Dismissal | 4. Sheltering |

Sheltering and early dismissal drills are held at least once a year. The Greene Central School District has scheduled its annual test of the early dismissal plan for Friday, September 26, 2014. Students will be released 15 minutes earlier than the normally scheduled time. The students at BOCES programs and other programs off site will be released even earlier so that all students will leave the high school parking lot at approximately 2:15 p.m.

In the event of a real emergency, procedures may be carried out without advanced notice. Children may be coming home to empty homes or locked doors. Parents should make contingency plans with their children in the event of an emergency, especially if the children require supervision.

Please make appropriate arrangements for the early arrival of your children as a result of this drill. If you have any questions, you may contact your child's building principal or the Transportation Department at 656-4161, ext. 223.

HS Welcome Back Note

As I sit here at my desk in the third week of July it is a little difficult to get my thoughts together for a welcome back message because that happens when summer is over and I am sure there aren't any of us who are at the point where we want summer to end. Many of us probably feel like summer has just begun. However, as I think about the start of the new school year I can't help but reflect on the previous school year and all of our students' and teachers' accomplishments.

Our New York State regent's results were, once again, very good. Our students in the three math regents' exams—algebra, geometry, and algebra 2/trigonometry—achieved passing percentages of 95%. Our students in living environment (formerly biology) achieved a passing percentage of 100% with 74% of the students achieving a score of 85 or higher. Global Studies students achieved an 86% passing percentage; U.S. History students achieved a 95% passing percentage; earth science students achieved an 85% passing percentage and chemistry students achieved an 82% passing percentage. These passing percentages speak loud and clear for the hard work of our students and teachers alike during the 2013-2014 school year.

As many of you might be aware we had some new exams from the State this year connected to the Common Core initiatives. These exams were in the areas of ELA (English Language Arts) and Algebra. While we had some information about what would be included on these tests, they were new tests with teachers teaching familiar material in an unfamiliar way for the first time. Our students did very well. They achieved a passing percentage in Algebra Common Core of 87% and in ELA of 85%; given all the anxiety and trepidation that preceded these exams these are excellent results that we anticipate will continue to get better.

Lately I have been hearing a lot of statistics about the dismal graduation rates in the United States. Let me tell you that in Greene that is not the case. All of the students that started the school year as seniors successfully completed the year and received a high school diploma. Great job students and teachers!

So the 2013-2014 school year saw much student success and we look forward to the 2014-2015 school year anticipating the same level of success or higher. At our graduation ceremony in June I mentioned the value of "self-discipline" in achieving success in one's life and a quote that I came across sums it up nicely, "Do what you should do, when you should do it; whether you feel like it or not."

As we approach the coming school year let's all make a resolution to follow this advice and combine it with being in school and in class every day. Do your homework and stay during 9th period for extra help if you don't understand something or are absent due to illness. Taking these steps and performing them faithfully, day in and day out, whether you "feel like it or not," will get us all to June, 2015 with the same level of success or higher than we enjoyed this past year.

Enjoy the remainder of the summer and I look forward to greeting each of you in the hallways upon your return in September.

—James Walters, HS Principal

Fall Tips from HS Guidance

FRESHMEN/SOPHOMORES

- Join clubs and activities.
- Keep in contact with teachers, counselors, and activity advisors who you connect with. They can write letters of recommendation later.
- Talk about saving for college with your family.
- Volunteer—it's a great experience!
- Begin to think about a college choice. Remember that you have time to explore what you want in a college.
- Challenge yourself with difficult courses.
- Sophomores—take the PLAN test. This will introduce you to standardized testing and also provide you with an interest inventory.

JUNIORS

- Explore financial aid options and college planning with your family.
- Take the most challenging courses you can. Admission offices look for challenging coursework.
- Research prospective colleges.
- Continue to stay active in clubs, activities, and volunteer work.
- From what teachers, counselors, or advisors might you want a recommendation?
- Keep track of your activities and accomplishments for your resume.
- Sign-up for the PSAT, which will help prepare you for college entrance exams, like the SAT.

SENIORS

- Request applications and brochures from your target colleges/universities.
 - Attend college fairs and speak to campus representatives. Remember to check in Guidance for the many different colleges that come to Greene High School!
 - Take the SAT and/or ACT in the fall, again or if you haven't already.
 - Schedule interviews with prospective colleges. Practice your interview skills before heading to the actual interview.
 - Continue to visit any prospective colleges.
 - Take honors or advanced classes. Challenging courses show that you may be more prepared for challenging college coursework.
 - Set up a budget for college and application costs.
 - Get your applications in order by creating files for target schools. Make a list of application requirements (essays, transcripts, recommendations, etc.) and deadlines for each.
 - Request letters of recommendation from teachers, counselors, coaches, and employers at least three weeks before you need them. Provide them with a resume.
 - Work on college application essays.
 - Look for part-time jobs, internships, and volunteer work.

MS Welcome Back Note

Dear Greene Middle School Community,

Welcome to the 2014-2015 school year. I am thrilled to be a part of the Middle School again this year. I have been appointed as the Middle School Principal, and Mr. Walters will be the High School Principal this year. I hope you had a restful and relaxing summer and are excited about the start of school. I have to say that I am excited by the amazing possibilities of the coming school year. I want to take a moment to offer a special welcome to any of our new GCS families. The offices of the school are open and please know that my door is always open as well. If you can't get in to see us, please make sure to visit our website for valuable information and event dates. Also, please don't hesitate to send me or any of our staff an email if you have any questions or concerns.

Middle school is a vital bridge between elementary school and high school—it is also a period when young people, often for the first time in their lives, begin actively seeking a sense of purpose and place. It is our job to provide our students with opportunities, while also keeping them engaged, challenged and supported. Our children are gifts with limitless potential. Through the efforts of our entire school community, we can help them to develop their own unique skills and talents, and prepare them for continued success far beyond their early adolescent years.

A primary vehicle through which we accomplish this growth and development is our interdisciplinary teams. There are several pillars to effective teaming—among them are: 1) students sharing a common set of interdisciplinary teachers for all core classes; 2) teachers working in close physical proximity to one another, enabling greater collaboration; 3) teachers and counselors having regularly scheduled team meetings during a common planning time. This daily face-to-face interaction facilitates early intervention; and perhaps, most importantly, 4) teachers sharing a philosophy about how a developmentally responsive middle-level curriculum is delivered. Our goal is social, emotional, and academic growth for all students.

Our mission again this year at the Greene Middle School is to create an environment that builds respect for self and others through a team approach, and in partnership with the community, will strive to meet the unique developmental needs of students in transition, from children to young adults and from dependent to independent learners.

2014-15 will be an amazing school year and I look forward to working with all of you!

