SUNY Broome - Macroeconomics	
Stock Market Project write-up	

1. Submit a copy of your portfolio from the final day of the project – Friday, May 3, 2019 or from the date when you sold all of your stocks (a print out from *howthemarketworks.com*). Do not wait until the day after as the game will be over and you will lose your information.

* Highlight or circle the amount of money you either made or lost.

2. Explain the details of your buying and selling of individual stocks and why you think you were successful or not. Include why you decided to buy each stock and why you chose to sell it/them when you did (For each individual stock you purchased and sold).

*Include the ledger used to record these transactions.

3. Explain overall why you think the price of your particular stocks changed over the past 2+ months. Be sure to use some economic theory (supply & demand, fiscal or monetary policy, etc.) as to why the prices went up or down. Try to find information in the news to help explain this as well. (For all of your stocks or the entirety of your investment)

*Be sure to keep track of what is happening to the economy and the stock market as a whole.

4. Explain your opinion of the stock market, what you have learned and how you think the market will affect you in the future. Be sure to include ideas and theories that you've learned throughout the semester. (200 words)

THE FINISHED PROJECT WILL BE DUE ON FRIDAY, MAY 10, 2019

2. Explain the details of your buying and selling of individual stocks and why you think you were successful or not.

Company (ticker symbol)	Price	Bought √	Sold √	Reason you bought/sold Successful or Not
		CHECK ONE		
	Company (ticker symbol)		(ticker symbol) √	(ticker symbol) $\sqrt{}$

Date	Company (ticker symbol)	Price	Bought √	Sold √	Reason you bought/sold Successful or Not
			CHECK ONE		

3. Explain overall why you think the price of your particular stocks changed over the past $2\frac{1}{2}$ months.

Date	What is happening with the economy? With the global economy? Within some important industries? With the stock market?