Sincerely,
Timothy M. Calice
Middle School Principal

Intermediate School Welcome

It is time to begin the 2014-2015 school year. I hope everyone had a relaxing and enjoyable summer. Here are some reminders/suggestions to help you successfully begin the year:

- School hours are from 7:45 a.m. to 2:00 p.m. Doors open at 7:25 for students to go to the Library. Breakfast is served daily. Students who arrive after 7:55 a.m. are considered tardy and they need to check in at the Main Office. We ask that all visitors stop in the Main Office to sign in and sign out when picking up children or visiting classrooms.
- 5th grade will be departmentalizing for the 2014-2015 school year. All students will start with a homeroom teacher but will receive their direct instruction from a few core teachers: Mr. Tallman—Math; Mrs. Novitsky—Reading/ELA; Mrs. Giannetto—Science/Social Studies; Mrs. Blakeslee—Inclusion Support/LLI.
- Instructional priorities for the Intermediate School are continued implementation of the Common Core, Response to Intervention (RTI), Level Literacy Instruction (LLI), Aimsweb benchmarks, and I-ready assessments and Common Core instructional materials from Curriculum Associates.
- Students will be allowed to stay after school for academic support or extra-curricular activities. A 2nd bus run will be available at 3:00 on Tuesdays, Wednesdays, and Thursdays. Academic support will take priority over extra-curricular activities if there is a conflict on any given day.
- Student information and transportation forms will be sent home during the first week of school. Please update the form and notify the school if there are any changes throughout the year. This information is extremely important especially during early dismissals.
- Students have physical education class everyday and sneakers are required. Additionally students in grades 4 and 5 are required to have a change of clothes.
- The Intermediate School has student assemblies in the gymnasium once per month. The starting time is 8:30 a.m. Typically they are scheduled for the first Friday of the month. An assembly schedule will be added to the school website.
- Please read the information in your Parent/Student Handbook and the Code of Conduct.
- The District implemented the Olweus Bullying Prevention Program during the 2012-2013 school year. Class meetings/discussions will continue. There will be a school kickoff event in the fall.

STUDENT EXPECTATIONS ARE:

1. We will not bully others.
2. We will try to help students who are bullied.
3. We will make it a point to include students who are left out.
4. If we know that somebody is being bullied, we will tell an adult at school and at home.

If you have any questions, please call the Intermediate School office at 656-9891. I look forward to seeing everyone on September 3. The Open House for the Intermediate School is on September 18, from 6:30 to 7:30 p.m.

—Bryan Ayres, Principal

Primary School Welcome

The 2014-2015 school year is here—welcome back! I hope everyone had an enjoyable summer and is ready to return to school to become the best students they can be. I am very excited to be starting my second year here at Greene Primary School.

This school year we are welcoming Mrs. Erickson to our 2nd grade team. In addition, our Pre-First program was reinstated and we welcome Mrs. Kozak into that position. Also, returning from maternity leave is Mrs. Rullo and she will be continuing in 2nd grade.

We have done a lot of planning and curriculum work this summer and are excited to begin our programs. Morning program will have an earlier start time this year (8:05 a.m.) and I remind parents and visitors to please stop in the Main Office to sign in and then go directly to the Gymnasium when attending our events. You will also notice at morning program this year that we have tried to incorporate more movement and Arts In Education activities. We hope you enjoy them!

Our curriculum has shifted over the past few years with the implementation of the NYS Common Core Standards. We have alternately aligned our curriculum to reflect the rigor required and also implement some modules. The Listening and Learning modules build on each other and are systematic based on prior knowledge. They have allowed our students of all abilities to discuss and analyze the richest pathways to develop robust language capacities. We also combined the math modules with our Envisions math program. This allows our students to see many different ways to solve problems.

This past year we further developed our RTI process and were able to service entire grade levels in areas of need and enrichment. Our plan is to continue this process in reading and hopefully begin to include math as we move through the school year. We use a variety of screening tools for all students and use the data to ensure we are catching all students who are not meeting benchmarks and may be at risk of having a weakness in a particular skill. This process also allows us to provide valuable data to our teachers and parents.

IN ORDER TO GET THE SCHOOL YEAR STARTED SUCCESSFULLY, WE OFFER THESE SUGGESTIONS.

- Students should wear safe footwear daily and have a pair of sneakers at school to wear. Students have physical education classes every day and sneakers are required.
- Please label all clothing, backpacks, etc. If your child loses any belongings, check the Lost and Found items in the school office.
- A backpack or book bag is helpful to carry school items. Backpacks should be standard size, in order to fit folder in.

Health News

HEAD LICE

As you begin to prepare your child for the new school year, take time to check for head lice. Head lice are tiny, wingless, grayish-tan insects. They live and breed in human hair. Their eggs, called nits, are small whitish specks which are deposited on the hair shafts close to the scalp. They are most commonly seen at the base of the neck and around the ears. These nits can sometimes be mistaken for dandruff, but they cannot be brushed away easily.

The condition is not something to be ashamed of because it has nothing to do with cleanliness, who you are, or where you live. Head lice can be transmitted by direct contact with an individual who is already infested or through contact with lice-exposed personal articles (e.g. hats, scarves, combs, brushes). They do not jump or fly. If you suspect that your child has head lice, the following is recommended.

1. Inspect all family members and treat everyone at the same time.
2. Purchase an approved medicated lice-killing shampoo and follow the directions carefully.
3. After shampooing, comb child's hair with a fine tooth comb to remove dead eggs. Child must be nit free to return to school.
 - A. While hair is damp, comb out tangles with a regular comb.
 - B. Part hair and work on one section at a time, combing with a fine tooth nit comb from top of the strand down to the end. Pin each strand up after you have combed out all the nits.
 - C. Wipe nits from comb often with a tissue. Dispose of tissue in sealed plastic bag.
4. Machine wash in hot water and dry all clothing, towels and bed linens that have come in contact with the infested person. Non-washable items can be place in a hot dryer for 20 minutes. Vacuum furniture and carpets. Brushes and combs should be soaked in the special medicated shampoo or in very hot water for at least 10 minutes. For personal items that cannot be washed, isolate them in a plastic bag for two weeks. When ready, open the bag outdoors and shake each item vigorously.
5. Instruct children not to share combs, hats or other personal articles.
6. Continue to examine your child for nits and remove them. A second treatment can be given in 7-10 days.

We will monitor head lice throughout the year. If your child should come in contact with head lice, please notify the school.

ADMINISTRATION OF MEDICATION

If a student must take medication during school hours, the school requires the following (**This includes all prescription medication and non-prescription medication, such as cough drops, Tylenol, etc.):**)

1. A signed, written request from the parent or guardian.
2. The written order of prescribing physician, indicating the medication, purpose, dosage requirements and any possible side effects. The label on the original pharmacy bottle is not considered the prescribing physician's written order; and
3. All medication, in the original bottle, be dropped off and picked up by the parents at the beginning and end of the prescription period.

The form with the above information may be obtained by contacting the School Nurse.

HEALTH EXAMINATIONS

Students are required to have a health examination (physical) upon entering pre-kindergarten, kindergarten and in the 2nd, 4th, 7th and 10th grades. A licensed physician, physician assistant or a nurse practitioner must sign physical.

Vision Screening: Grades K, 1, 2, 3, 5, 7 and 10 and at any other time deemed necessary.

Hearing Screening: Grades K, 1, 3, 5, 7 and 10 and at any other time deemed necessary.

Scoliosis Screening: At least once each school year for all students in grades 5-9.

IMMUNIZATION

REQUIREMENT FOR 6TH GRADERS:

- One (1) T-dap (Tetanus, Diphtheria and Acellular Pertussis)
- Two (2) Varicella vaccines

Please check with your doctor and make sure that your child has these immunizations. The school needs proof that your child/children had the immunization before the start of school in September. All students have had at least one varicella or proof of varicella disease in order to start kindergarten. Please make sure your child has had a second dose and their T-dap before the start of school or a note from your physician stating when their appointment date is to receive the vaccines.

Pesticide Notification

Dear Parent, Guardian, and School Staff

New York State Education Law Section 409-H, effective July 1, 2001, requires all public and non public elementary and secondary schools to provide written notification to all persons in parental relation, faculty, and staff regarding the potential use of pesticides periodically throughout the school year.

As a reminder, the Greene CSD is required to maintain a list of persons in parental relation, faculty, and staff who wish to receive 48-hour prior notification of certain pesticide applications. The following applications are not subject to prior notification requirements:

- a school remains unoccupied for a continuous 72-hours following application;
- anti-microbial products;
- nonvolatile rodenticides in tamper resistant bait stations in areas inaccessible to children;
- silica gels and other nonvolatile ready-to-use pastes, foams, or gels in areas inaccessible to children;
- boric acid and disodium octaborate tetrahydrate;
- the application of EPA designated biopesticides;
- the application of EPA designated exempt materials under 40CFR152.25;
- the use of aerosol products with a directed spray in containers of 18 fluid ounces or less when used to protect individuals from an imminent threat from stinging and biting insects including venomous spiders, bees, wasps, and hornets.

In the event of an emergency application necessary to protect against an imminent threat to human health, a good faith effort will be made to supply written notification to those on the 48-hour prior notification list.

If you have not yet registered to receive 48-hour prior notification of pesticide applications that are scheduled to occur in your school, please complete the form below and return it to the Greene CSD pesticide representative at: Mr. Jordon Lilley, GCS, 40 S. Canal St., Greene, NY 13778; or fax: (607) 656 5031.

Child Find Requirements

Child Find is the process of locating, evaluating, and identifying students with disabilities who are in need of special education services, from birth to 21 years old. According to federal special education law, IDEA 2004, this includes all students, including those who are homeless, wards of the State, or attending private schools, regardless of the severity of their disabilities.

If you have a child with a suspected disability, age birth to 3 years old, we encourage you to contact the Early Intervention Program at the Chenango County Health Department. Call 607-337-1729 at the Chenango County Office Building, 5 Court Street, Norwich, New York 13815. For children ages 3-5, you may contact the Committee on Preschool Special Education, at Greene Central School, 607-656-4161, ext. 685, or the Chenango County Representative on Preschool Special Education, also at the Chenango County Health Department, at 607-337-1731.

If you have a child with a suspected disability between the ages of 5-21, please contact your child's teacher at Greene Central School. We are now required to try a number of academic or behavioral interventions when a student has a suspected disability. If the student is not responding after an appropriate period of time to the interventions, then the student's teacher will refer the student to the Child Study Team, or the Grade Level Team, and additional interventions will be suggested and documented. It is at that time that a student may be referred to the Committee on Special Education.

When a student is referred to the Committee on Special Education for a suspected disability, they are given an individual evaluation to identify the need for special education services. A student is eligible for special education services if it is determined that he/she has a disability that is interfering with the student's learning. If the Committee on Special Education determines that your child is eligible for special education services, the Committee must identify the one disability category that most appropriately describes your child.

A school-aged student will qualify for special education services when they have one or more of the following disabilities, which adversely affects educational performance: Autism, Deafness, Deaf-Blindness, Emotional Disturbance, Hearing Impairment, Learning Disability, Mental Retardation, Multiple Disabilities, Orthopedic Impairment, Other Health-Impairment, Speech or Language Impairment, Traumatic Brain Injury, or Visual Impairment.

The Committee on Special Education will develop and implement an individualized education program (IEP) to address your child's individual needs. Services, such as integrated co-teaching, consultant teacher, or resource room may be provided. Related services, such as speech/language therapy, occupational therapy, physical therapy, or counseling may also be provided. Your child may need classroom or testing accommodations to help him or her successfully access the general education curriculum.

If you would like further information, please contact the CSE Office at Greene Central School, at 656-4161, ext. 685.

New York State

Property Tax Freeze Credit Fact Sheet

The Property Tax Freeze Credit is a two-year tax relief program that reimburses qualifying New York State homeowners for increases in local property taxes on their primary residences.

In order for the credit to be available to the homeowners in a local taxing jurisdiction, the jurisdiction must comply with the New York State Property Tax Cap and, after the first year, must also develop an efficiency plan.

Eligibility requirements

1. Homeowner requirements

To be eligible for the credit, homeowners must meet the requirements for the STAR property tax exemption:

- The property must be the homeowner's primary residence.
- The total household income must be \$500,000 or less.

New York City homeowners are **not** eligible for the freeze credit. New York City homeowners and renters are, however, eligible for the New York City Circuit Breaker Tax Credit.

2. School district /local government requirements

The requirements imposed on taxing jurisdictions (school districts and local governments) will be phased in over two years.

Year 1: The jurisdiction must comply with the property tax cap. This means the increase in the tax levy cannot be more than that allowed by a formula established by State law.

Year 2: In the second year, the jurisdiction must comply with the tax cap and also develop and implement a Government Efficiency Plan to reduce costs by consolidating services.

Timeline and Requirements for School Districts*

Year	Eligibility Requirement
Year 1 (2014-15)	Comply with tax cap only
Year 2 (2015-16)	Comply with tax cap and submit an efficiency plan by June 1, 2015 that is determined to be compliant by the State Division of Budget.

Timeline and Requirements for Local Governments*

Year	Eligibility Requirement
Year 1 (fiscal years beginning in 2015)	Comply with tax cap only
Year 2 (fiscal years beginning in 2016)	Comply with tax cap and submit an efficiency plan by June 1, 2015 that is determined to be compliant by the State Division of Budget.

* Different rules apply in Buffalo, Rochester, Syracuse, and Yonkers – see page 2.

Jurisdictions' eligibility determined separately

Each taxing jurisdiction is treated separately for purposes of eligibility for the credit. For example, a homeowner may be subject to town, village, and fire district taxes. If only the town and village comply with the requirements:

- the homeowner will receive a credit based on increases to town and village taxes, and
- since the fire district did not comply, the homeowner will **not** receive a credit based on the fire district tax.

Credit amounts

As a general rule, the freeze credit will fully reimburse eligible homeowners for increases to their taxes imposed by all jurisdictions that comply with the eligibility requirements. The freeze credit will be the greater of:

- the actual increase in the homeowner's tax bill, or,
- the previous year's tax bill multiplied by an inflation factor (the lesser of 2% or inflation). For 2014 the inflation factor for school districts is 1.46%.

Homeowners whose tax bills go down, stay the same, or increase less than the inflation factor will receive a credit equal to the previous year's tax bill multiplied by the inflation factor.

Calculating increases using baseline year

The increase is calculated as the difference between the homeowner's taxes in:

- the year before the freeze went into effect (baseline year), and
- the current year.

If the taxing jurisdiction is compliant for both years of the freeze:

- In **year one**, the credit will be determined based on the tax paid in year one and the tax paid in the baseline year.
- In **year two**, the credit will be determined based on the tax paid in year two and the tax paid in the baseline year.

If the taxing jurisdiction is only compliant in the second year of the freeze, the credit will be determined based on the tax paid in the second year and the tax paid in the previous year - **not** the baseline year.

Exceptions

There are some exceptions. The credit will not reimburse homeowners for increases that are the result of:

- improvements to the property that increase its value,
- changes in a property's exemption status,
- a jurisdiction-wide reassessment to the extent the increase in the homeowner's assessed value exceeds the average change in assessed value.

How to get the credit

Eligible homeowners do not need to do anything to receive the credit. The Tax Department will review eligibility data and calculate the credit for all qualifying taxing jurisdictions. In the Fall of each of the program's three years (2014, 2015, 2016), the department will mail eligible taxpayers a single check that will be the total of the credits for each jurisdiction that is in compliance.

Freeze Credit Payment Calendar

Fall 2014	Year 1 - School district (October-November timeframe)
Fall 2015	Year 2 - School district & Year 1 - Local government
Fall 2016	Year 2 - Local government

Homeowners who do not receive a check and who believe they are entitled to the credit (or who believe the credit should have been larger) will be able to contact the Tax Department to have their case reviewed.

Co-ops and mobile homes

The credit for co-ops and mobile homes that are not separately assessed will be calculated as such:

- **Co-op owners:** the credit will be 60% of the average credit for the jurisdiction.
- **Mobile home owners:** the credit will be 25% of the average credit for the jurisdiction.

WHAT YOU, AS A PARENT/GUARDIAN, AND YOUR CHILD, AS A STUDENT, NEED TO KNOW NOW

On September 8, 2010, Governor Patterson signed the Dignity for All Students Act. WHAT ARE SCHOOL DISTRICTS REQUIRED TO DO?

Greene Central School District Code of Conduct #7410

REVISED JUNE 19, 2013

I. INTRODUCTION

The Board of Education ("board") is committed to providing a safe and orderly school environment where students may receive and district personnel may deliver quality educational services without disruption or interference. Responsible behavior by students, teachers, other district personnel, parents and other visitors is essential to achieving this goal.

The district has a long-standing set of expectations for conduct on school property and at school functions. These expectations are based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty and integrity.

The board recognizes the need to clearly define these expectations for acceptable conduct on school property, to identify the possible consequences of unacceptable conduct, and to ensure that discipline when necessary is administered promptly and fairly. To this end, the board adopts this code of conduct ("code").

Unless otherwise indicated, this code applies to all students, school personnel, parents and other visitors when on school property or attending a school function.

II. DEFINITIONS

For purposes of this code, the following definitions apply.

- **"Bullying"** is when someone repeatedly and purposely says or does mean and hurtful things to another person who has a hard time defending him or herself.

- **"Disruptive student"** means an elementary or secondary student under the age of 21 who is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom or interferes with a bus driver's ability to safely operate a school bus.
- **"Employee"** means any person receiving compensation from a school district or employee of a contracted service provider or worker placed within the school under a public assistance employment program, pursuant to title nine-B of article five of the Social Services Law, and consistent with the provisions of such title for the provision of services to such district, its students or employees, directly or through contract, whereby such services performed by such persons involve direct student contact (Education Law §§11[4] and 1125[3]).

This dress code, while directed specifically at students, will be in force for all members of the school community. This includes visitors, parents or anyone conducting business at the school.

VII. PROHIBITED STUDENT CONDUCT

The board of education expects all students to conduct themselves in an appropriate and civil manner, with proper regard for the rights and welfare of other students, district personnel and other members of the school community, and for the care of school facilities and equipment.

The best discipline is self-imposed, and students must learn to assume and accept responsibility for their own behavior, as well as the consequences of their misbehavior. District personnel who interact with

students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

The board recognizes the need to make its expectations for student conduct while on school property or engaged in a school function specific and clear. The rules of conduct listed below are intended to do that and focus on safety and respect for the rights and property of others. Students who will not accept responsibility for their own behavior and who violate these school rules will be required to accept the penalties for their conduct.

VIII. REPORTING VIOLATIONS

All students are expected to promptly report violations of the code of conduct to a teacher, guidance counselor, the building principal or his or her designee. Any student observing a student possessing a weapon, alcohol or illegal substance on school property or at a school function shall report this information immediately to a teacher, the building principal, the principal's designee or the superintendent.

All district staff who are authorized to impose disciplinary sanctions are expected to do so in a prompt, fair and lawful manner. District staff who are not authorized to impose disciplinary sanctions are expected to promptly report violations of the code of conduct to their supervisor,

who shall in turn impose an appropriate disciplinary sanction, if so authorized, or refer the matter to a staff member who is authorized to impose an appropriate sanction.

Any weapon, alcohol or illegal substance found shall be confiscated immediately, if possible, followed by notification to the parent of the student involved and the appropriate disciplinary sanction if warranted, which may include permanent suspension and referral for prosecution.

All students are expected to promptly report instances of bullying (verbal, physical, cyber-bullying), harassment, discrimination or hazing on school property or at a school function immediately to proper school personnel.

The building principal or his or her designee must notify the appropriate local law enforcement agency of those code violations that constitute a crime and substantially affect the order or security of a school as soon as practical, but in no event later than the close of business the day the principal or his or her designee learns of the violation. The notification may be made by telephone, followed by a letter mailed on same day as the telephone call is made. The notification must identify the student and explain the conduct that violated the code of conduct and constituted a crime.

IX. DISCIPLINARY PENALTIES, PROCEDURES AND REFERRALS

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

Disciplinary action, when necessary, will be firm, fair and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

1. The student's age.
2. The nature of the offense and the circumstances which led to the offense.
3. The student's prior disciplinary record.
4. The effectiveness of other forms of discipline.
5. Information from parents, teachers and/or others, as appropriate
6. Other extenuating circumstances.

As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lighter penalty than subsequent violations.

If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the Committee on Special Education and discipline, if warranted, shall be administered consistent with the separate requirements of this code of conduct for disciplining students with a disability or presumed to have a disability. A student identified as having a disability shall not be disciplined for behavior related to his/her disability.

If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the Committee on Special Education and discipline, if warranted, shall be administered consistent with the separate requirements of this code of conduct for disciplining students with a disability or presumed to have a disability. A student identified as having a disability shall not be disciplined for behavior caused by or had a direct and substantial relationship to the disability or if the conduct was a direct result of the district's failure to implement the IEP.

A. Penalties

Students who are found to have violated the district's code of conduct may be subject to the following penalties, either alone or in combination. The school personnel identified after each penalty are authorized to impose that penalty, consistent with the student's right to due process.

B. Disciplinary and Remedial Options

The district emphasizes the creation and maintenance of a positive learning environment for all students. Measured, balanced, and age-appropriate responses, remedies and procedures focusing on intervention and education are needed to maintain the desired learning climate. Remedial responses which may be utilized include:

1. Peer support groups; corrective instruction or other relevant learning or service experience;
2. Supportive intervention;
3. Behavioral assessment or evaluation;
4. Behavioral management plans, with benchmarks that are closely monitored;
5. Student counseling and parent conferences.

Beyond these individual-focused remedial responses, school-wide or environmental remediation also be an important tool to address behavioral concerns. Environmental remediation strategies may include:

1. Supervisory systems which empower school staff with prevention and intervention tools to address behavioral concerns;
2. School and community surveys or other strategies for determining the conditions contributing to the relevant behavior;
3. Adoption of research-based, systemic programs;
4. Modification of schedules;
5. Adjustment in hallway traffic and other student routes of travel;
6. Targeted use of monitors;
7. Staff professional development;
8. Parent conferences;
9. Involvement of parent-teacher organizations; and
10. Peer support groups.

C. Procedures

The amount of due process a student is entitled to receive before a penalty is imposed depends on the penalty being imposed. In all cases, regardless of the penalty imposed, the school personnel authorized to impose the penalty must inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the alleged misconduct. All students will have an opportunity to present their version of the facts to the school personnel imposing the disciplinary penalty in connection with the imposition of the penalty.

Students who are to be given penalties other than an oral warning, written warning or written notification to their parents are entitled to additional rights before the penalty is imposed. These additional rights are explained below.

1. Detention

Teachers, principals and the superintendent may use after school detention as a penalty for student misconduct in situations where removal from the classroom or suspension would be inappropriate. Detention will be imposed as a penalty only after the student's parent has been notified to confirm that there is no parental objection to the penalty.

2. **Suspension from transportation**

If a student does not conduct himself/herself properly on a bus, the bus driver is expected to bring such misconduct to the building principal's attention. Students who become a serious disciplinary problem may have their riding privileges suspended by the building principal or the superintendent or their designees. In such cases, the student's parent will become responsible for seeing that his or her child gets to and from school safely. Should the suspension from transportation amount to a suspension from attendance, the district will make appropriate arrangements to provide for the student's education.

A student subjected to a suspension from transportation is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the building principal or the principal's designee to discuss the conduct and the penalty involved.

3. **Suspension from athletic participation, extra curricular activities and other privileges**

A student subjected to a suspension from athletic participation, extra-curricular activities or other privileges is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official imposing the suspension to discuss the conduct and the penalty involved.

4. **In-school supervision**

The board recognizes the school must balance the need of students to attend school and the need for order in the classroom to establish an environment conducive to learning. As such, the board authorizes building principals and the superintendent to place students who would otherwise be suspended from school as the result of a code of conduct violation in "in-school supervision." The in-school supervision staff member will be a certified or licensed employee.

A student subjected to an in-school supervision is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official imposing the in-school supervision to discuss the conduct and the penalty involved.

5. **Teacher disciplinary removal of disruptive students**

A student's behavior can affect a teacher's ability to teach and can make it difficult for other students in the classroom to learn. In most instances the classroom teacher can control a student's behavior and maintain or restore control over the classroom by using good classroom management techniques. These techniques may include practices that involve the teacher directing a student to briefly leave the classroom to give the student an opportunity to regain his or her composure and self-control in an alternative setting. Such practices may include, but are not limited to: (1) short-term "time out" in an elementary classroom or in an administrator's office; (2) sending a student into the hallway briefly; (3) sending a student to the principal's office for the remainder of the class time only; or (4) sending a student to a guidance counselor or other district staff member for counseling. Time-honored classroom management techniques such as these do not constitute disciplinary removals for purposes of this code.

On occasion, a student's behavior may become disruptive. For purposes of this code of conduct, a disruptive student is a student who is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom. A substantial disruption of the educational process or substantial interference with a teacher's authority occurs when a student demonstrates a persistent unwilling-

ness to comply with the teacher's instructions or repeatedly violates the teacher's classroom behavior rules.

A classroom teacher may remove a disruptive student from class for up to two days. The removal from class applies to the class of the removing teacher only.

If the disruptive student does not pose a danger or ongoing threat of disruption to the academic process, the teacher must provide the student with an explanation for why he or she is being removed and an opportunity to explain his or her version of the relevant events before the student is removed. Only after the informal discussion may a teacher remove a student from class.

If the student poses a danger or ongoing threat of disruption, the teacher may order the student to be removed immediately. The teacher must, however, explain to the student why he or she was removed from the classroom and give the student a chance to present his or her version of the relevant events within 24-hours.

The teacher must complete a district-established disciplinary removal form and meet with the principal or his or her designee as soon as possible, but no later than the end of the school day, to explain the circumstances of the removal and to present the removal form. If the principal or designee is not available by the end of the same school day, the teacher must leave the form with the secretary and meet with the principal or designee prior to the beginning of classes on the next school day.

Within 24-hours after the student's removal, the principal or another district administrator designated by the principal must notify the student's parents, in writing, that the student has been removed from class and why. The notice must also inform the parent that he or she has the right, upon request, to meet informally with the principal or the principal's designee to discuss the reasons for the removal.

The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the student's removal at the last known address for the parents. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents.

The principal may require the teacher who ordered the removal to attend the informal conference.

If at the informal meeting the student denies the charges, the principal or the principal's designee must explain why the student was removed and give the student and the student's parents a chance to present the student's version of the relevant events. The informal meeting must be held within 48 hours of the student's removal. The timing of the informal meeting may be extended by mutual agreement of the parent and principal.

The principal or the principal's designee may overturn the removal of the student from class if the principal finds any one of the following:

1. The charges against the student are not supported by substantial evidence.
2. The student's removal is otherwise in violation of law, including the district's code of conduct.
3. The conduct warrants suspension from school pursuant to Education Law §3214 and a suspension will be imposed.

The principal or his or her designee may overturn a removal at any point between receiving the referral form issued by the teacher and the close of business on the day following the 48-hour period for the informal conference, if a conference is requested. No student removed from the classroom by the

classroom teacher will be permitted to return to the classroom until the principal makes a final determination, or the period of removal expires, whichever is less.

Any disruptive student removed from the classroom by the classroom teacher shall be offered continued educational programming and activities until he or she is permitted to return to the classroom.

Each teacher must keep a complete log (on a district provided form) for all cases of removal of students from his or her class. The principal must keep a log of all removals of students from class.

Removal of a student with a disability, under certain circumstances, may constitute a change in the student's placement. Accordingly, no teacher may remove a student with a disability from his or her class until he or she has verified with the principal or the chairperson of the Committee on Special Education that the removal will not violate the student's rights under state or federal law or regulation.

6. Suspension from school

Suspension from school is a severe penalty, which may be imposed only upon students who are insubordinate, disorderly, violent or disruptive, or whose conduct otherwise endangers the safety, morals, health or welfare of others.

The board retains its authority to suspend students, but places primary responsibility for the suspension of students with the superintendent and the building principals.

Any staff member may recommend to the superintendent or the principal that a student be suspended. All staff members must immediately report and refer a violent student to the principal or the superintendent for a violation of the code of conduct. All recommendations and referrals shall be made in writing unless the conditions underlying the recommendation or referral warrant immediate attention. In such cases a written report is to be prepared as soon as possible by the staff member recommending the suspension.

The superintendent or principal, upon receiving a recommendation or referral for suspension or when processing a case for suspension, shall gather the facts relevant to the matter and record them for subsequent presentation, if necessary.

a. Short-term (5 days or less) suspension from school

When the superintendent or principal (referred to as the "suspending authority") proposes to suspend a student charged with misconduct for five days or less pursuant to Education Law §3214(3), the suspending authority must immediately notify the student orally. If the student denies the misconduct, the suspending authority must provide an explanation of the basis for the proposed suspension. The suspending authority must also notify the student's parents in writing that the student may be suspended from school. The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the decision to propose suspension at the last known address for the parents. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting the parents.

The notice shall provide a description of the charges against the student and the incident for which suspension is proposed and shall inform the parents of the right to request an immediate informal conference with the principal. Both the notice and informal conference shall be in the dominant language or mode of communication used by the parents. At the conference, the parents shall be permitted to ask questions of complaining witnesses

under such procedures as the principal may establish.

The notice and opportunity for an informal conference shall take place before the student is suspended unless the student's presence in school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process. If the student's presence does pose such a danger or threat of disruption, the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practicable.

After the conference, the principal shall promptly advise the parents in writing of his or her decision. The principal shall advise the parents that if they are not satisfied with the decision and wish to pursue the matter, they must file a written appeal to the superintendent within five business days, unless they can show extraordinary circumstances precluding them from doing so. The superintendent shall issue a written decision regarding the appeal within 10 business days of receiving the appeal. If the parents are not satisfied with the superintendent's decision, they must file a written appeal to the board of education with the district clerk within 10 business days of the date of the superintendent's decision, unless they can show extraordinary circumstances precluding them from doing so. Only final decisions of the Board may be appealed to the Commissioner within 30 days of the decision.

b. Long-term (more than 5 days) suspension from school

When the superintendent or building principal determines that a suspension for more than five days may be warranted, he or she shall give reasonable notice to the student and the student's parents of their right to a fair hearing. At the hearing the student shall have the right to be represented by counsel, the right to question witnesses against him or her and the right to present witnesses and other evidence on his or her behalf.

The superintendent shall personally hear and determine the proceeding or may, in his or her discretion, designate a hearing officer to conduct the hearing. The hearing officer shall be authorized to administer oaths and to issue subpoenas in conjunction with the proceeding before him or her. A record of the hearing shall be maintained, but no stenographic transcript shall be required. A tape recording shall be deemed a satisfactory record. The hearing officer shall make findings of fact and recommendations as to the appropriate measure of discipline to the superintendent. The report of the hearing officer shall be advisory only, and the superintendent may accept all or any part thereof.

An appeal of the decision of the superintendent may be made to the board that will make its decision based solely upon the record before it. All appeals to the board must be in writing and submitted to the district clerk within 10 business days of the date of the superintendent's decision, unless the parents can show that extraordinary circumstances precluded them from doing so. The board may adopt in whole or in part the decision of the superintendent. Final decisions of the board may be appealed to the Commissioner within 30 days of the decision.

c. Permanent suspension

Permanent suspension is reserved for extraordinary circumstances such as where a student's conduct poses a life-threatening danger to the safety and well-being of other students, school personnel or any other person lawfully on school property or attending a school function.

D. Minimum Periods of Suspension

1. Students who bring a weapon to school

Any student, other than a student with a disability, found guilty of bringing a weapon onto school property will be subject to

suspension from school for at least one calendar year. Before being suspended, the student will have an opportunity for a hearing pursuant to Education Law §3214. The superintendent has the authority to modify the one-year suspension on a case-by-case basis. In deciding whether to modify the penalty, the superintendent may consider the following:

1. The student's age.
2. The student's grade in school.
3. The student's prior disciplinary record.
4. The superintendent's belief that other forms of discipline may be more effective.
5. Input from parents, teachers and/or others.
6. Other extenuating circumstances.

A student with a disability may be suspended only in accordance with the requirements of state and federal law.

2. Students who commit violent acts other than bringing a weapon to school

Any student, other than a student with a disability, who is found to have committed a violent act, other than bringing a weapon onto school property, shall be subject to suspension from school for at least five days. If the proposed penalty is the minimum five-day suspension, the student and the student's parents will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parents will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

3. Students who are repeatedly substantially disruptive of the educational process or repeatedly substantially interferes with the teacher's authority over the classroom

Any student, other than a student with a disability, who repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom will be suspended from school for at least five days. For purposes of this code of conduct, "repeatedly is substantially disruptive" means engaging in conduct that results in the student being removed from the classroom by teacher(s) pursuant to Education Law §3214(3-a) and this code on four or more occasions during a semester, or three or more occasions during a trimester. If the proposed penalty is the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

E. Referrals

1. Counseling
The Guidance Office shall handle all referrals of students to counseling.
2. PINS Petitions
The district may file a PINS (person in need of supervision) petition in Family Court on any student under the age of 18 who demonstrates that he or she requires supervision and treatment by:

- a. Being habitually truant and not attending school as required by part one of Article 65 of the Education Law.
- b. Engaging in an ongoing or continual course of conduct which makes the student ungovernable, or habitually disobedient and beyond the lawful control of the school.
- c. Knowingly and unlawfully possesses marijuana in violation of Penal Law § 221.05. A single violation of § 221.05 will be a sufficient basis for filing a PINS petition.

3. Juvenile Delinquents and Juvenile Offenders

The superintendent is required to refer the following students to the County Attorney for a juvenile delinquency proceeding before the Family Court:

- a. Any student under the age of 16 who is found to have brought a weapon to school, or
- b. Any student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedure Law §1.20 (42).

The superintendent is required to refer students age 16 and older or any student 14 or 15 years old who qualifies for juvenile offender status to the appropriate law enforcement authorities.

X. ALTERNATIVE INSTRUCTION

When a student of any age is removed from class by a teacher or a student of compulsory attendance age is suspended from school pursuant to Education Law §3214, the district will take immediate steps to provide alternative means of instruction for the student.

XI. CORPORAL PUNISHMENT

Corporal punishment is any act of physical force upon a student for the purpose of punishing that student. Corporal punishment of any student by any district employee is strictly forbidden.

However, in situations where alternative procedures and methods that do not involve the use of physical force cannot reasonably be used, reasonable physical force may be used to:

1. Protect oneself, another student, teacher or any person from physical injury.
2. Protect the property of the school or others.
3. Restrain or remove a student whose behavior interferes with the orderly exercise and performance of school district functions, powers and duties, if that student has refused to refrain from further disruptive acts.

The district will file all complaints about the use of corporal punishment with the Commissioner of Education in accordance with Commissioner's regulations.

XII. STUDENT SEARCHES AND INTERROGATIONS

The board of education is committed to ensuring an atmosphere on school property and at school functions that is safe and orderly. To achieve this kind of environment, any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or the district code of conduct. Students are not entitled to any sort of "Miranda"-type warning before being questioned by school officials, nor are school officials required to contact a student's parent before questioning the student. However, school officials will tell all students why they are being questioned.

In addition, the board authorizes the superintendent, building principals, the school nurse and district security officials to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will result in evidence that the student violated the law or the district code of conduct.

An authorized school official may conduct a search of a student's belongings that is minimally intrusive, such as touching the outside of a book bag, without reasonable suspicion, so long as the school official has a legitimate reason for the very limited search.

An authorized school official may search a student or the student's belongings based upon information received from a reliable informant. Individuals, other than the district employees, will be considered reliable informants if they have previously supplied information that was accurate

and verified, or they make an admission against their own interest, or they provide the same information that is received independently from other sources, or they appear to be credible and the information they are communicating relates to an immediate threat to safety. District employees will be considered reliable informants unless they are known to have previously supplied information that they knew was not accurate.

Before searching a student or the student's belongings, the authorized school official should attempt to get the student to admit that he or she possesses physical evidence that they violated the law or the district code, or get the student to voluntarily consent to the search. Searches will be limited to the extent necessary to locate the evidence sought.

Whenever practicable, searches will be conducted in the privacy of administrative offices and students will be present when their possessions are being searched.

A. Student Lockers, Desks and other School Storage Places

The District retains the right to conduct random locker searches to further the special needs of school security, to ensure the safety of students, faculty and staff and to prevent disruptions to the learning environment. Additionally, the district recognizes the deterrent effect that these searches have. This means that student lockers, desks and other school storage places may be subject to search at any time by school officials, without prior notice to students and without their consent.

B. Police Involvement in Searches and Interrogations of Students

District officials are committed to cooperating with police officials and other law enforcement authorities to maintain a safe school environment. Police officials, however, have limited authority to interview or search students in schools or at school functions, or to use school facilities in connection with police work. Police officials may enter school property or a school function to question or search a student or to conduct a formal investigation involving students only if they have:

1. A search or an arrest warrant; or
2. Probable cause to believe a crime has been committed on school property or at a school function; or
3. Been invited by school officials.

Before police officials are permitted to question or search any student, the building principal or his or her designee shall first try to notify the student's parent to give the parent the opportunity to be present during the police questioning or search. If the student's parent cannot be contacted prior to the police questioning or search, the questioning or search shall not be conducted. The principal or designee will also be present during any police questioning or search of a student on school property or at a school function.

Students who are questioned by police officials on school property or at a school function will be afforded the same rights they have outside the school. This means:

1. They must be informed of their legal rights.
2. They may remain silent if they so desire.
3. They may request the presence of an attorney.

C. Child Protective Services Investigations

Consistent with the district's commitment to keep students safe from harm and the obligation of school officials to report to child protective services when they have reasonable cause to suspect that a student has been abused or maltreated, the district will cooperate with local child protective services workers who wish to conduct interviews of students on school property relating to allegations of suspected child abuse, and/or neglect, or custody investigations.

All requests by child protective services to interview a student on school property shall be made directly to building principal or his or her designee. The principal or his or her designee shall set the time and place of the interview. The principal or designee shall decide if it is necessary and appropriate for a school official to be present during the interview, depending on the age of the student being interviewed and the nature of the allegations. If the nature

of the allegations is such that it may be necessary for the student to remove any of his or her clothing in order for the child protective services worker to verify the allegations, the school nurse or other district medical personnel must be present during that portion of the interview. No student may be required to remove his or her clothing in front of a child protective services worker or school district official of the opposite sex.

A child protective services worker may not remove a student from school property without a court order, unless the worker reasonably believes that the student would be subject to danger of abuse if not he or she were not removed from school before a court order can reasonably be obtained. If the worker believes the student would be subject to danger of abuse, the worker may remove the student without a court order and without the parent's consent.

XIII. VISITORS TO THE SCHOOLS

The board encourages parents and other district citizens to visit the district's schools and classrooms to observe the work of students, teachers and other staff. Since schools are a place of work and learning, however, certain limits must be set for such visits. The building principal or his or her designee is responsible for all persons in the building and on the grounds. For these reasons, the following rules apply to visitors to the schools:

1. Anyone who is not a regular staff member or student of the school will be considered a visitor.
2. All visitors must sign the visitors book at the front entrance. If no one is there, the visitor must report to the Main Office to sign in. Anyone visiting a secondary student must first secure permission from the Building Principal. All visitors must be issued and must wear a visitor's identification badge. All visitors must sign out and return the badge upon leaving the premises.
3. Visitors attending school functions that are open to the public, such as parent-teacher organization meetings or public gatherings, are not required to register.
4. Parents or citizens who wish to visit a classroom while school is in session are required to arrange such visits in advance with the principal and classroom teacher(s), so that class disruption is kept to a minimum. Visitation requests are subject to the discretion of the building administrator.
5. Teachers are expected not to take class time to discuss individual matters with visitors.
6. Any unauthorized person on school property will be reported to the principal or his or her designee. Unauthorized persons will be asked to leave. The police may be called if the situation warrants.
7. All visitors are expected to abide by the rules for public conduct on school property contained in this code of conduct.

XIV. PUBLIC CONDUCT ON SCHOOL PROPERTY

The district is committed to providing an orderly, respectful environment that is conducive to learning. To create and maintain this kind of an environment, it is necessary to regulate public conduct on school property and at school functions. For purposes of this section of the code, "public" shall mean all persons when on school property or attending a school function including students, teachers and district personnel.

The restrictions on public conduct on school property and at school functions contained in this code are not intended to limit freedom of speech or peaceful assembly. The district recognizes that free inquiry and free expression are indispensable to the objectives of the district. The purpose of this code is to maintain public order and prevent abuse of the rights of others.

All persons on school property or attending a school function shall conduct themselves in a respectful and orderly manner. In addition, all persons on school property or attending a school function are expected to be properly attired for the purpose they are on school property.

A. Prohibited Conduct

No person, either alone or with others, shall:

1. Intentionally injure any person or threaten to do so.
2. Intentionally damage or destroy school district property or

the personal property of a teacher, administrator, other district employee or any person lawfully on school property, including graffiti or arson.

3. Disrupt the orderly conduct of classes, school programs or other school activities.
4. Distribute or wear materials on school grounds or at school functions that are obscene, advocate illegal action, appear libelous, obstruct the rights of others, or are disruptive to the school program.
5. Intimidate, harass or discriminate against any person on the basis of race, color, ethnic group, national origin, religion, age, gender, sexual orientation, disability or weight.
6. Enter any portion of the school premises without authorization or remain in any building or facility after it is normally closed.
7. Obstruct the free movement of any person in any place to which this code applies.
8. Violate the traffic laws, parking regulations or other restrictions on vehicles.
9. Possess, consume, sell, distribute or exchange alcoholic beverages, controlled substances, or be under the influence of either on school property or at a school function.
10. Possess or use weapons in or on school property or at a school function, except in the case of law enforcement officers or except as specifically authorized by the school district.
11. Loiter on or about school property.
12. Use profane or lewd language.
13. Refuse to comply with any reasonable order of identifiable school district officials performing their duties.
14. Willfully incite others to commit any of the acts prohibited by this code.
15. Violate any federal or state statute, local ordinance or board policy while on school property or while at a school function.
16. Bring any animal onto the property except as part of the educational process, for safety/security or a guide animal and with approval of an administrator.

B. Penalties

Persons who violate this code shall be subject to the following penalties:

1. Visitors. Their authorization, if any, to remain on school grounds or at the school function shall be withdrawn and they shall be directed to leave the premises. If they refuse to leave, they shall be subject to ejection.
2. Students. They shall be subject to disciplinary action as the facts may warrant, in accordance with the due process requirements.
3. Tenured faculty members. They shall be subject to disciplinary action as the facts may warrant in accordance with Education Law §3020-a or any other legal rights that they may have.
4. In the case of a faculty member not having tenure, the superintendent will attend to the violation as agreed upon within the terms of the collective bargaining agreement.
5. Staff members in the classified service of the civil service entitled to the protection of Civil Service Law §75. They shall be subject to immediate ejection and to disciplinary action as the facts may warrant in accordance with Civil Service Law §75 or any other legal rights that they may have.
6. Staff members other than those described in subdivisions 4 and 5. They shall be subject to warning, reprimand, suspension or dismissal as the facts may warrant in accordance with any legal rights they may have.

C. Enforcement

The building principal or his or her designee shall be responsible for enforcing the conduct required by this code.

When the building principal or his or her designee sees an individual engaged in prohibited conduct, which in his or her judgment does not pose any immediate threat of injury to persons or property,

the principal or his or her designee shall tell the individual that the conduct is prohibited and attempt to persuade the individual to stop. The principal or his or her designee shall also warn the individual of the consequences for failing to stop. If the person refuses to stop engaging in the prohibited conduct, or if the person's conduct poses an immediate threat of injury to persons or property, the principal or his or her designee shall have the individual removed immediately from school property or the school function. If necessary, local law enforcement authorities will be contacted to assist in removing the person.

The district shall initiate disciplinary action against any student or staff member, as appropriate, with the "Penalties" section above. In addition, the district reserves its right to pursue a civil or criminal legal action against any person violating the code.

XV. DISSEMINATION AND REVIEW

A. Dissemination of Code of Conduct

The board will work to ensure that the community is aware of this code of conduct by:

1. Providing copies of a summary of the code to all students at a general assembly held at the beginning of each school year.
2. Making copies of the code available to all parents at the beginning of the school year.
3. Mailing a summary of the code of conduct written in plain language to all parents of district students before the beginning of the school year and making this summary available later upon request.
4. Providing all current teachers and other staff members with a copy of the code and a copy of any amendments to the code as soon as practicable after adoption.
5. Providing all new employees with a copy of the current code of conduct when they are first hired
6. Making copies of the code available for review by students, parents and other community members.

The board will sponsor an in-service education program for all district staff members to ensure the effective implementation of the code of conduct. The superintendent may solicit the recommendations of the district staff, particularly teachers and administrators, regarding in-service programs pertaining to the management and discipline of students.

The board of education will review this code of conduct every year and update it as necessary. In conducting the review, the board will consider how effective the code's provisions have been and whether the code has been applied fairly and consistently.

The board may appoint an advisory committee to assist in reviewing the code and the district's response to code of conduct violations. The committee will be made up of representatives of student, teacher, administrator, and parent organizations, school safety personnel and other school personnel.

Before adopting any revisions to the code, the board will hold at least one public hearing at which school personnel, parents, students and any other interested party may participate.

The code of conduct and any amendments to it will be filed with the Commissioner no later than 30 days after adoption.

Come and Visit Morning Program

If you haven't ever joined us, you should give us a try. If you have, we hope to see you again this year. It's fun, it's heartwarming and, without a doubt, "It's a great way to start the day!"

Morning Program will begin this year on Monday, September 8, from 8:10-8:30 a.m. Morning program will be on Mondays, Wednesdays and Fridays. We look forward to seeing our returning friends and, of course, can't wait to meet lots of new friends. When you arrive for Morning Program we do ask that you please go to the office and sign in before going to the gym.

September is the month that we get to know everyone. We will be introducing all staff members, new children to the District, all the kindergarten students, the Board of Education, as well as the Transportation Department Director and the bus drivers.

The basis of the Morning Program is to promote academics, values and positive attitudes. It is our purpose to provide a safe, healthy and happy environment through a variety of activities. We hope to encourage students to learn the skills and behaviors necessary to become productive citizens.

MORNING PROGRAM GOALS

1. Children in the Morning Program will start their day together as a cooperative community.
2. Children in the Morning Program will be happier about school and learning.
3. Children in the Morning Program will feel that they, as individuals, are an important part of our school.
4. Children in the Morning Program will take pride in their surroundings—whether they are in the classroom, school, home, or community.
5. Children in the Morning Program will be exposed to a variety of activities that will encourage a positive awareness of self and others.

We look forward to seeing our returning friends and are anxious to welcome the Kindergartners and their families to Morning Program. We think you'll agree, "It's a great way to start the day!"
